

The background of the slide is a solid light red color. Overlaid on this is a large, irregular, rounded shape that resembles a blob. This shape is filled with a light yellow color and is outlined by numerous thin, concentric black lines, creating a layered or 'blob' effect. In the upper-left portion of this yellow blob, there is a white rectangular box containing text.

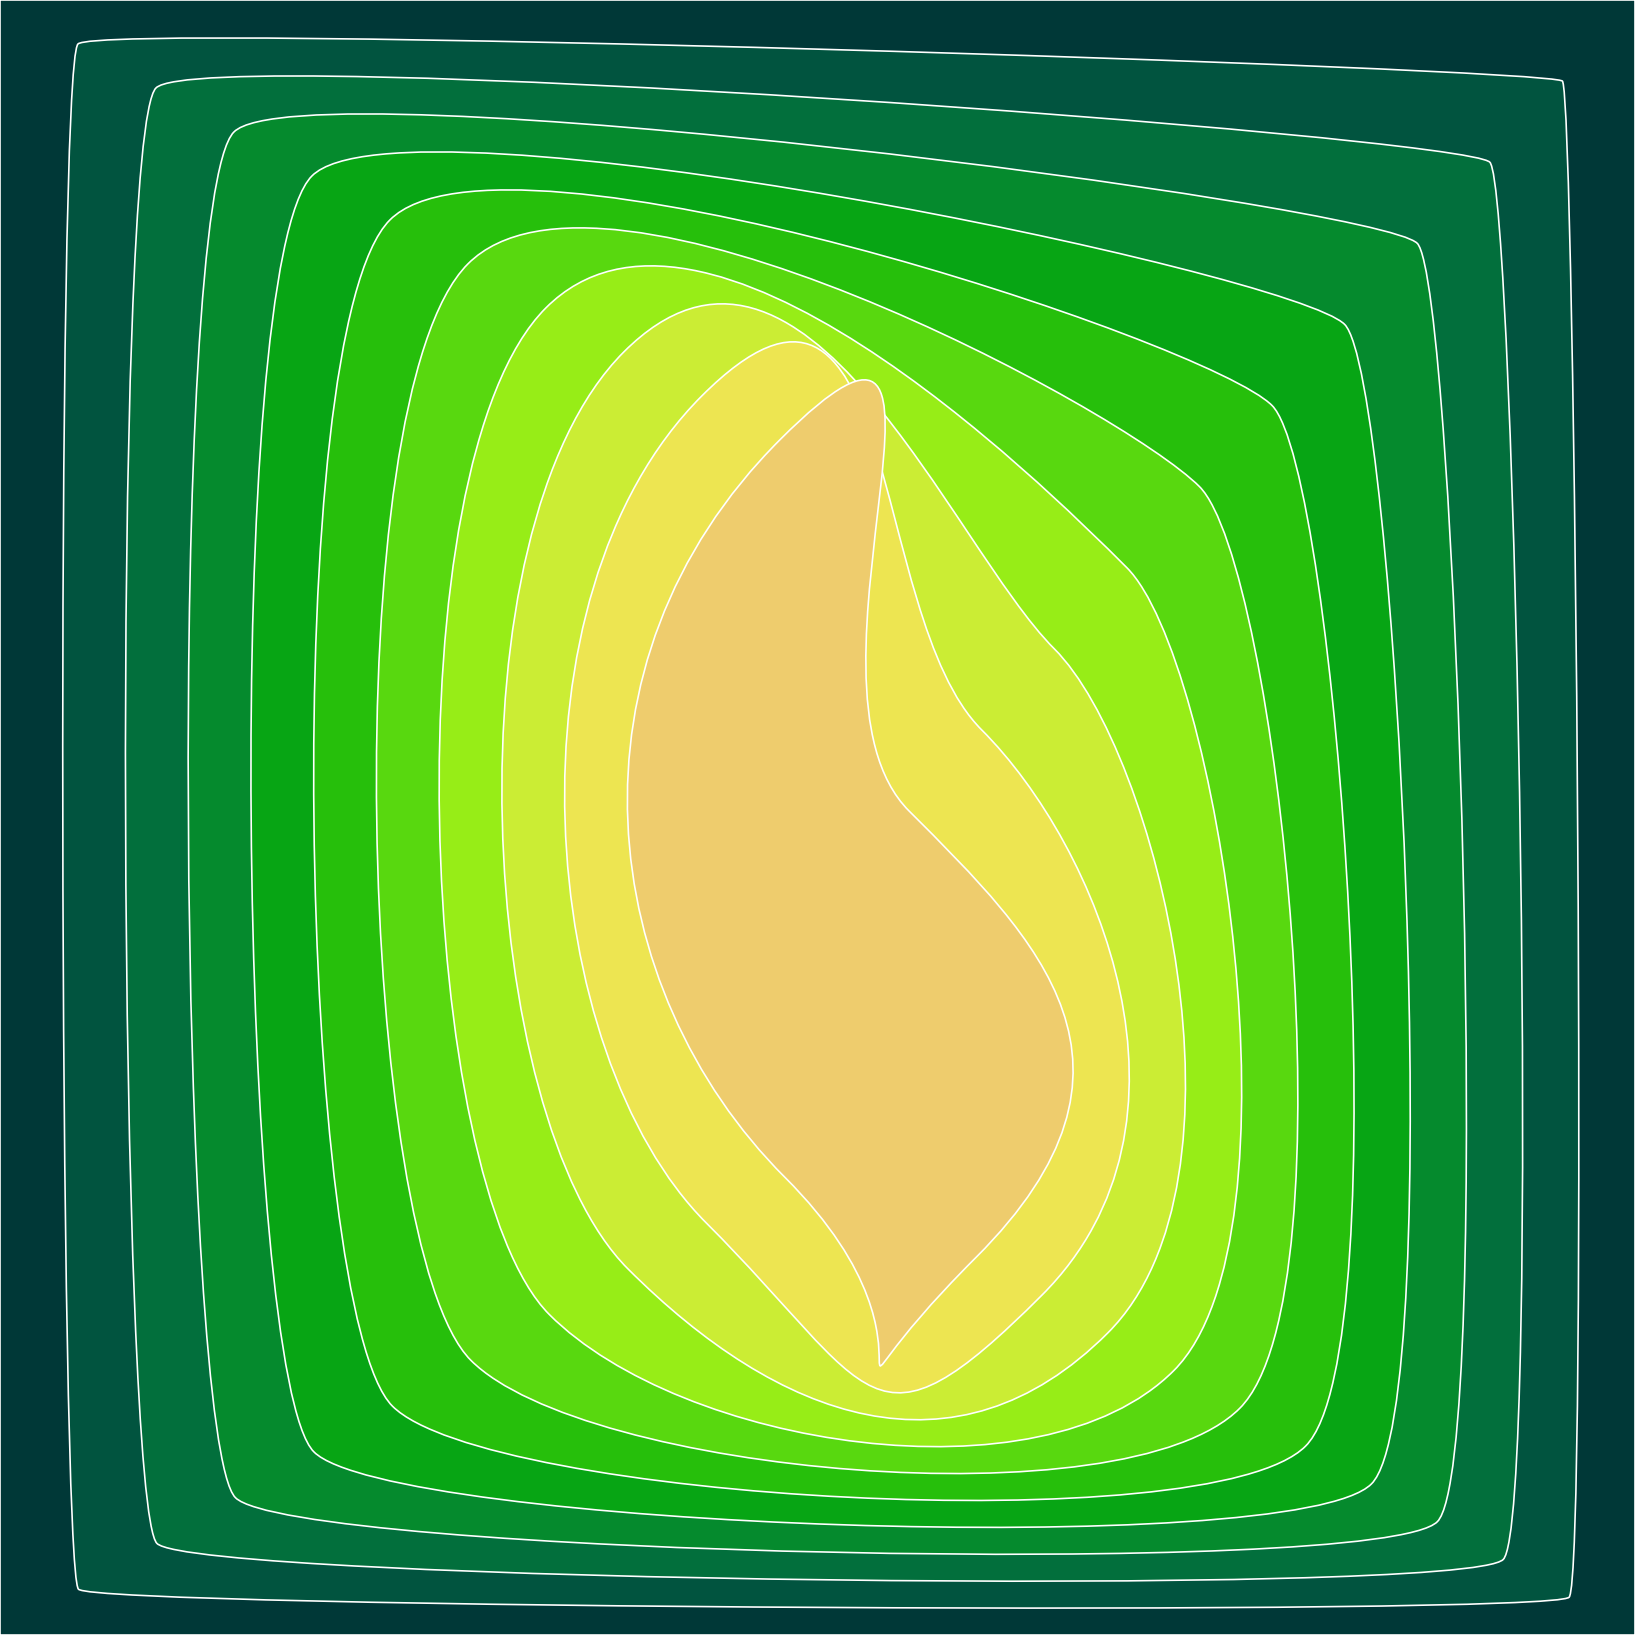

# 100 random blobs

April the 23rd, 2016 — Vasilis van Gemert

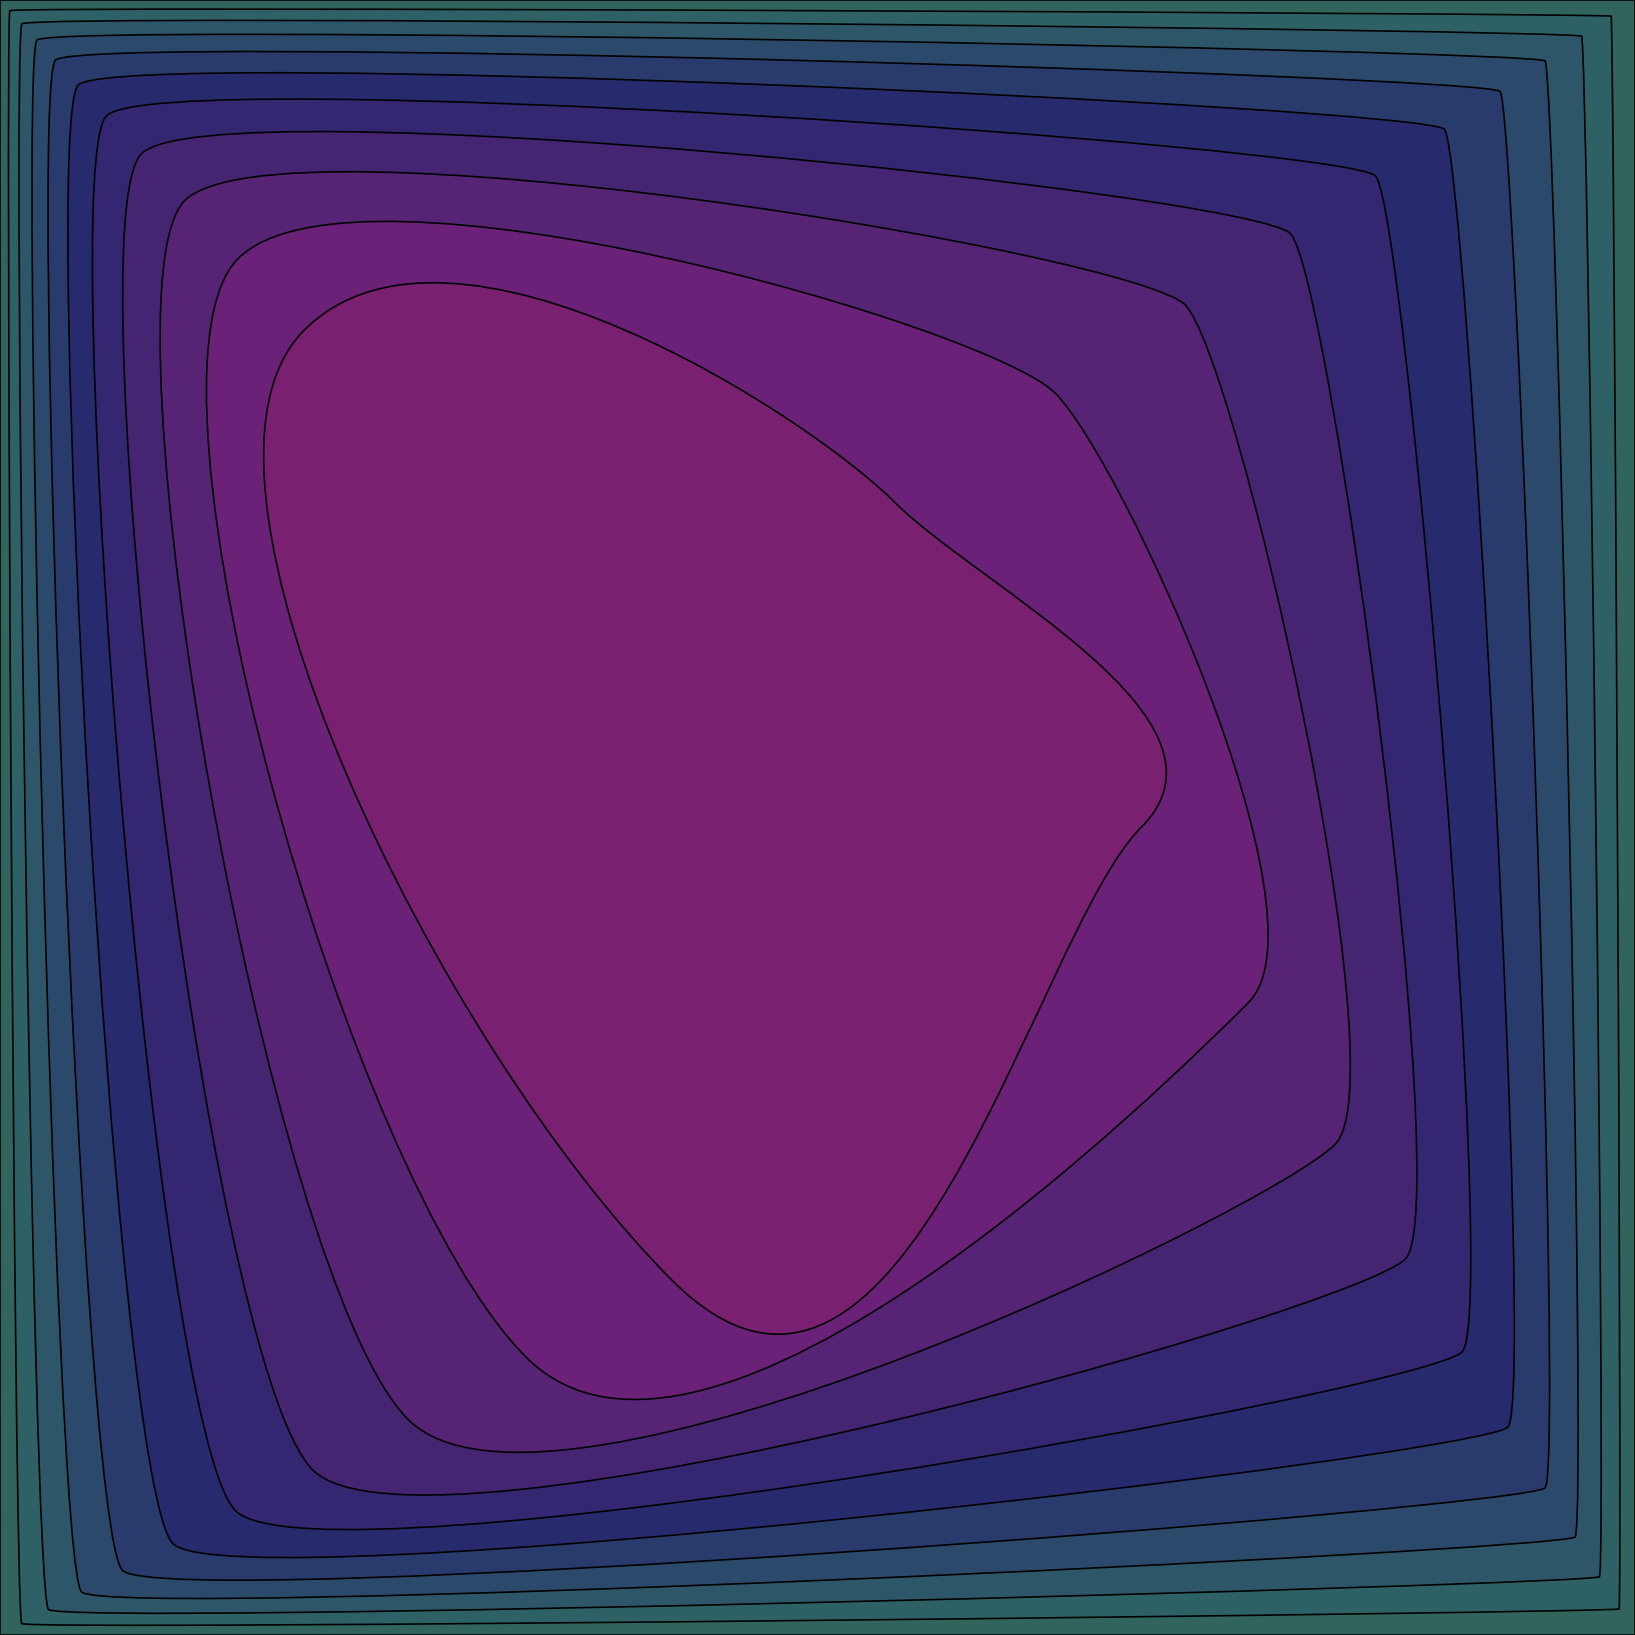

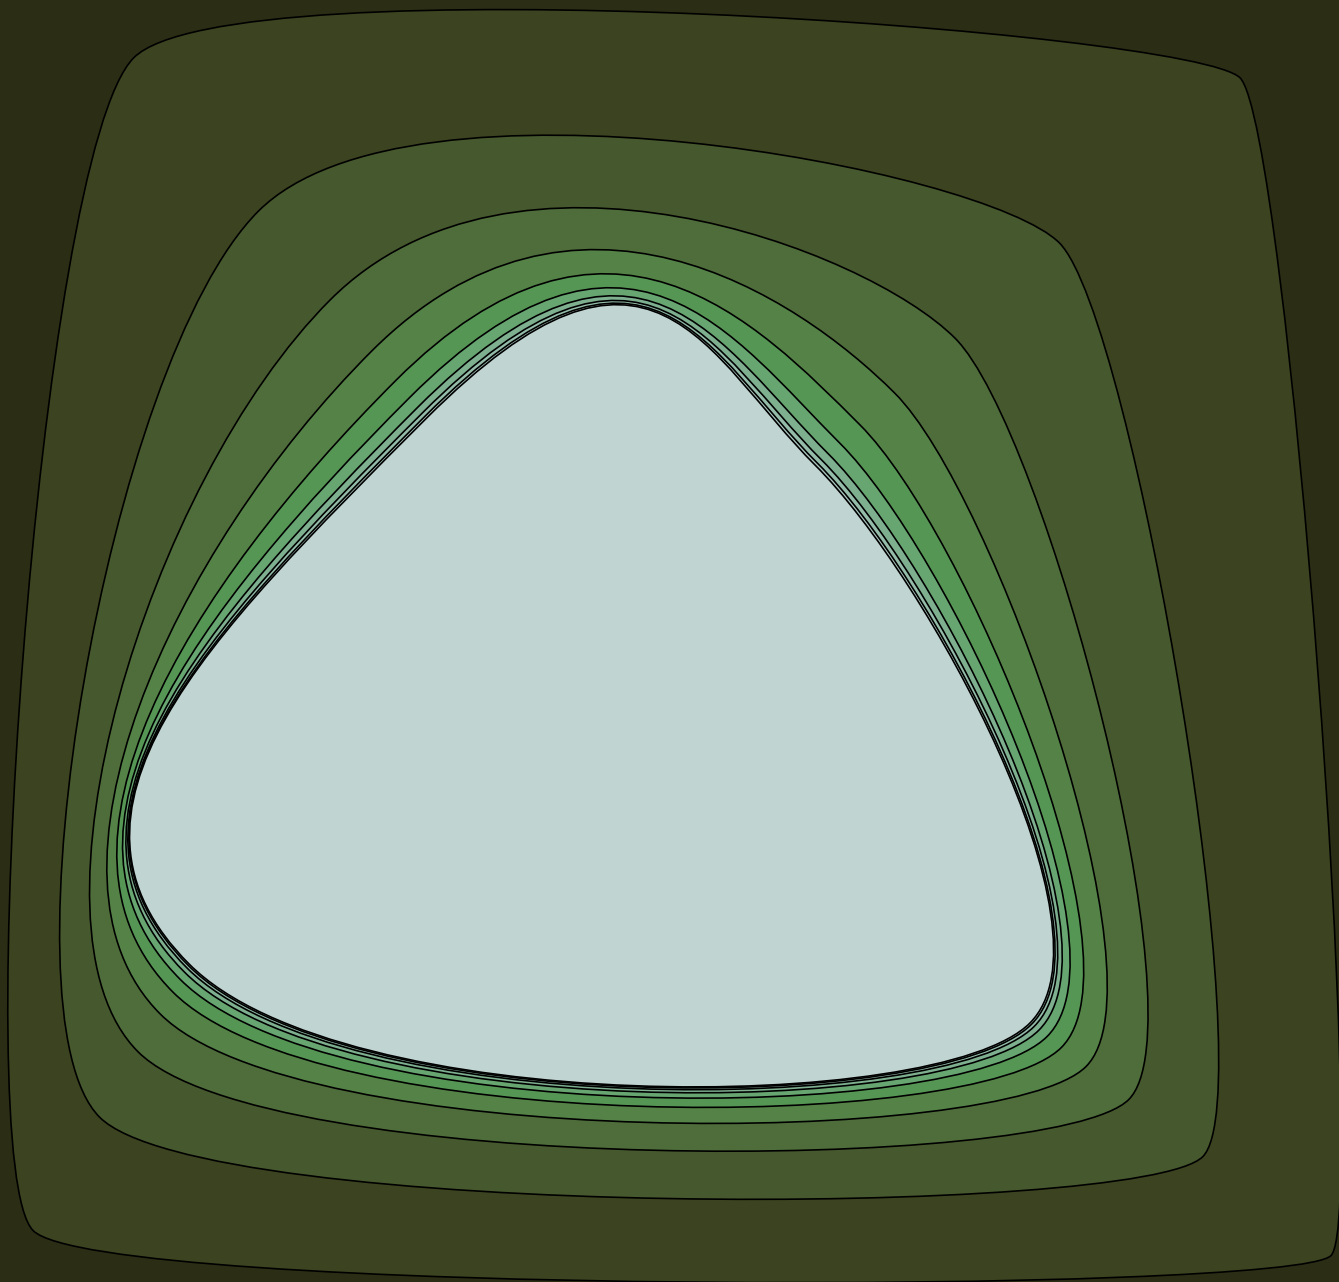

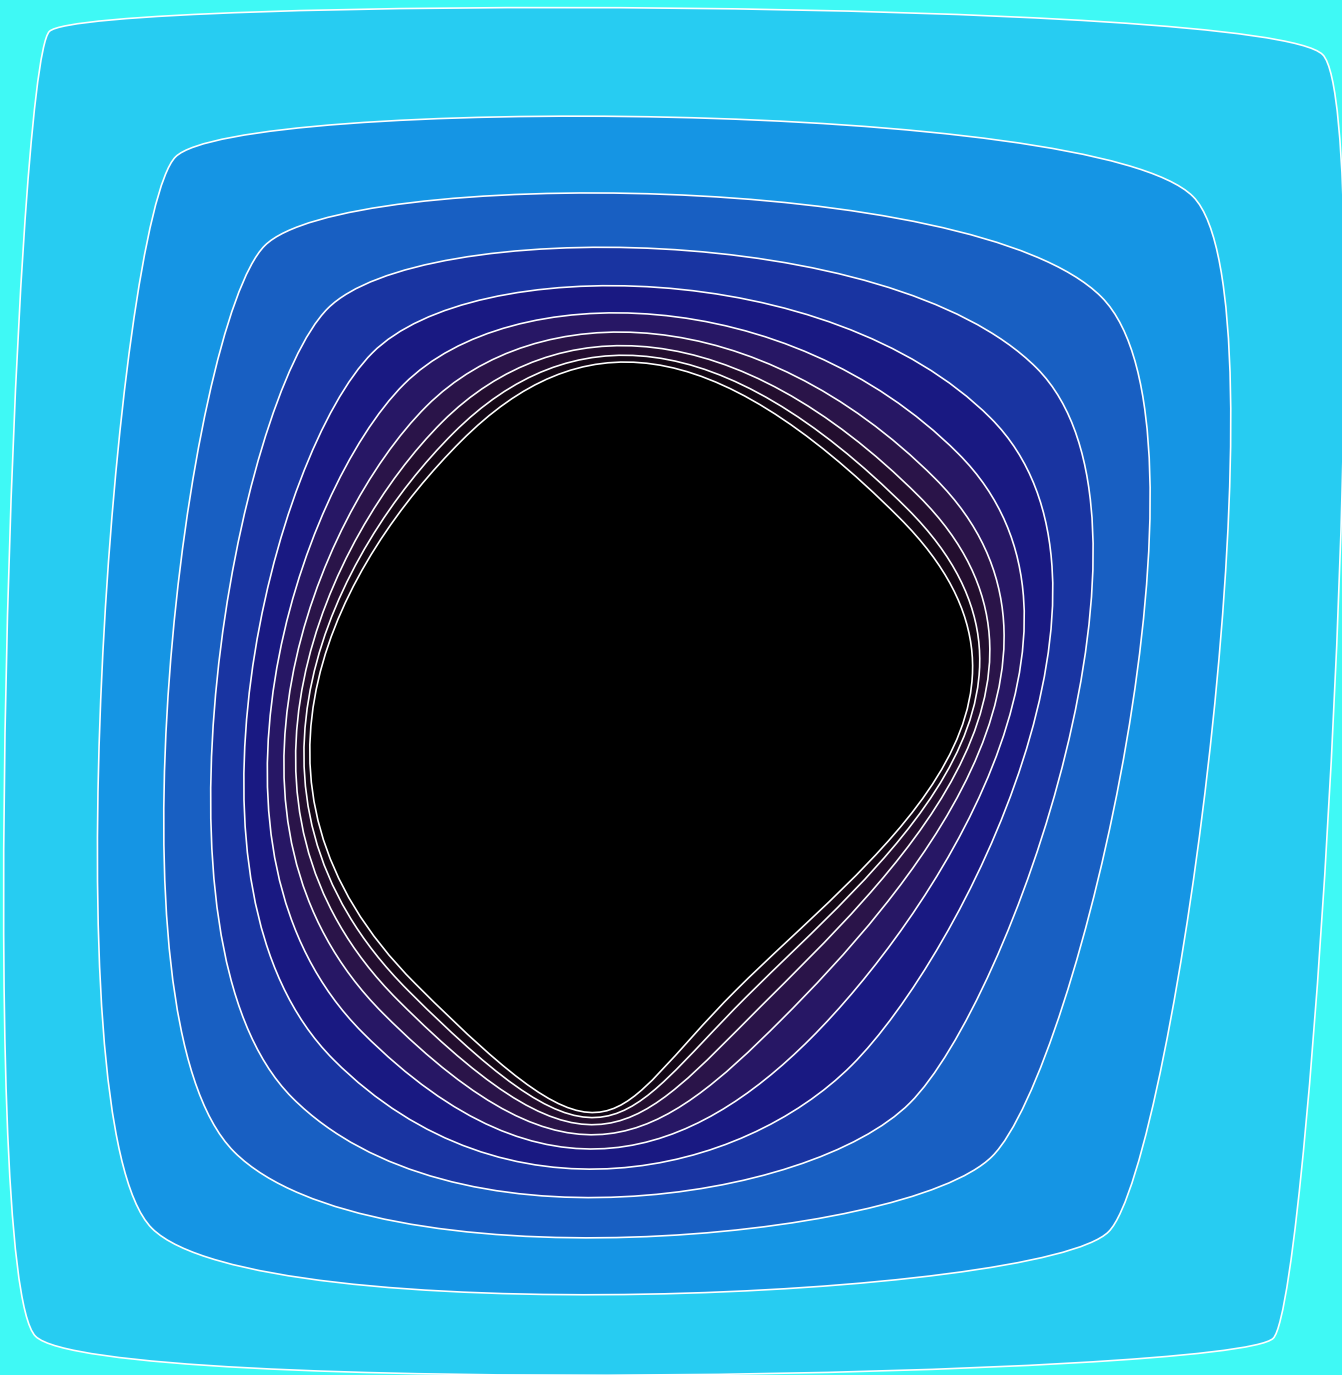

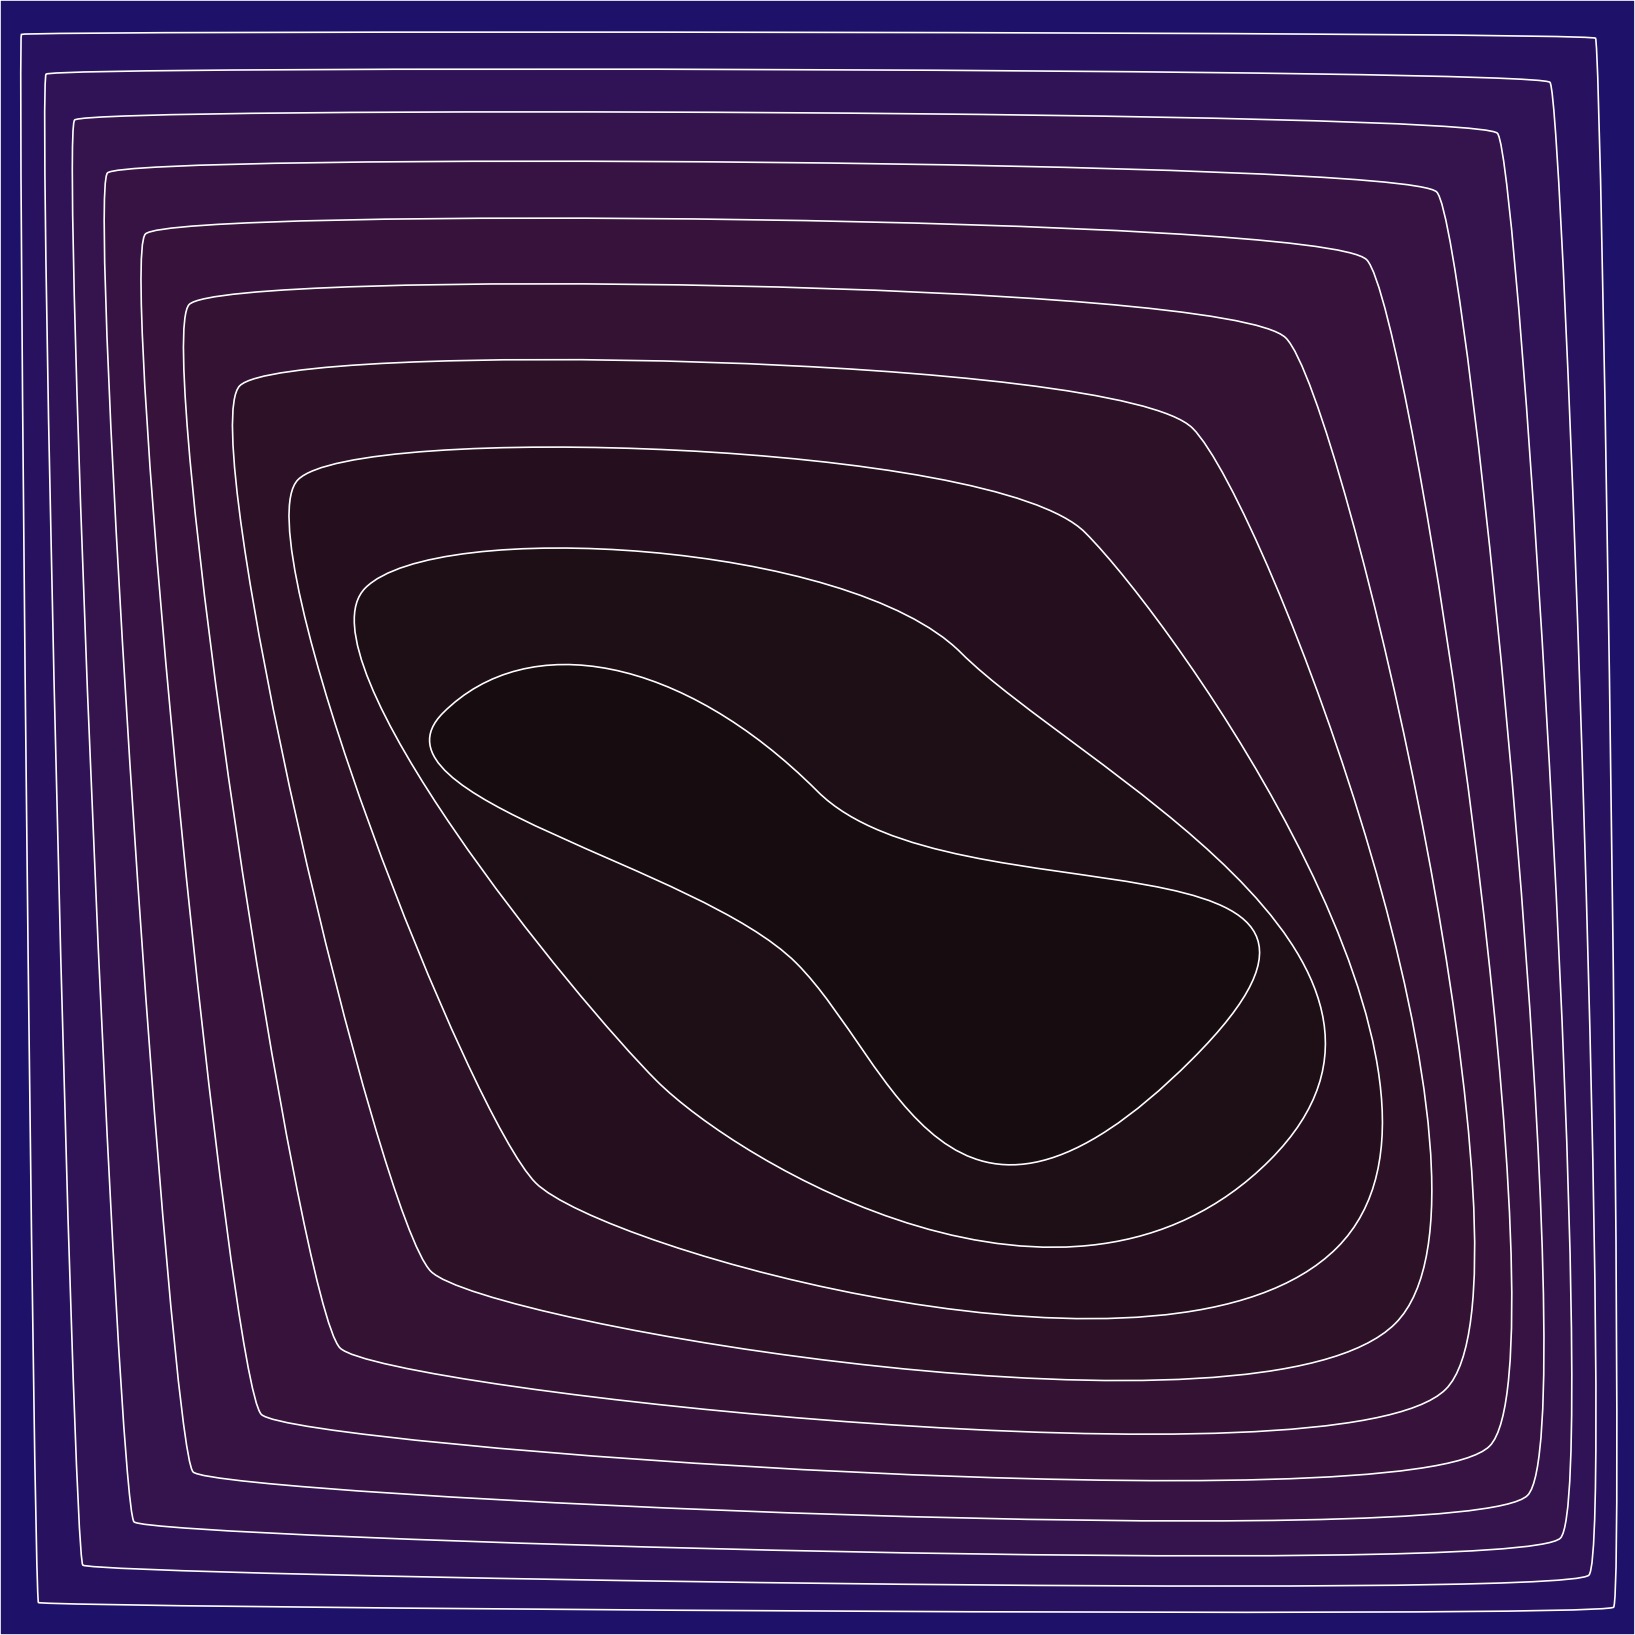

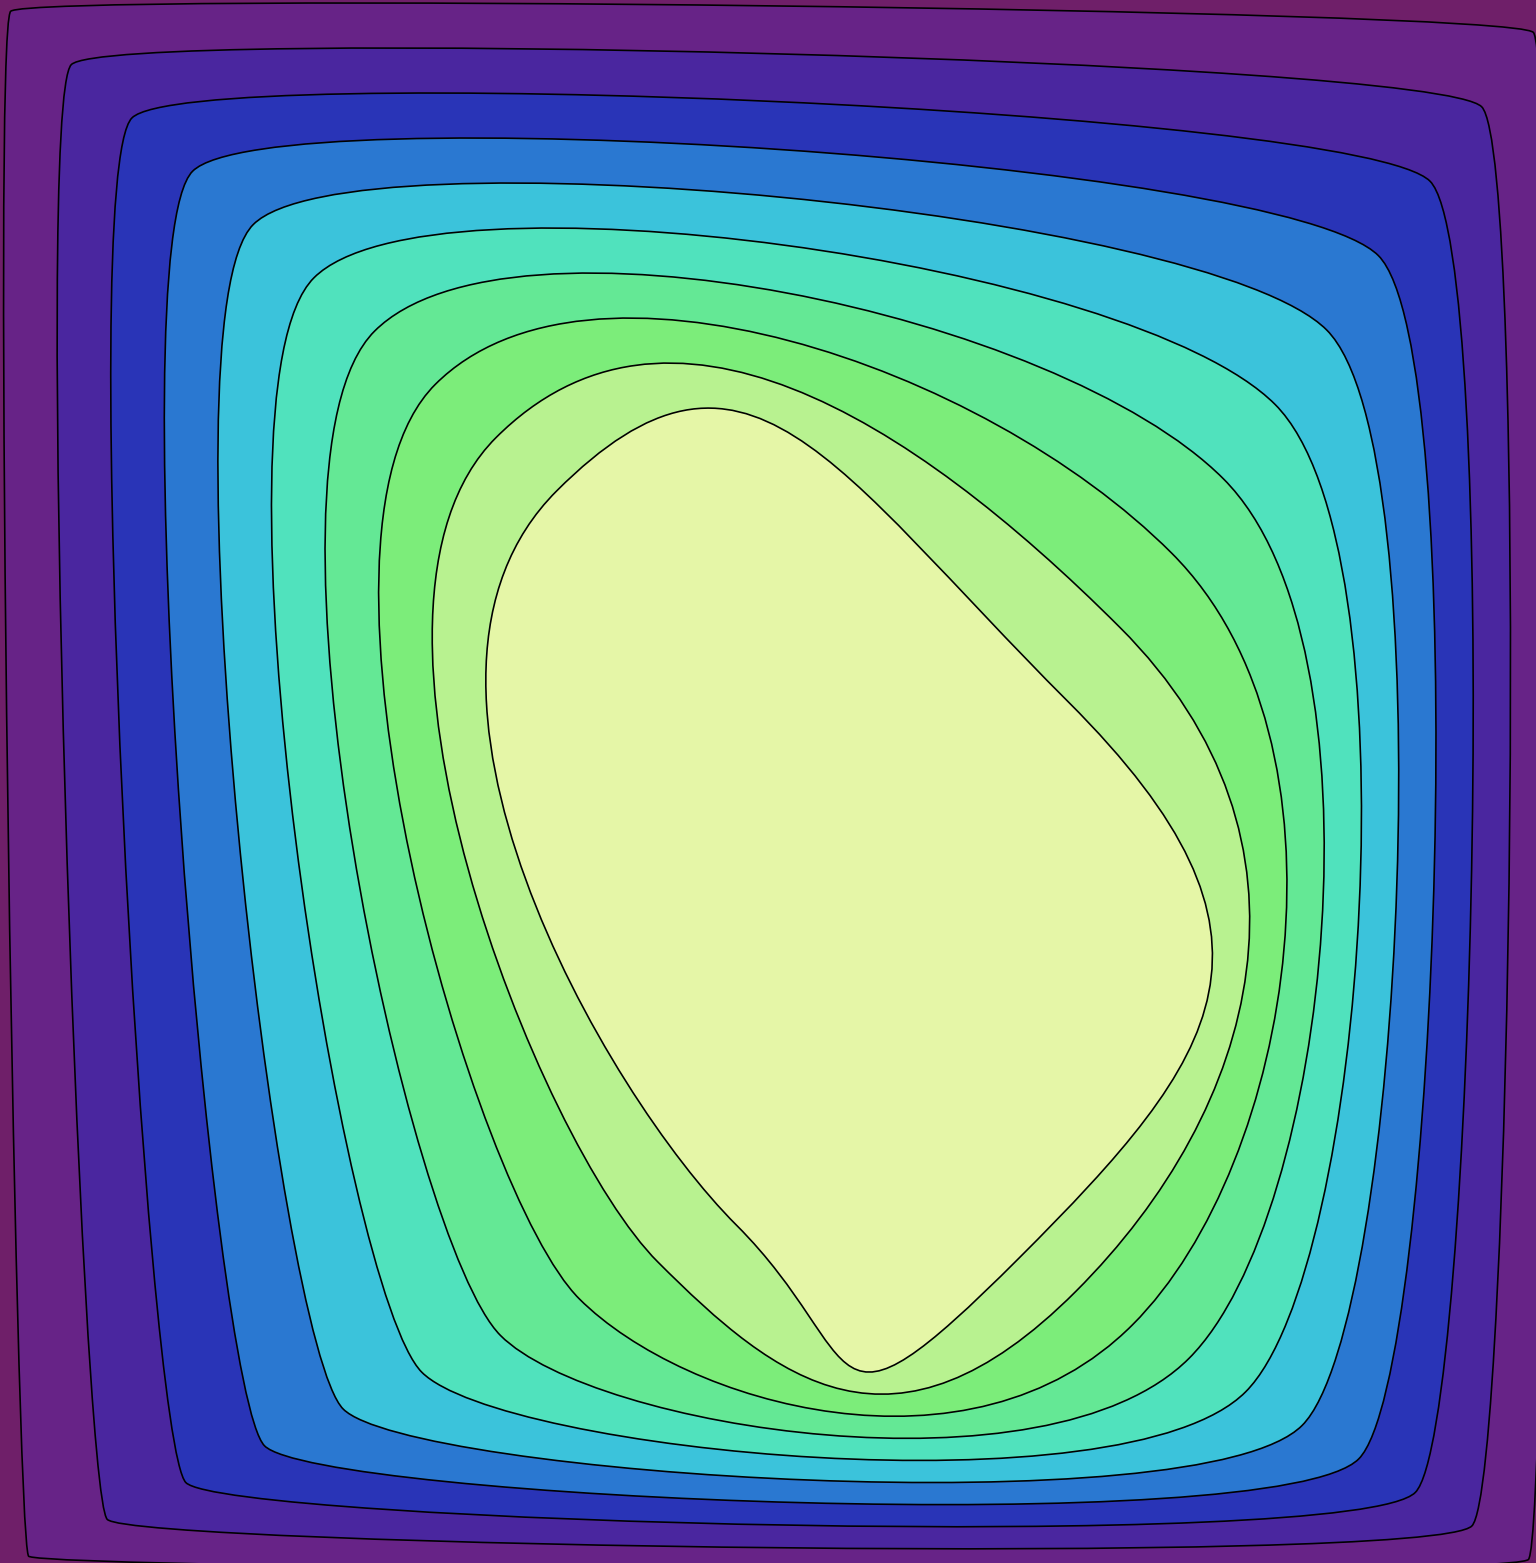

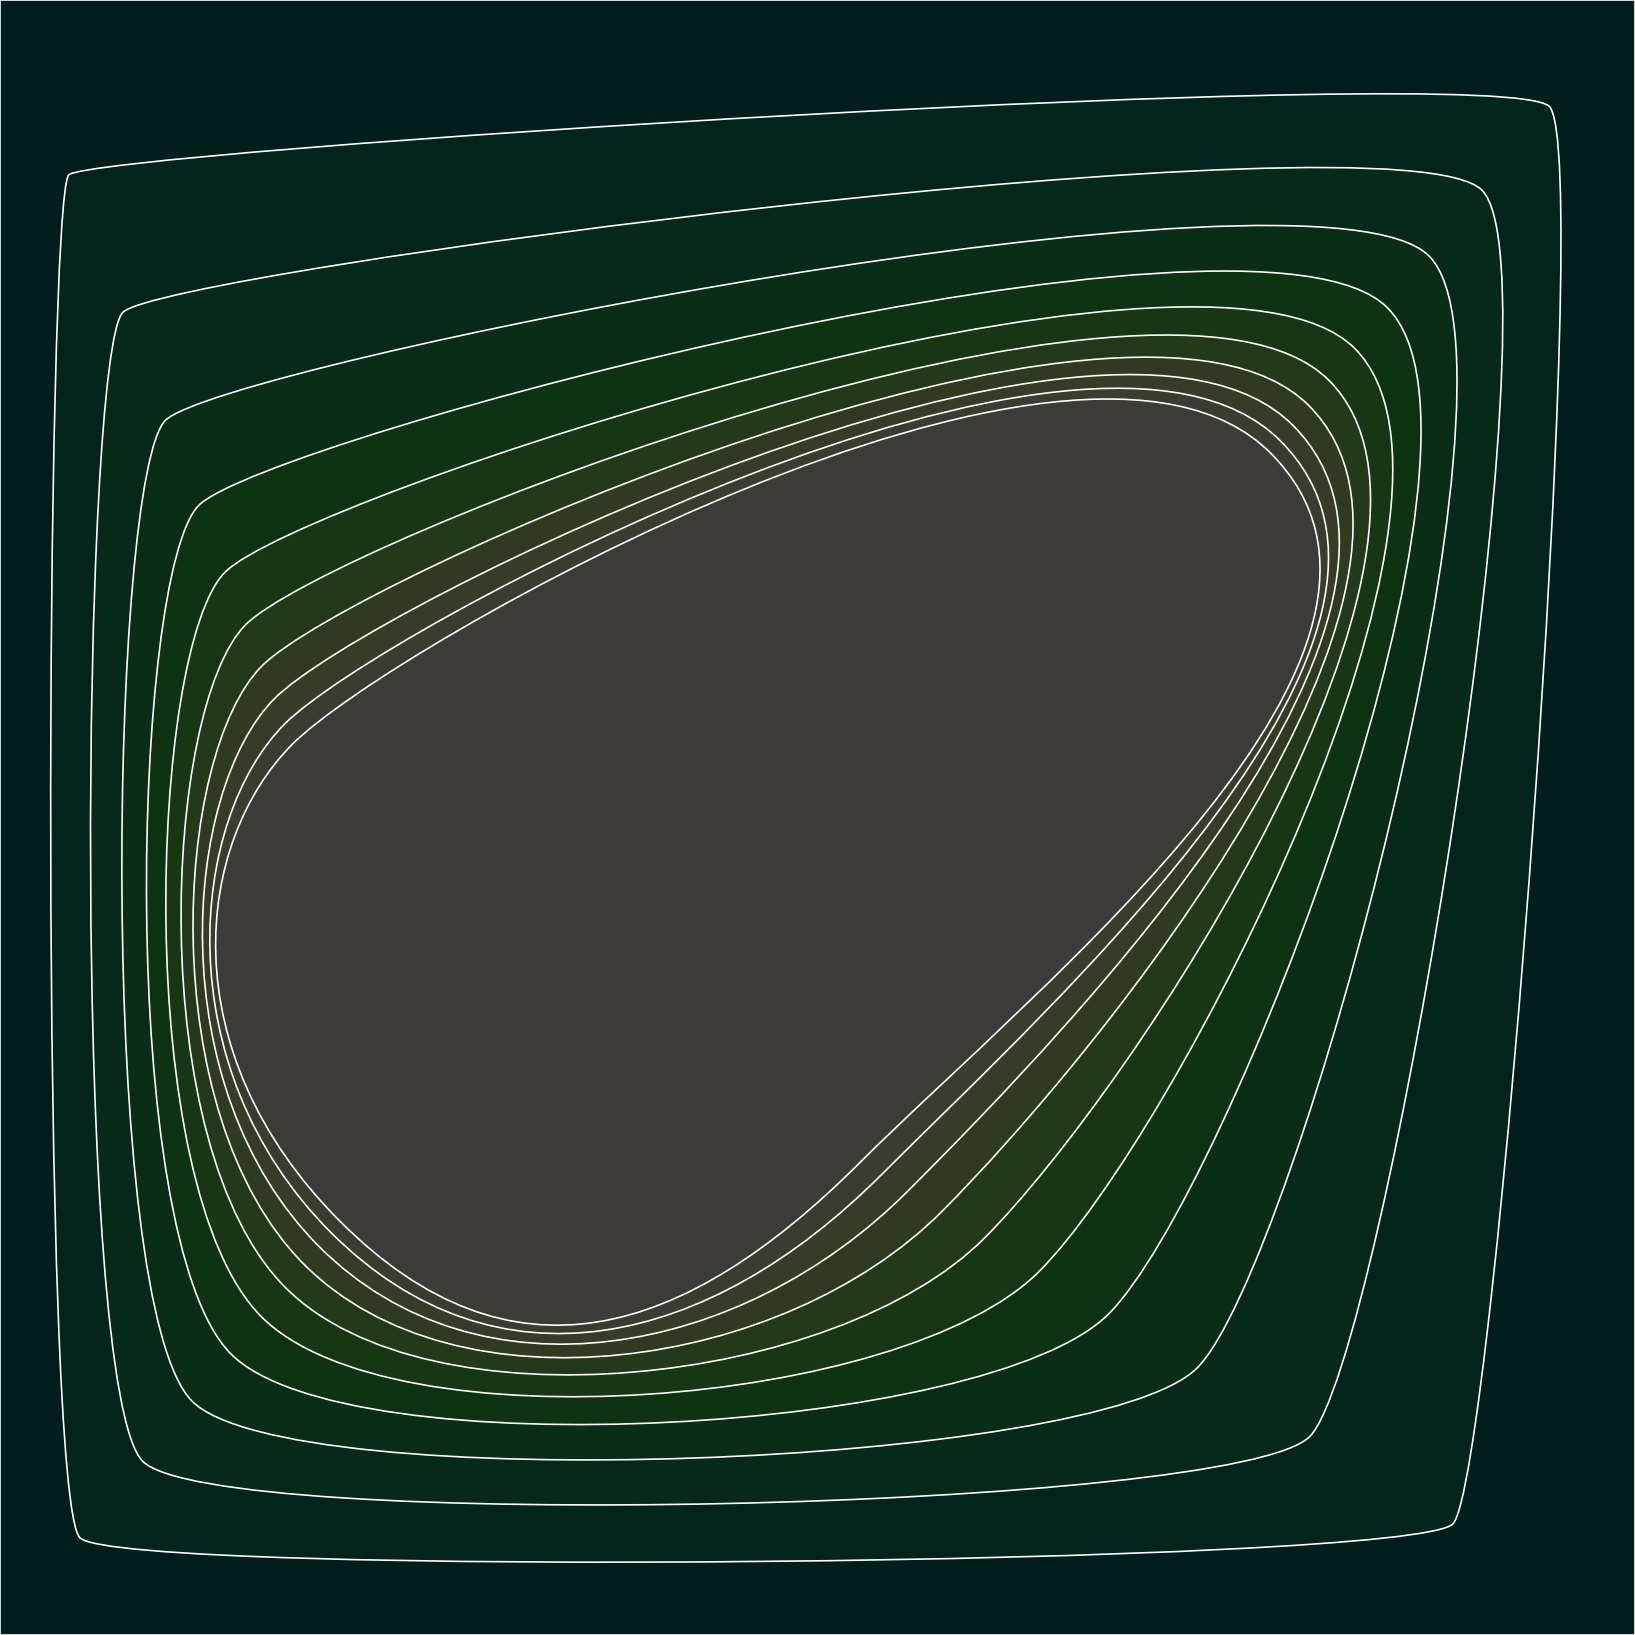

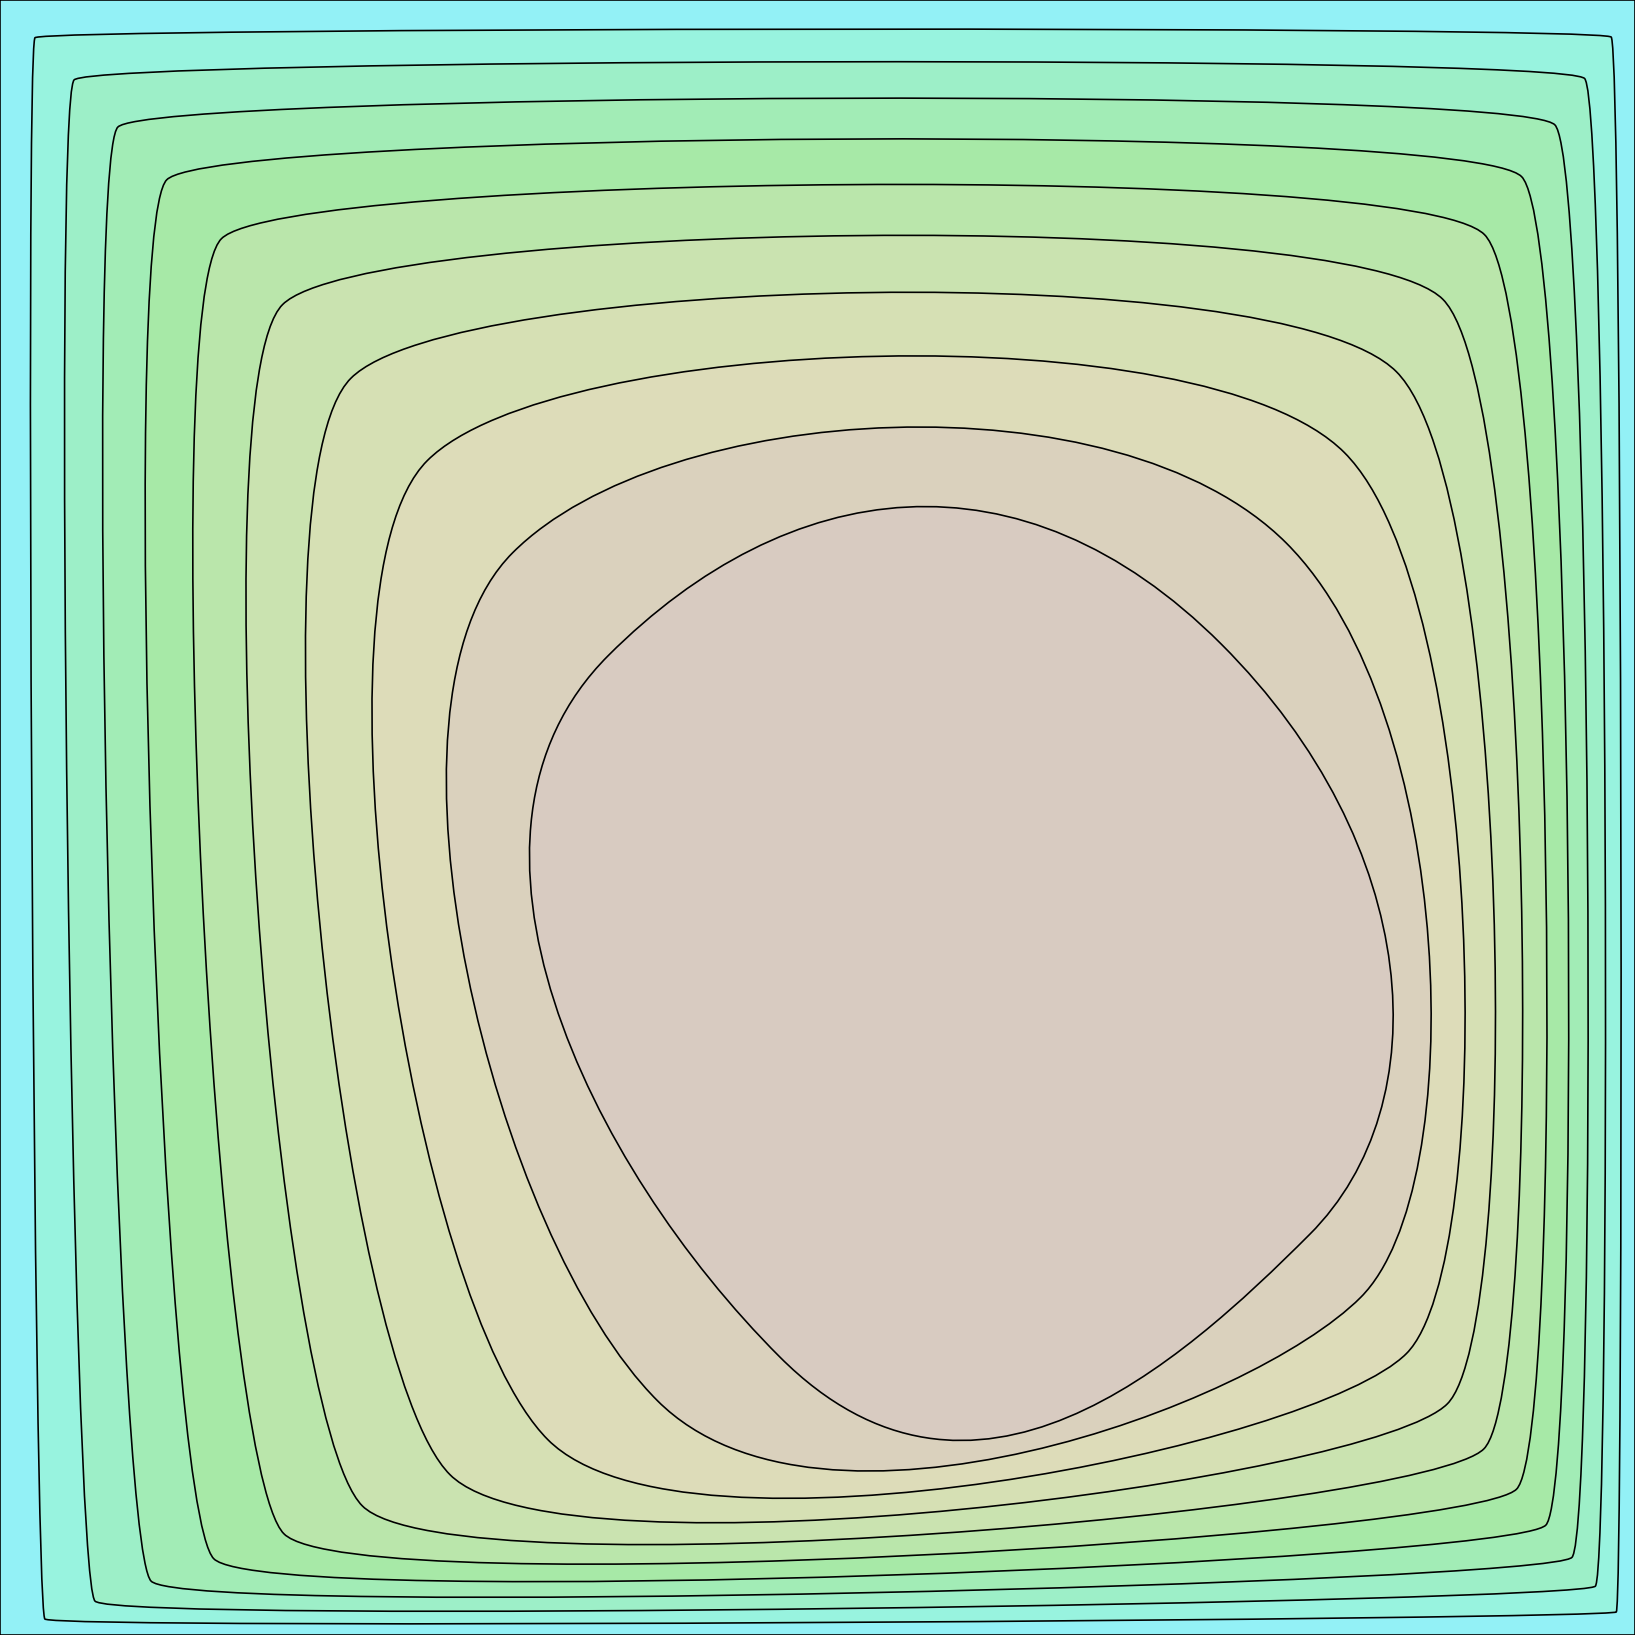

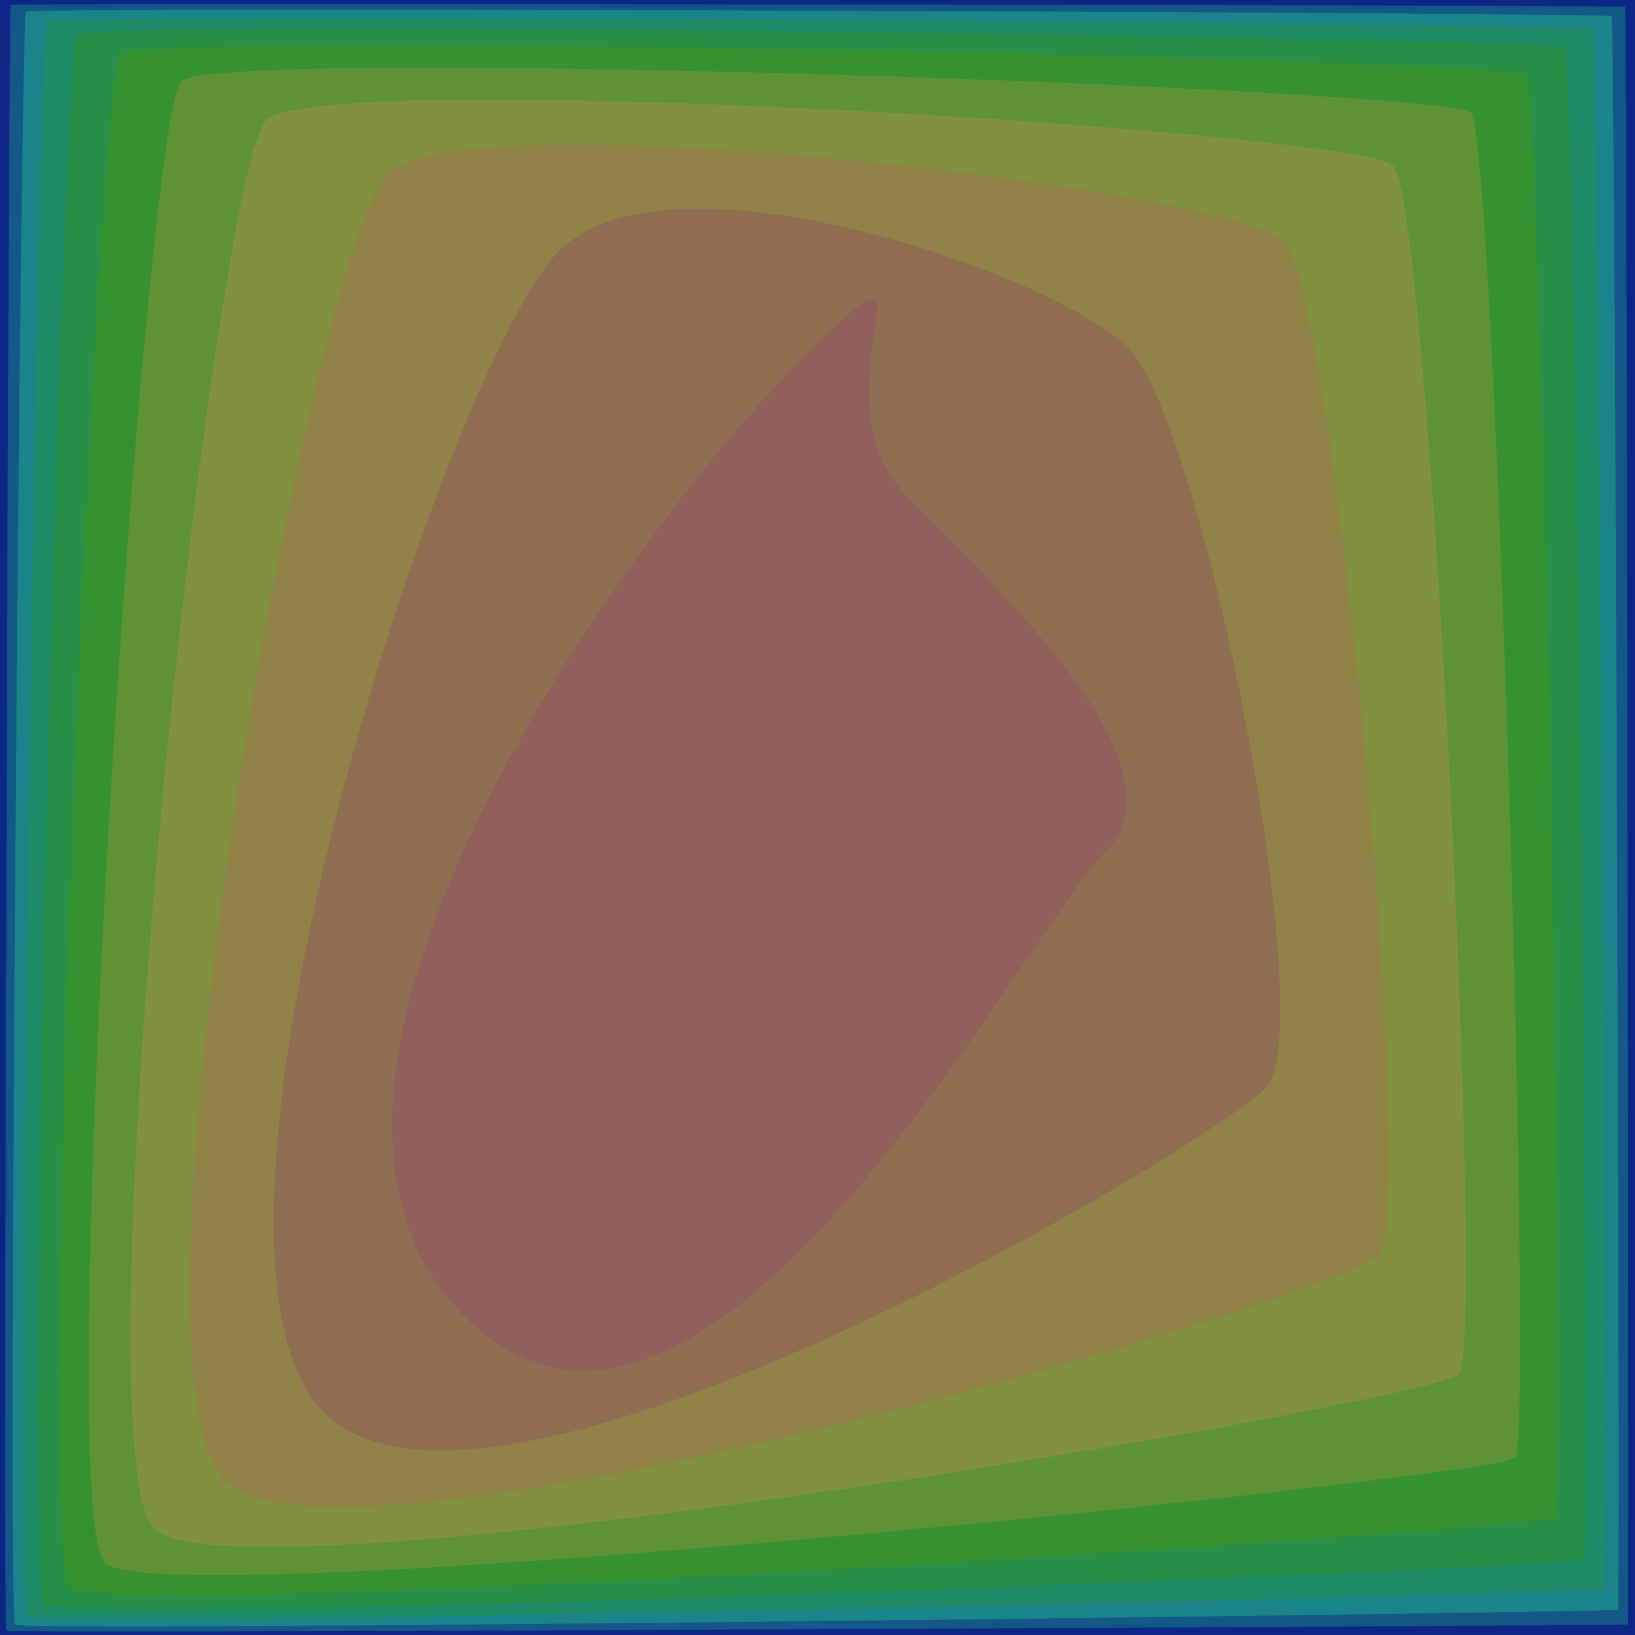

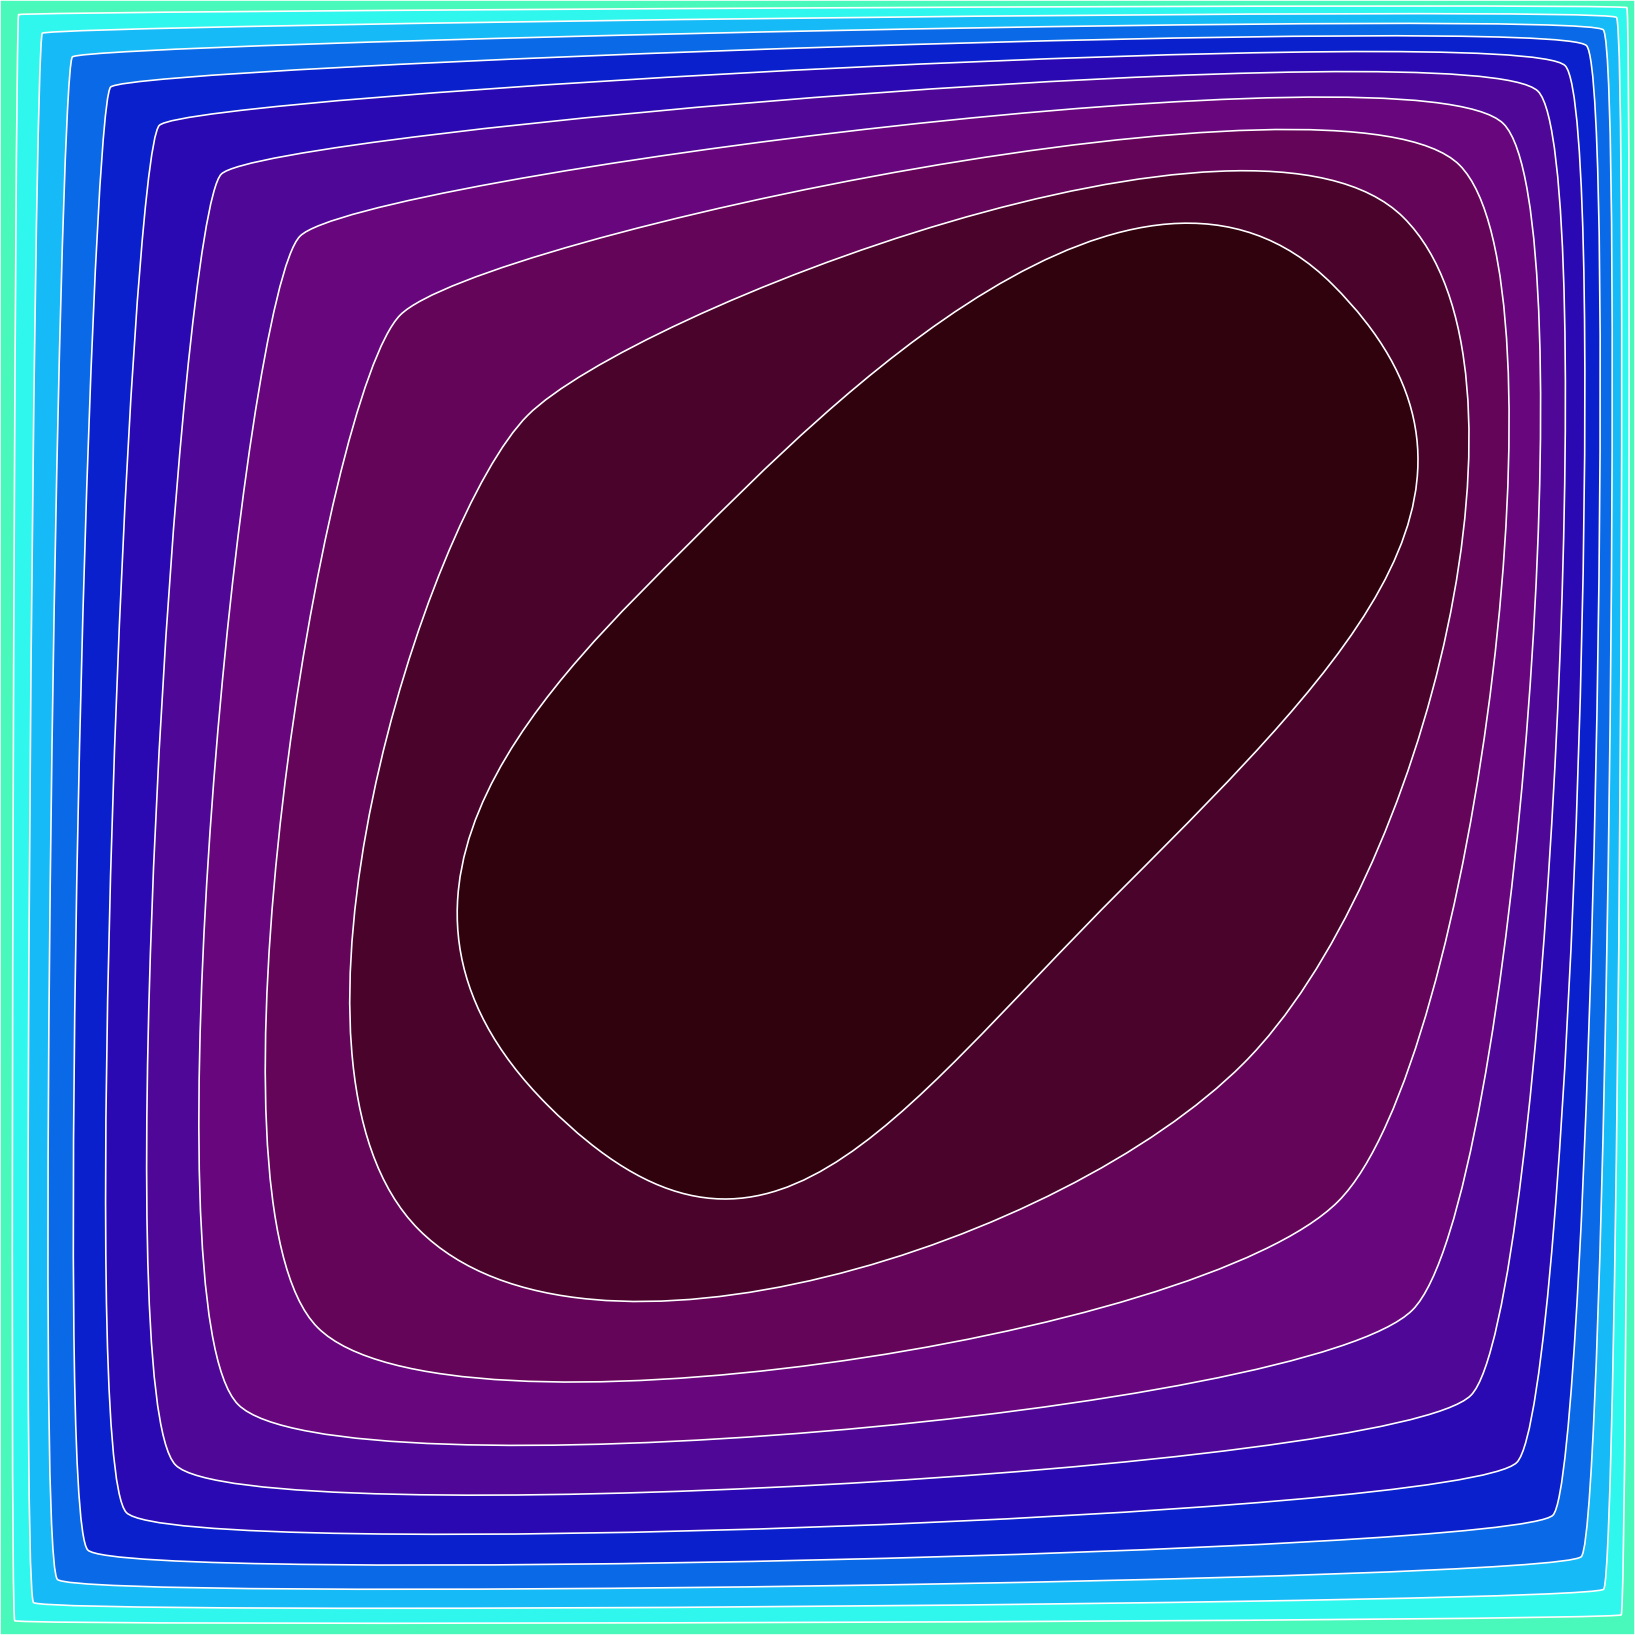

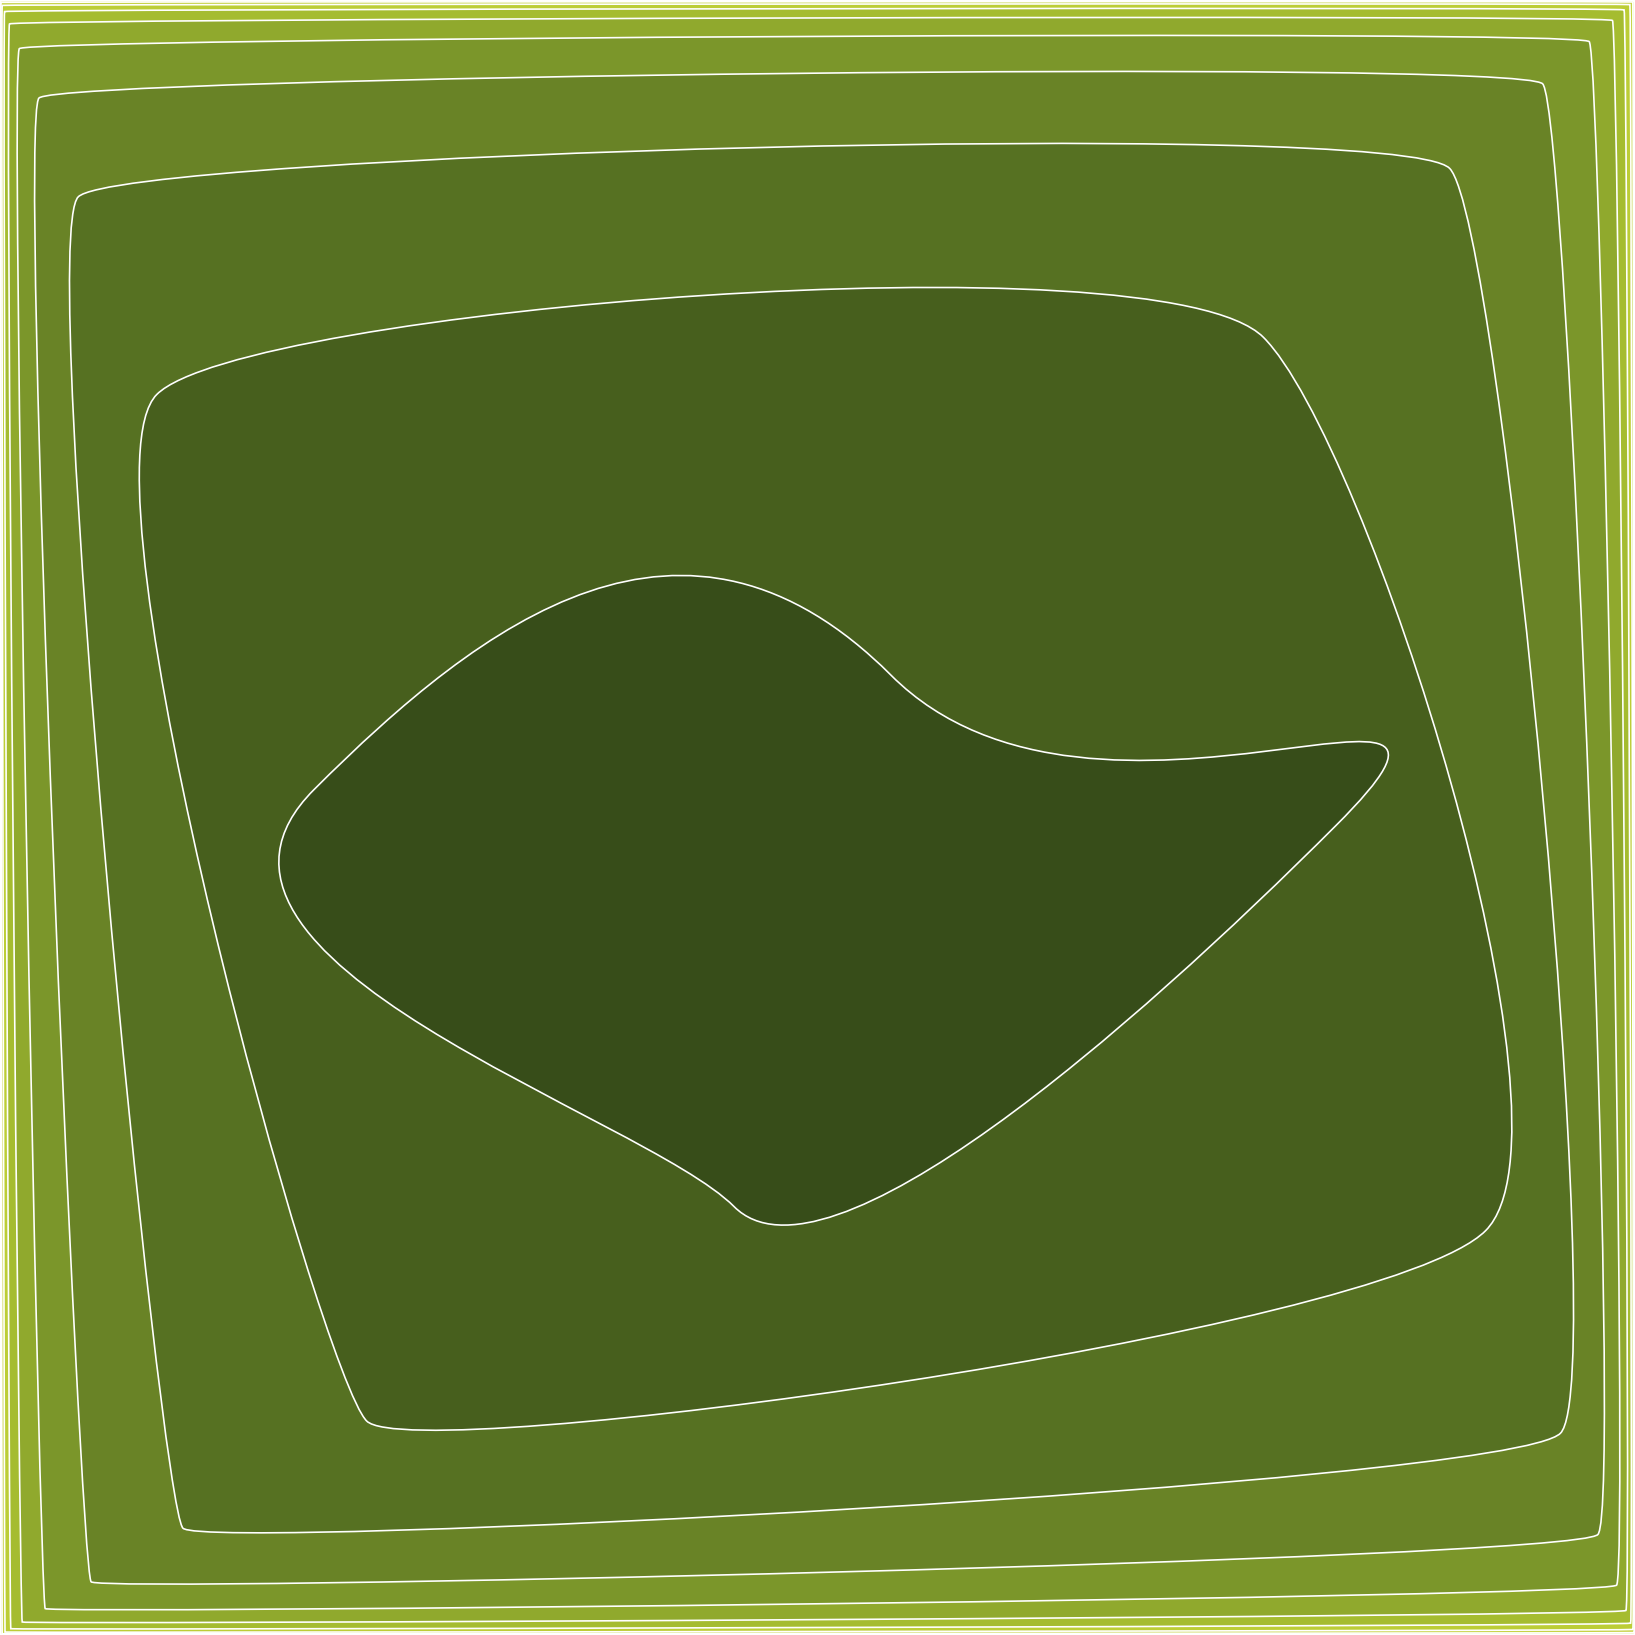

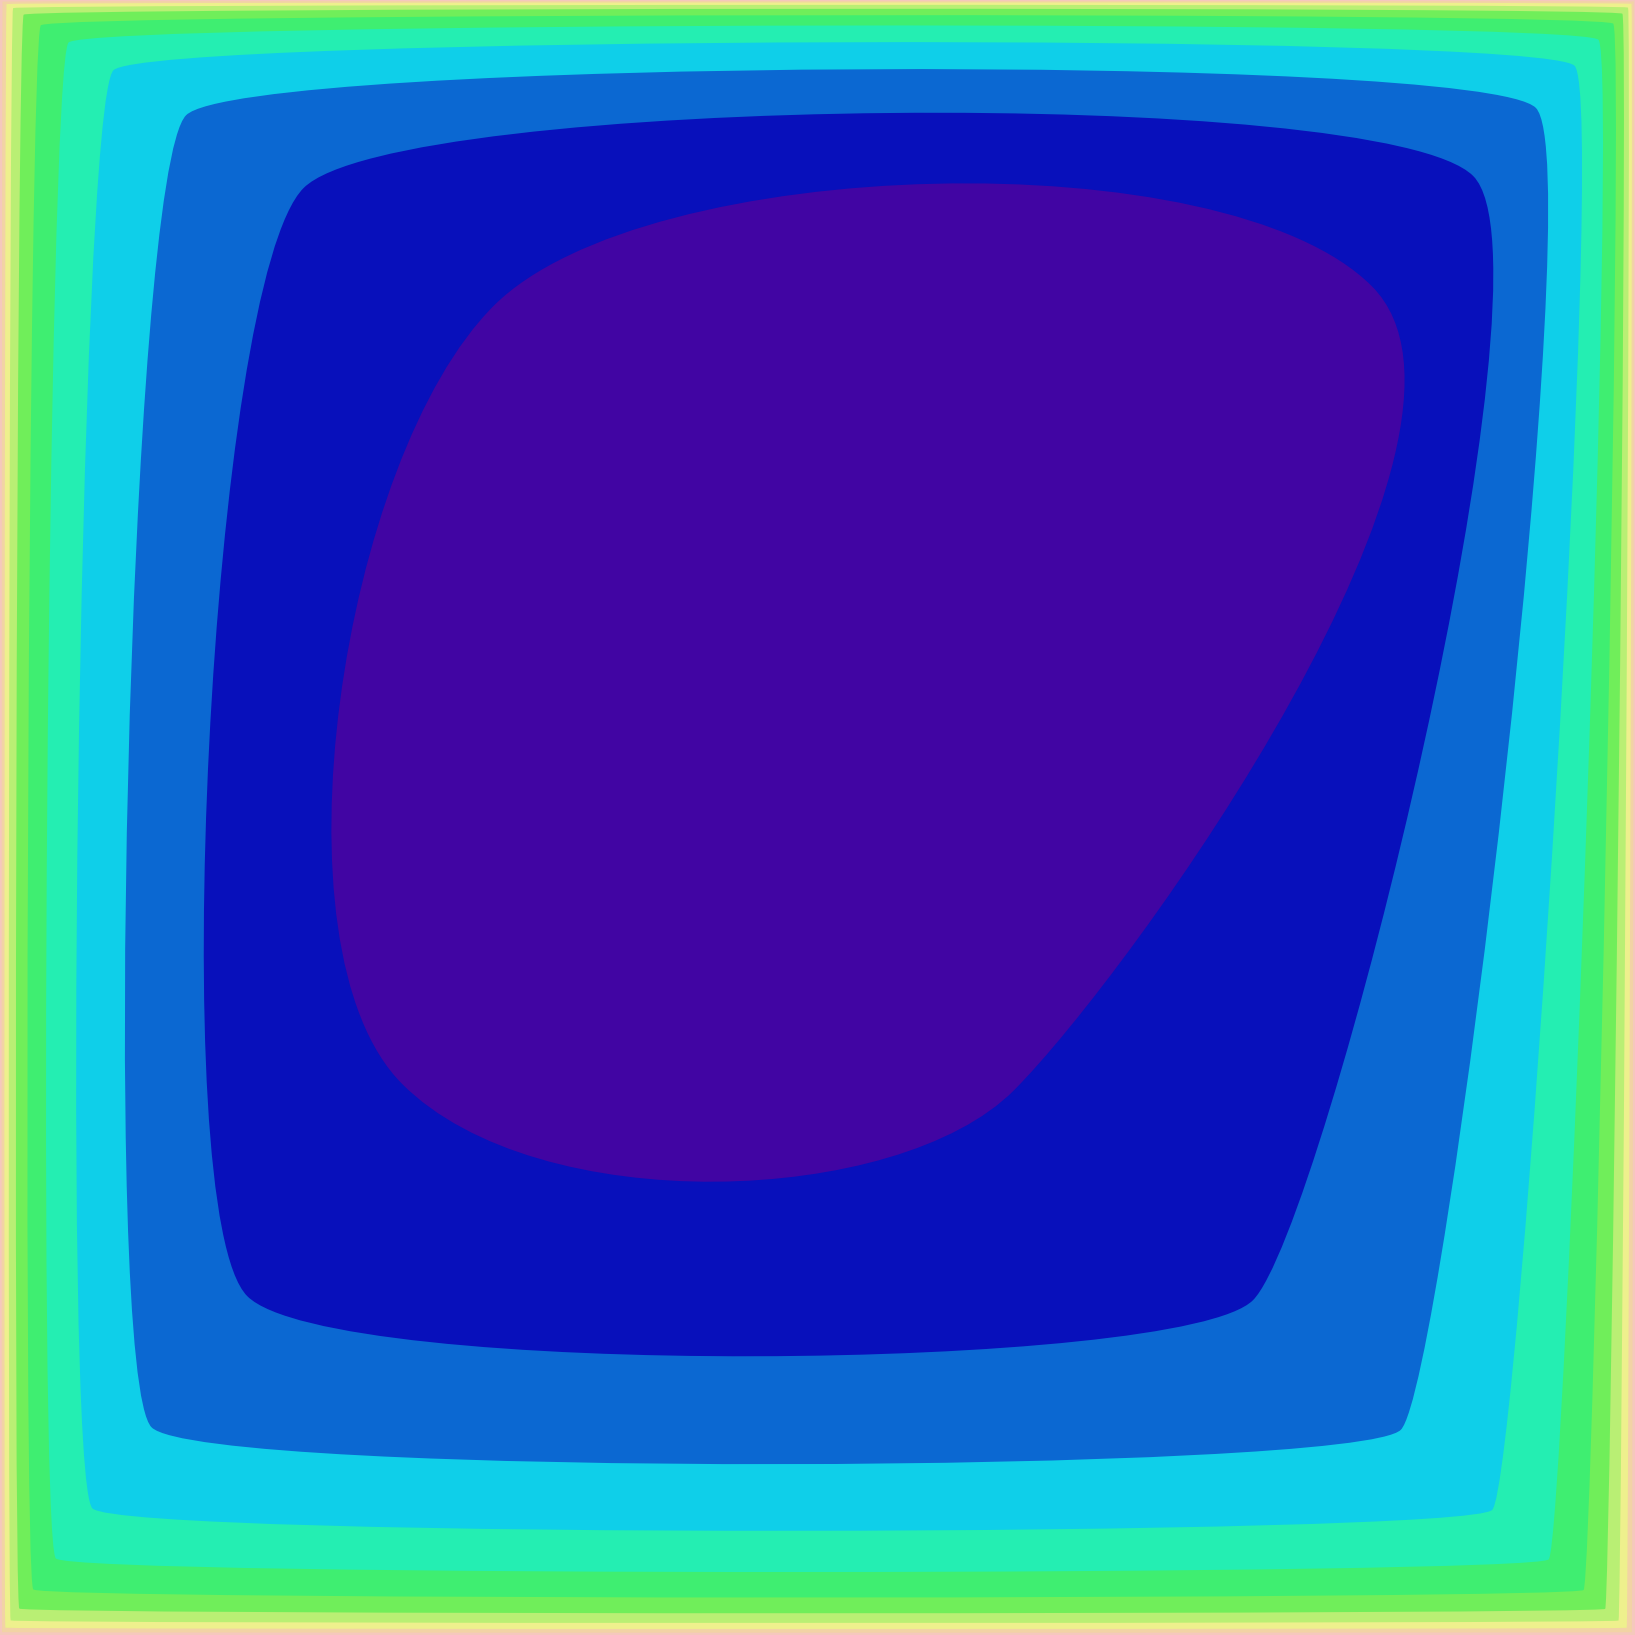

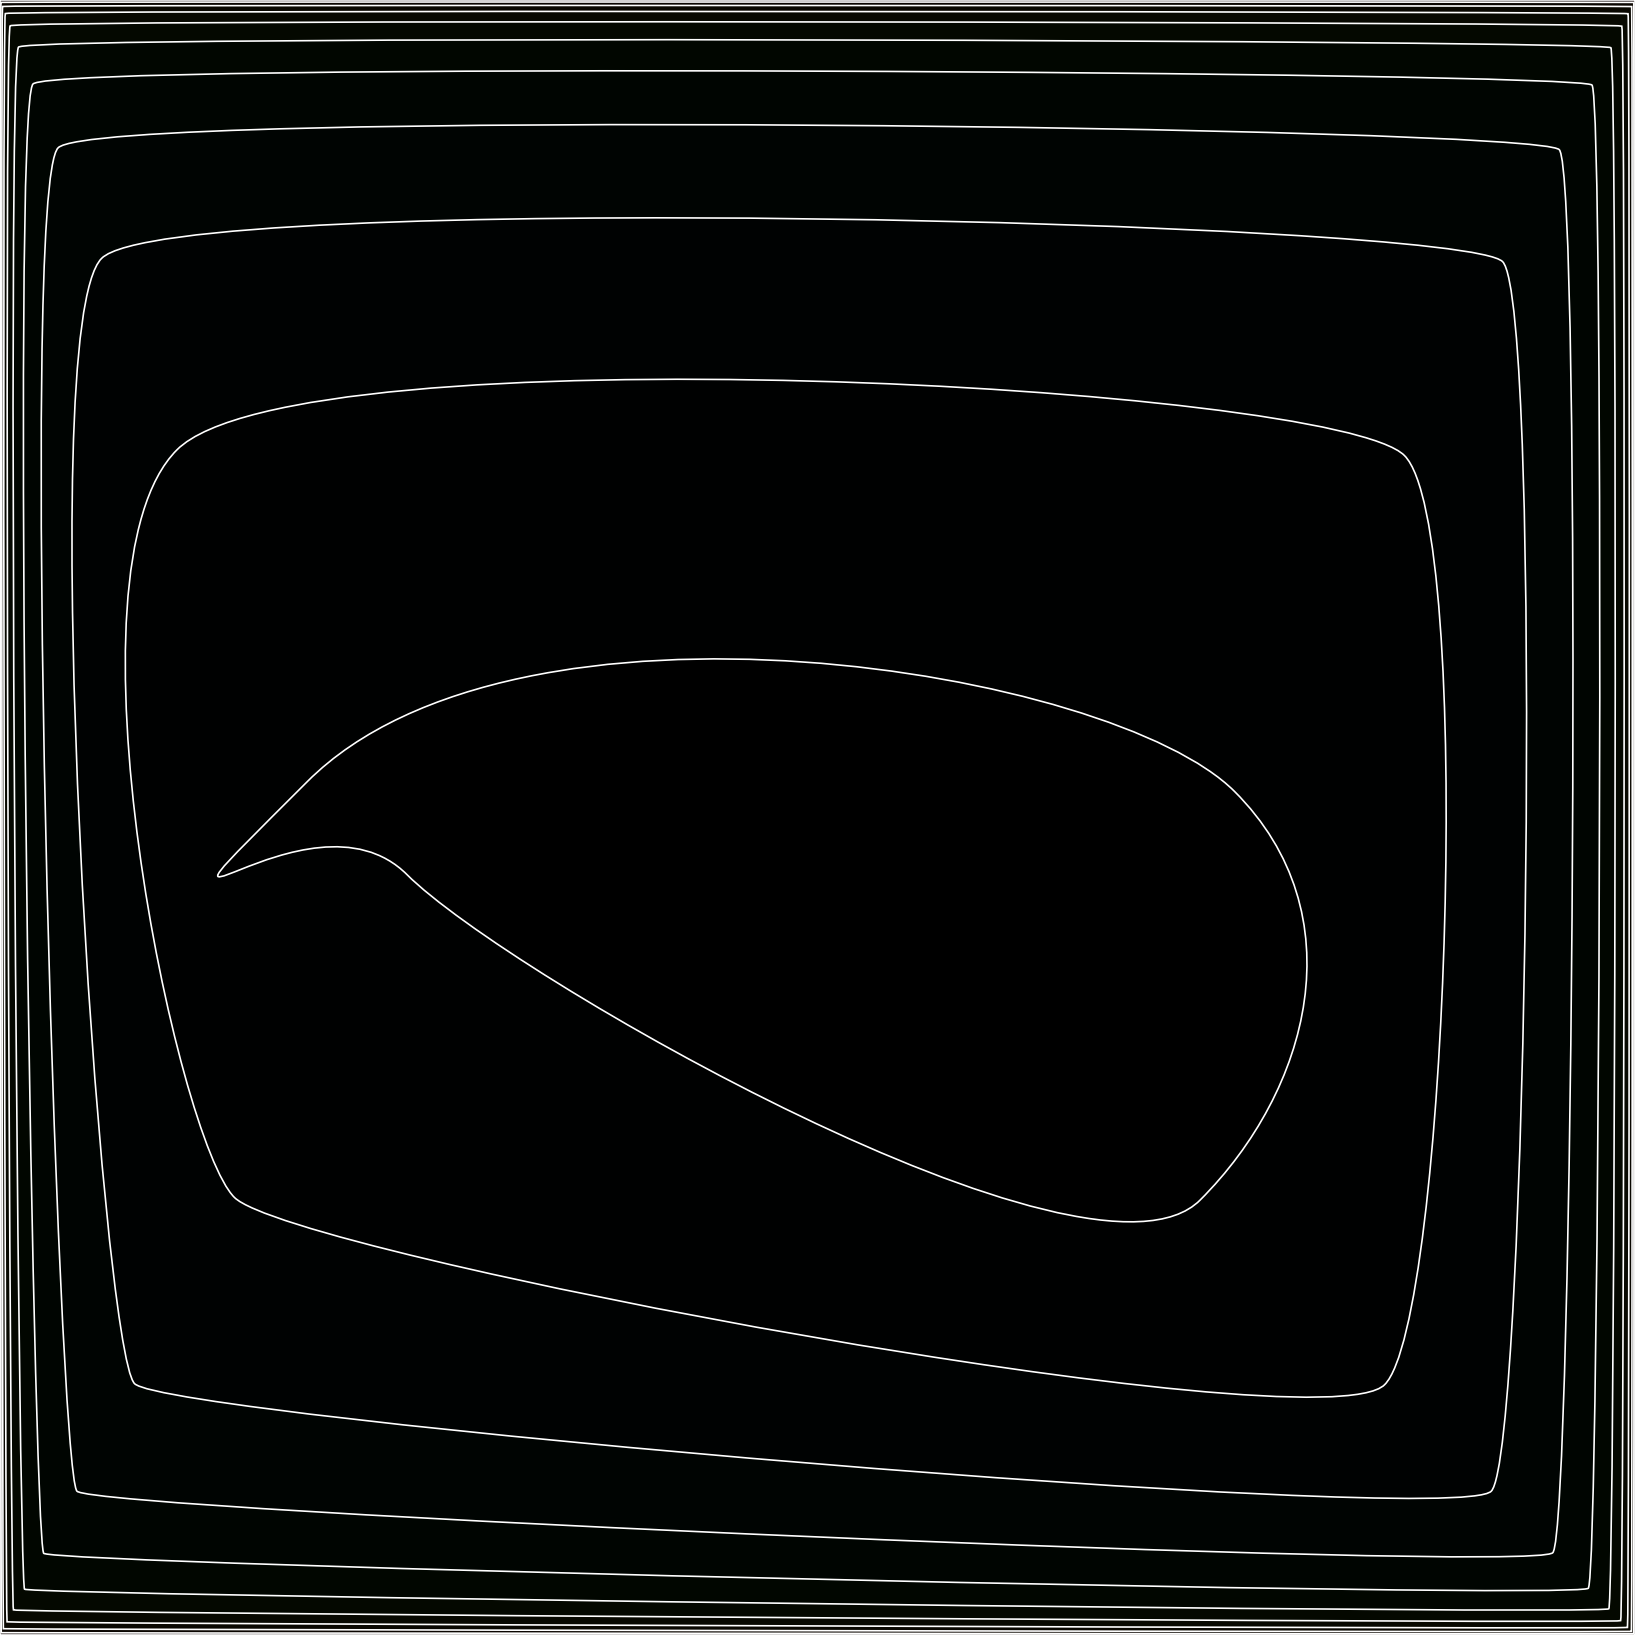

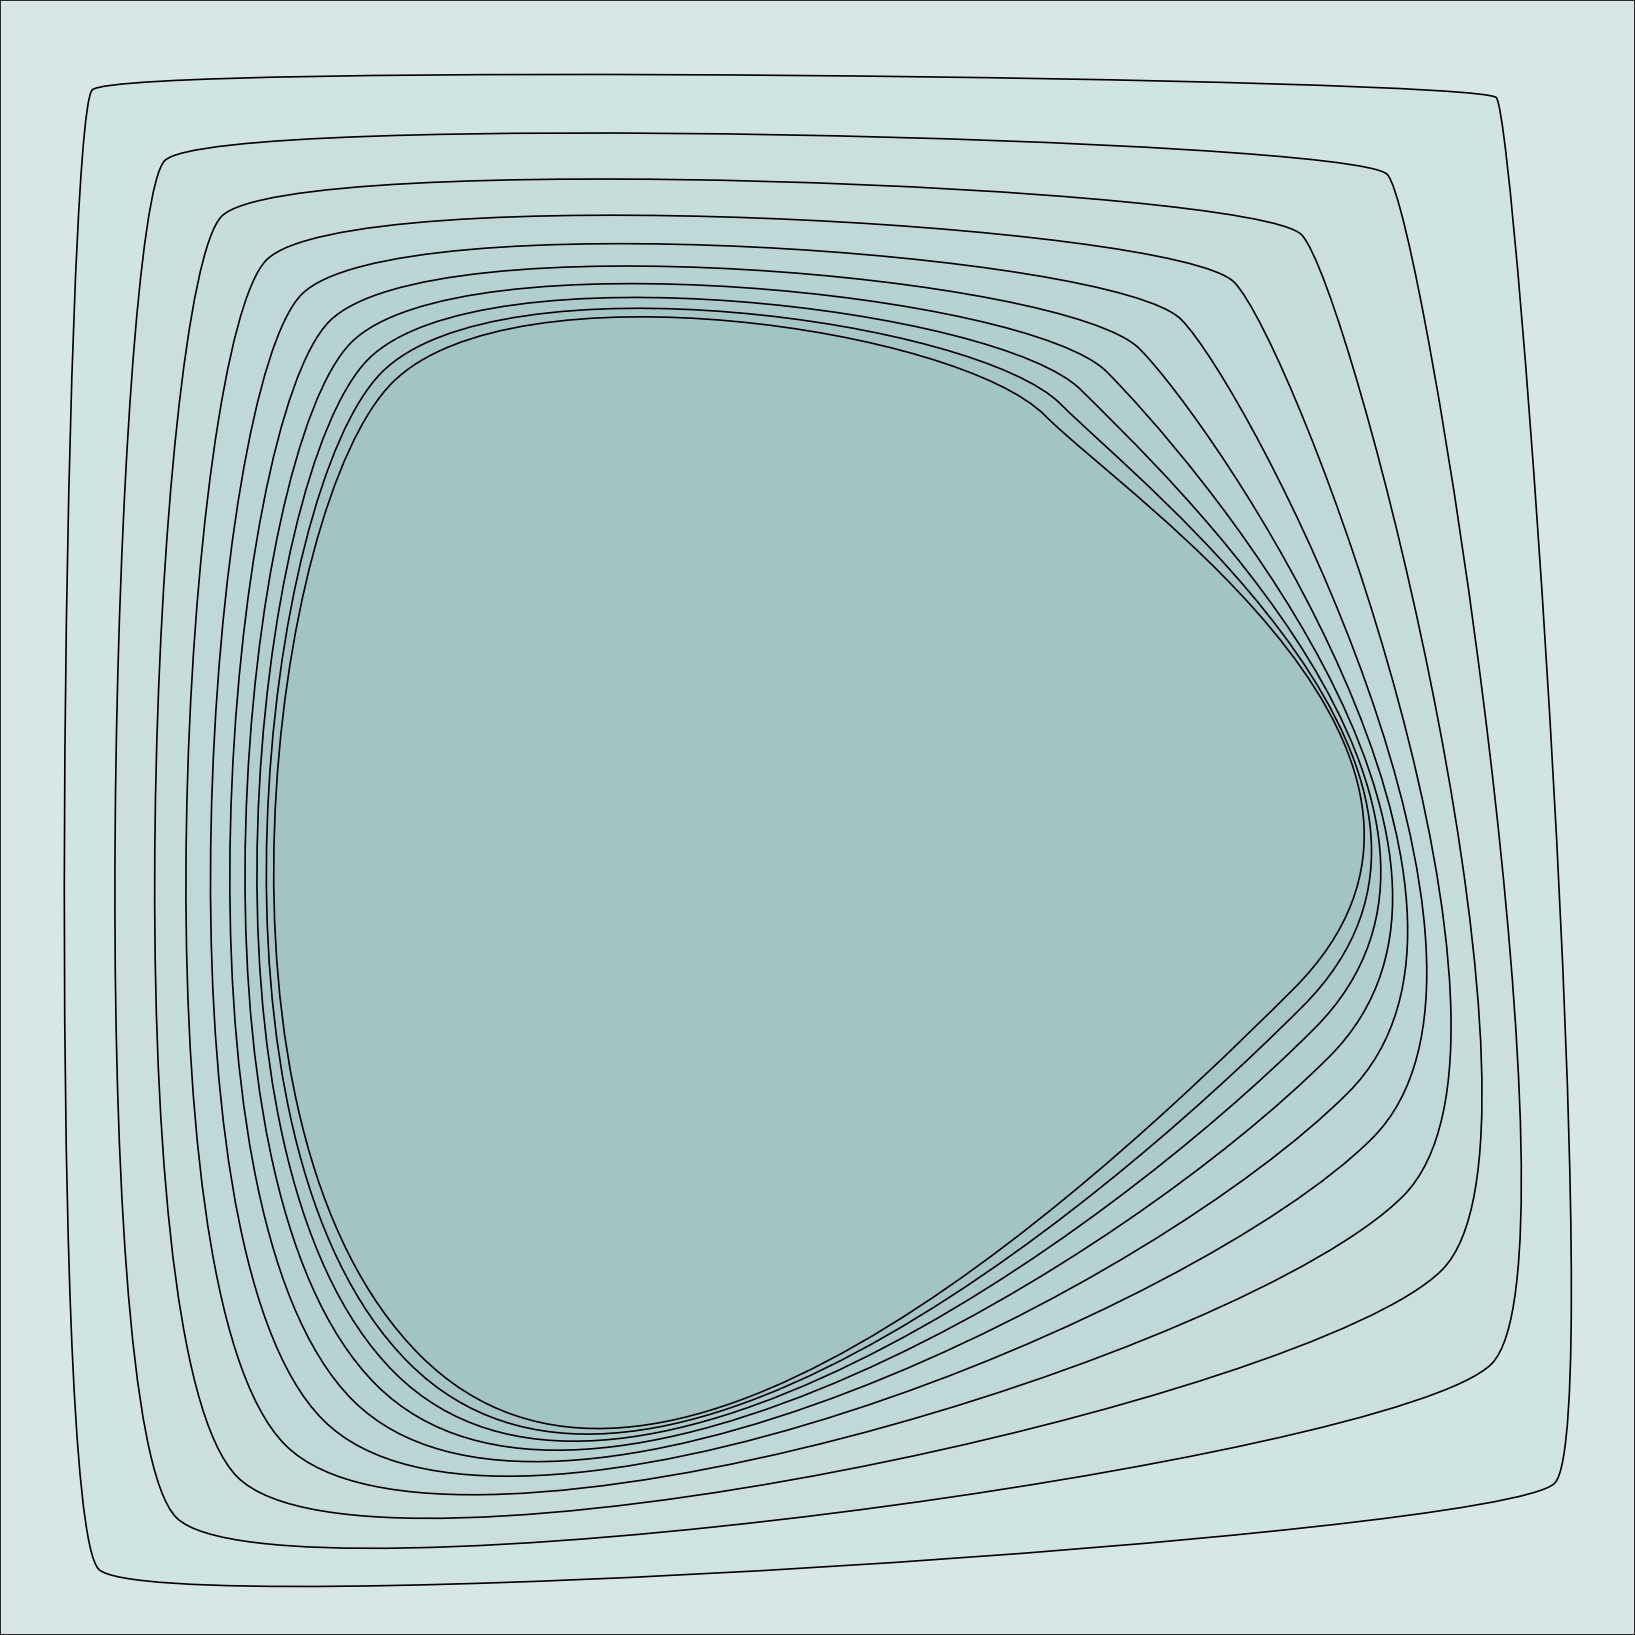

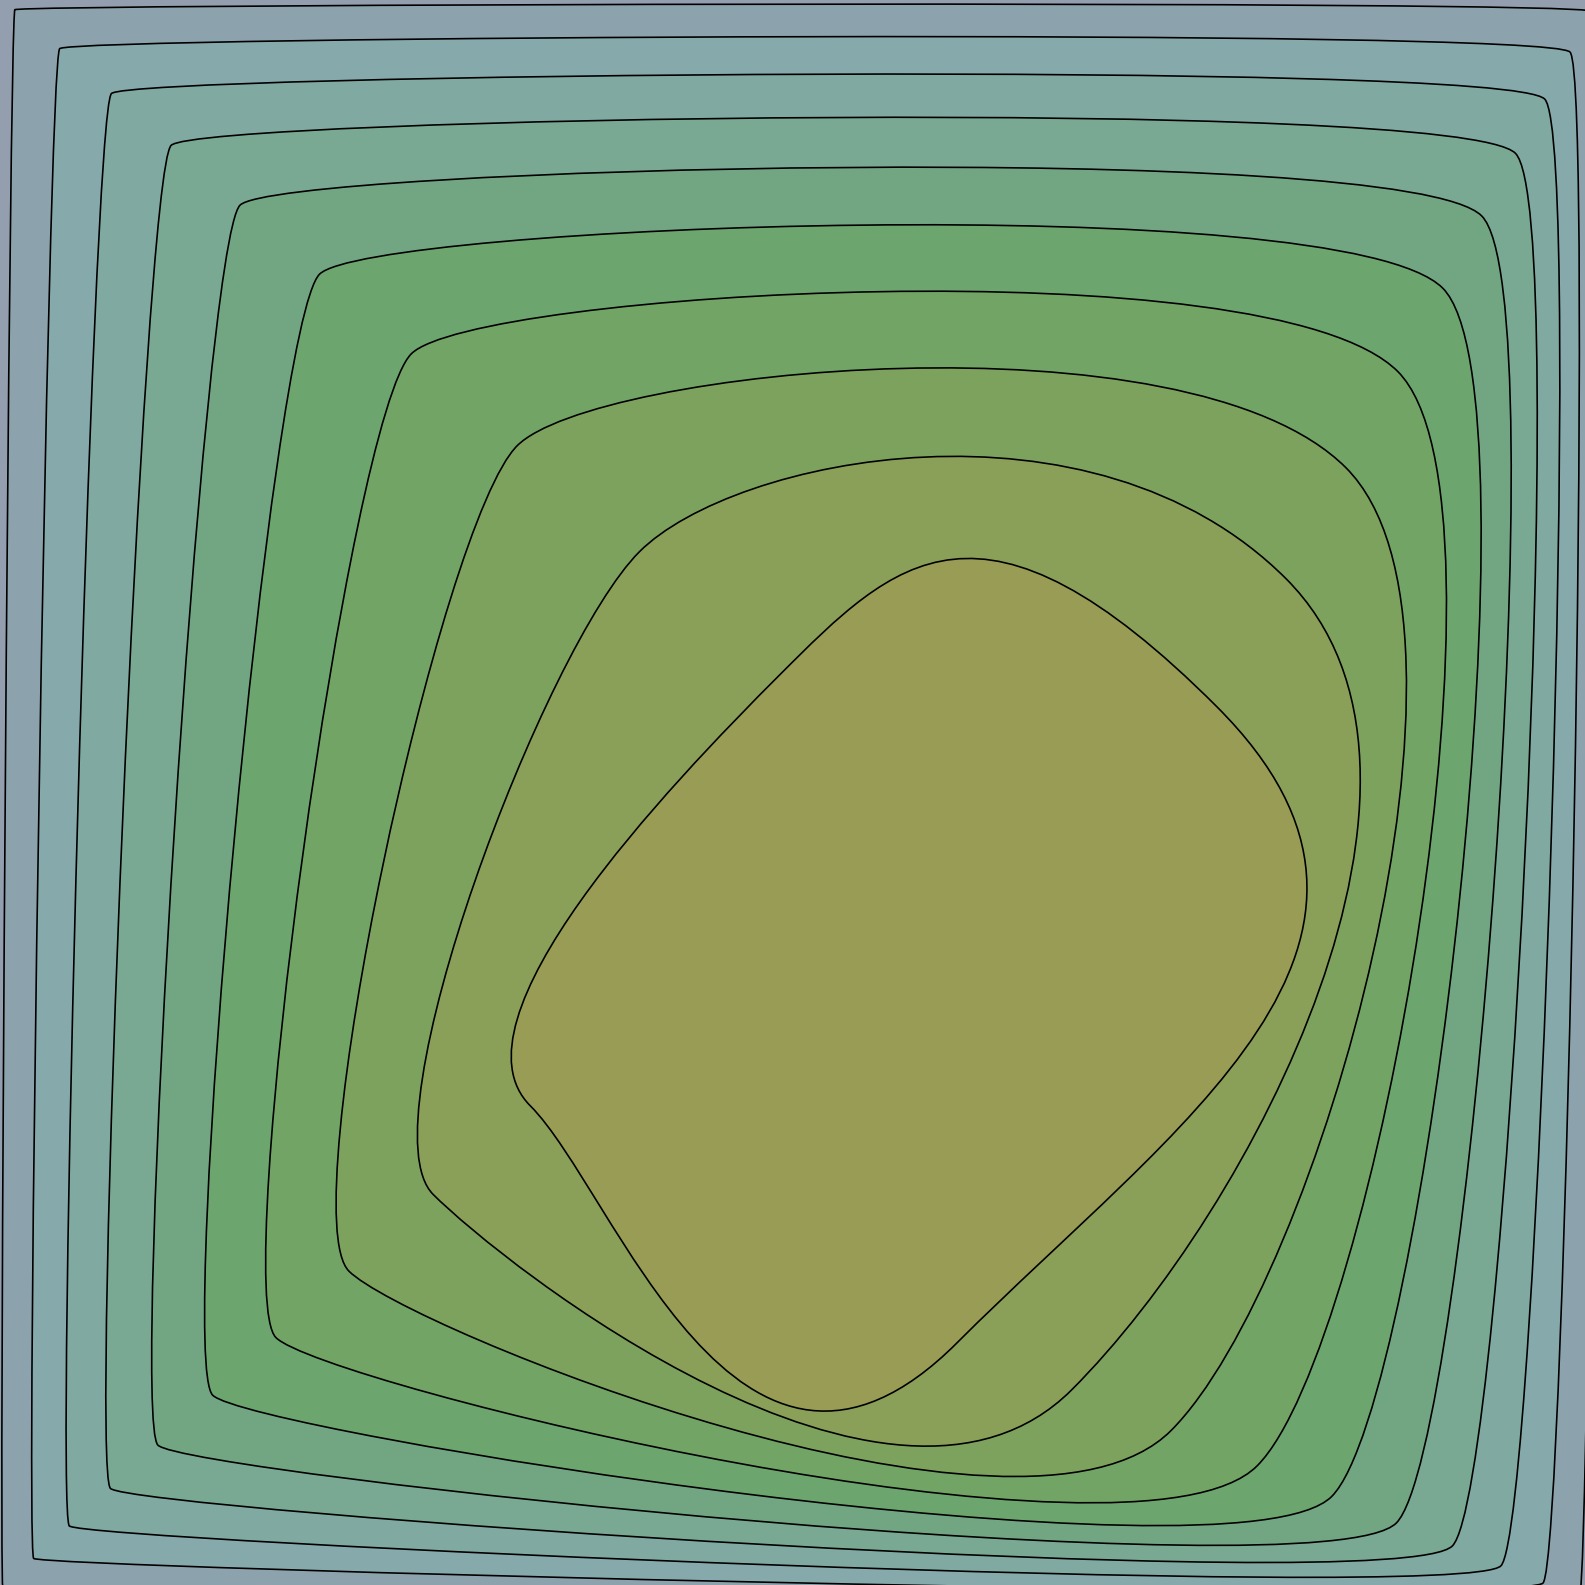

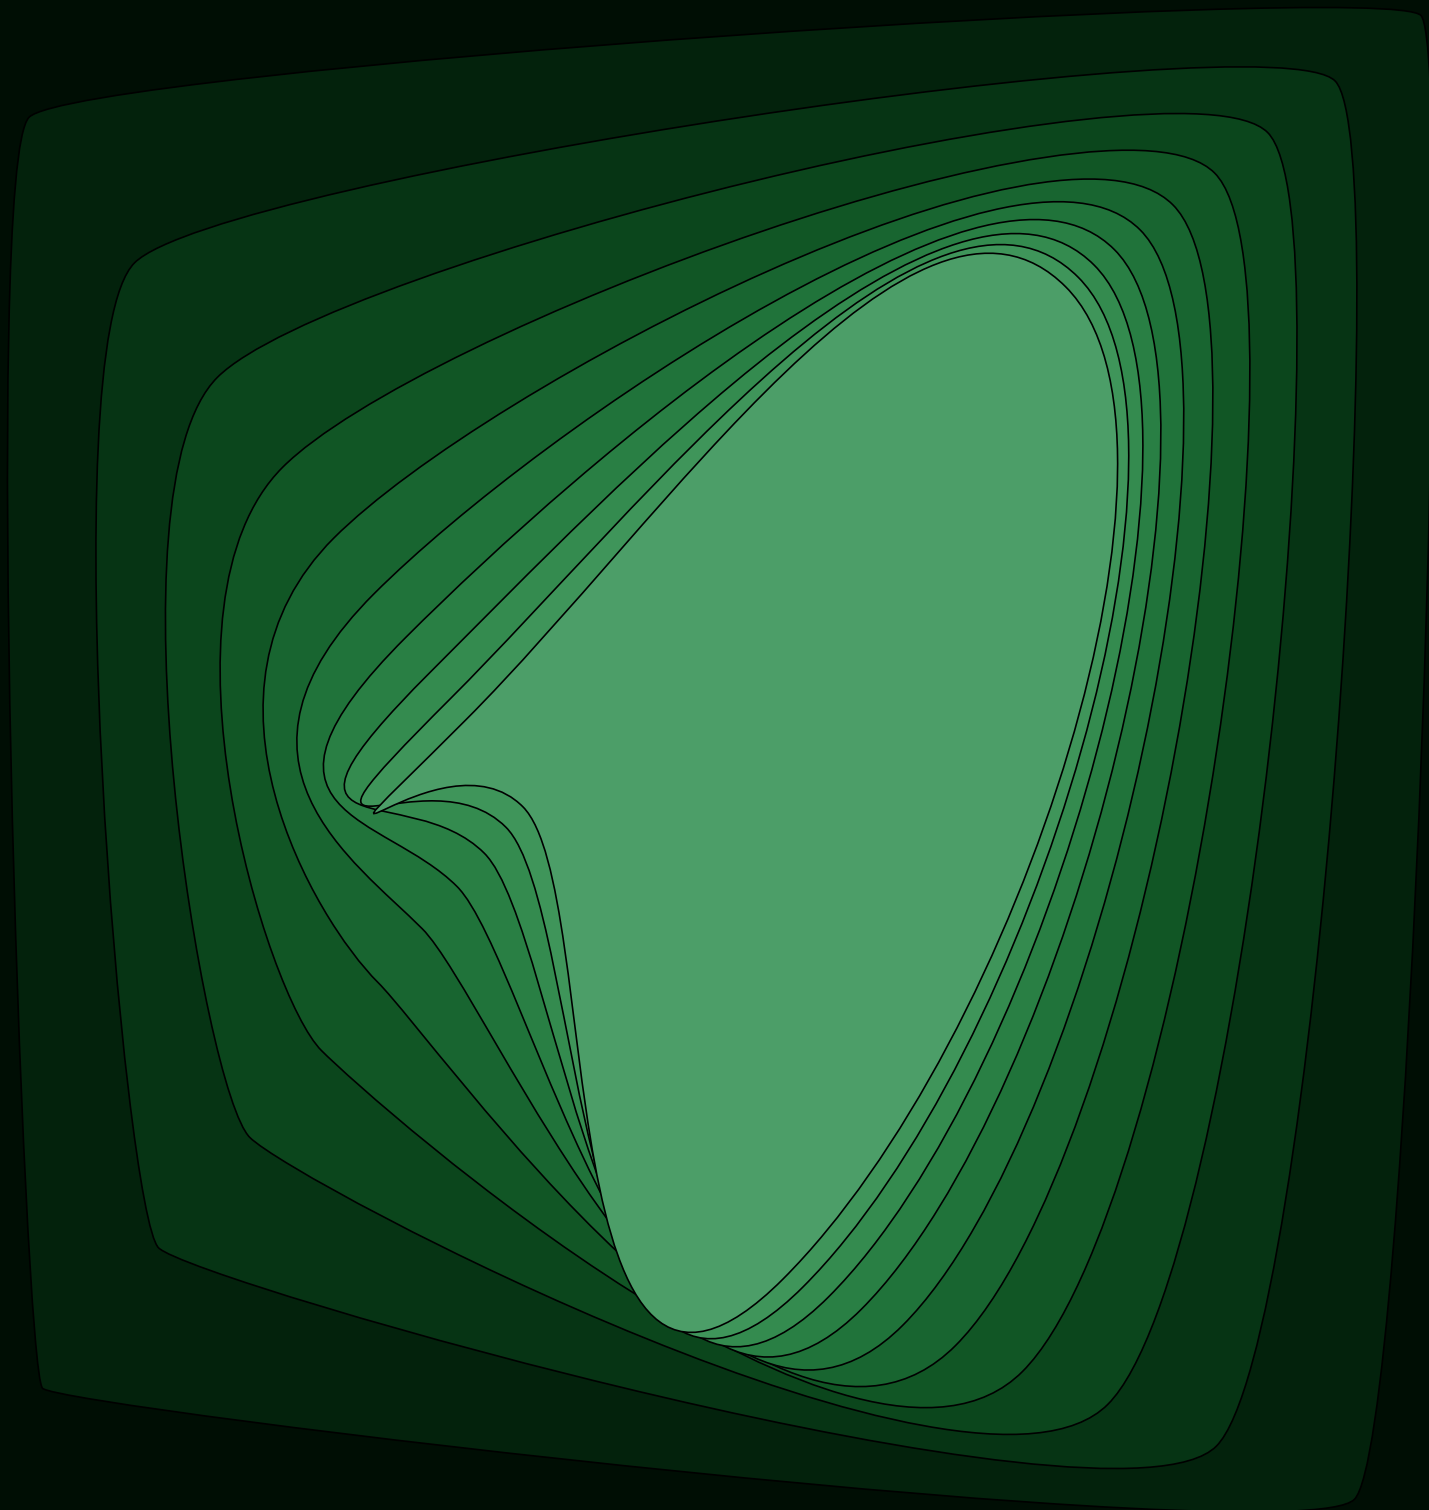

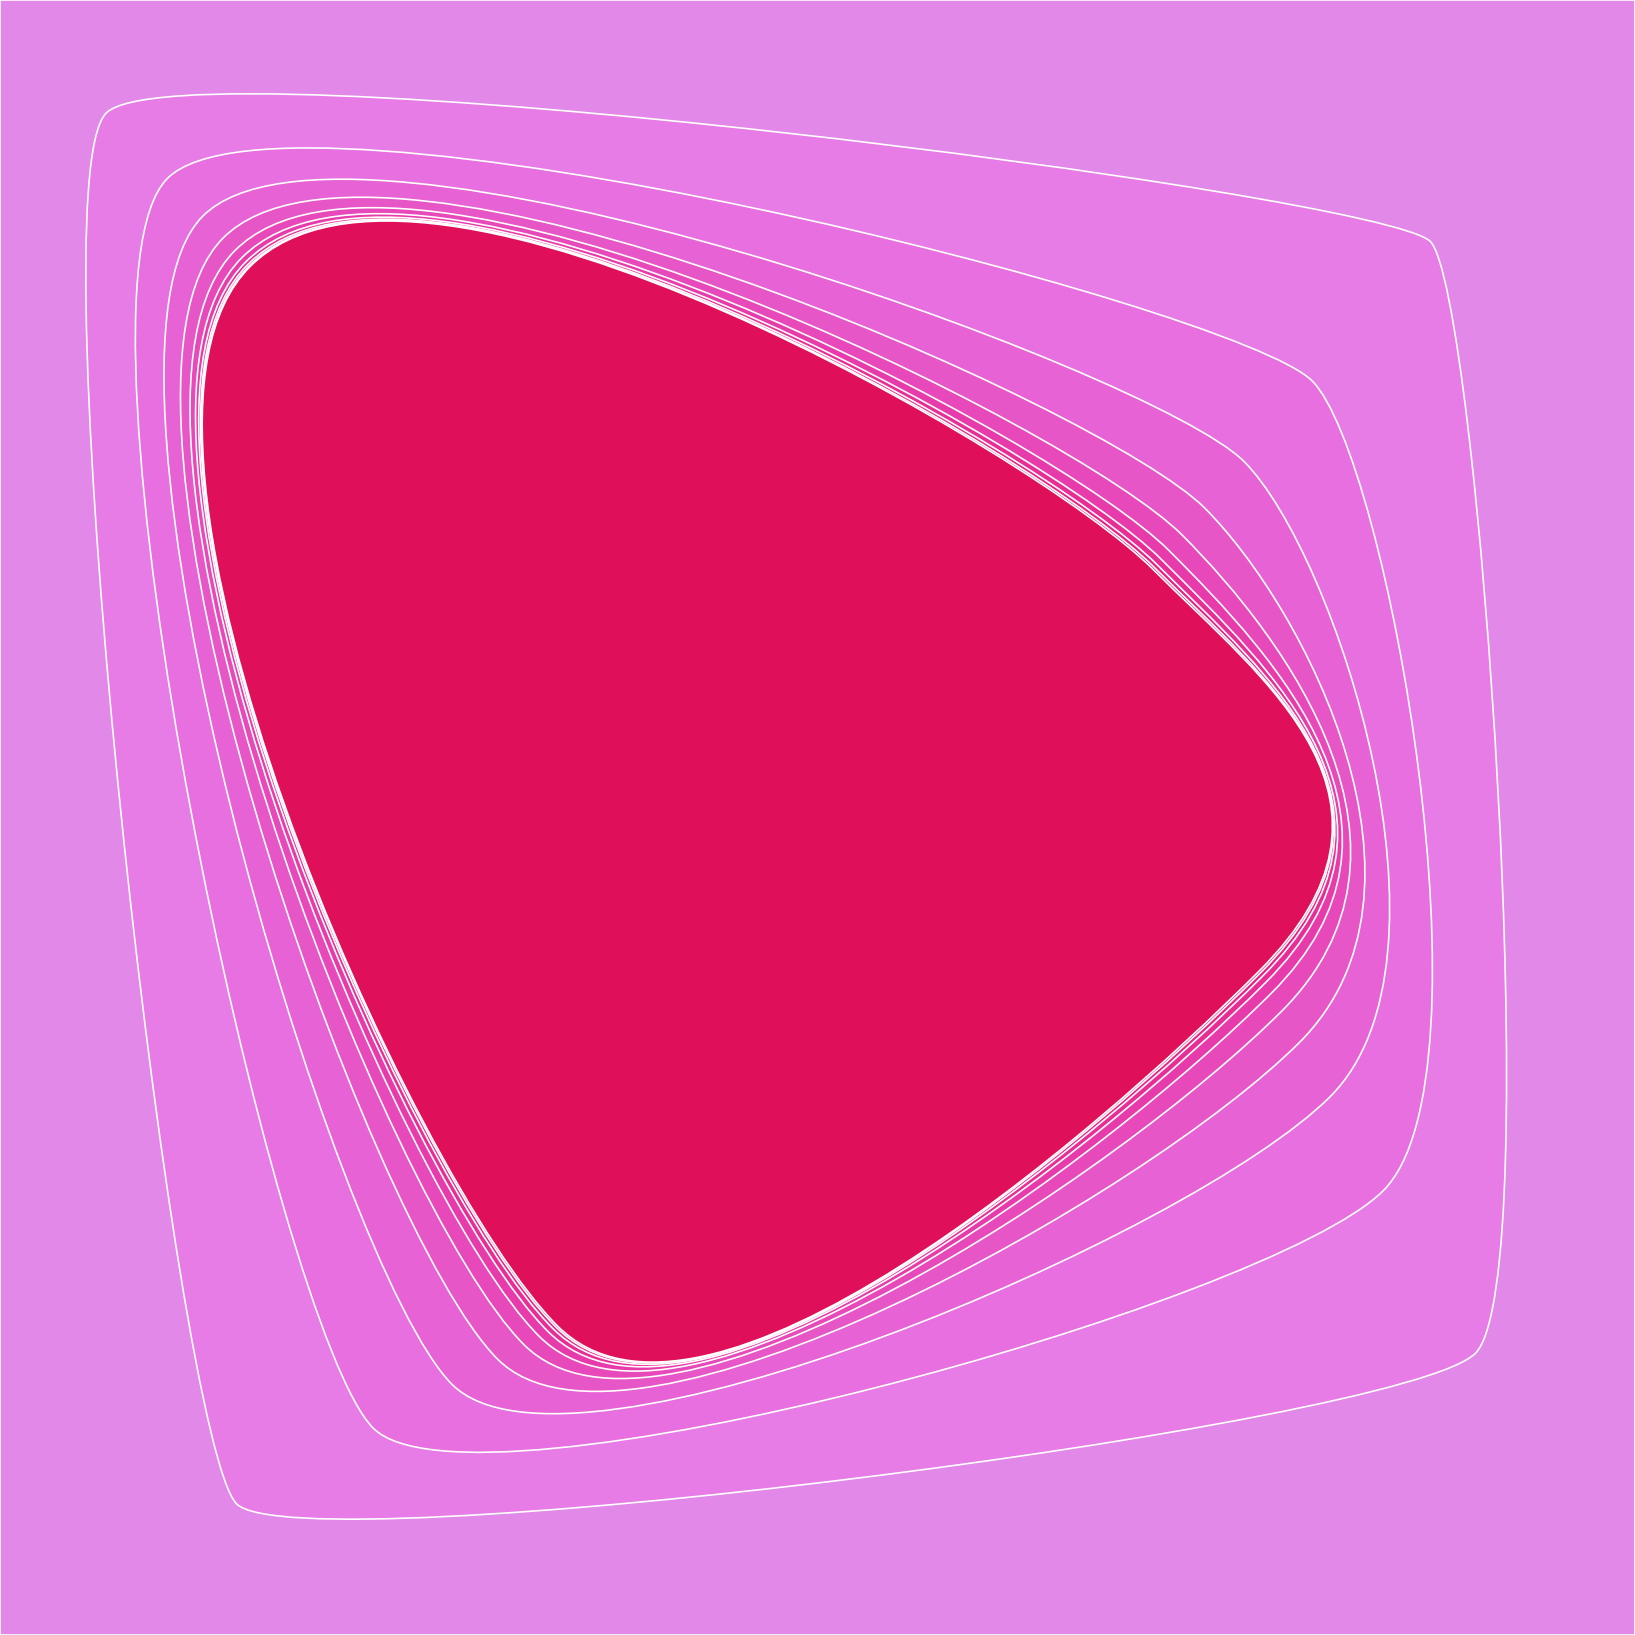

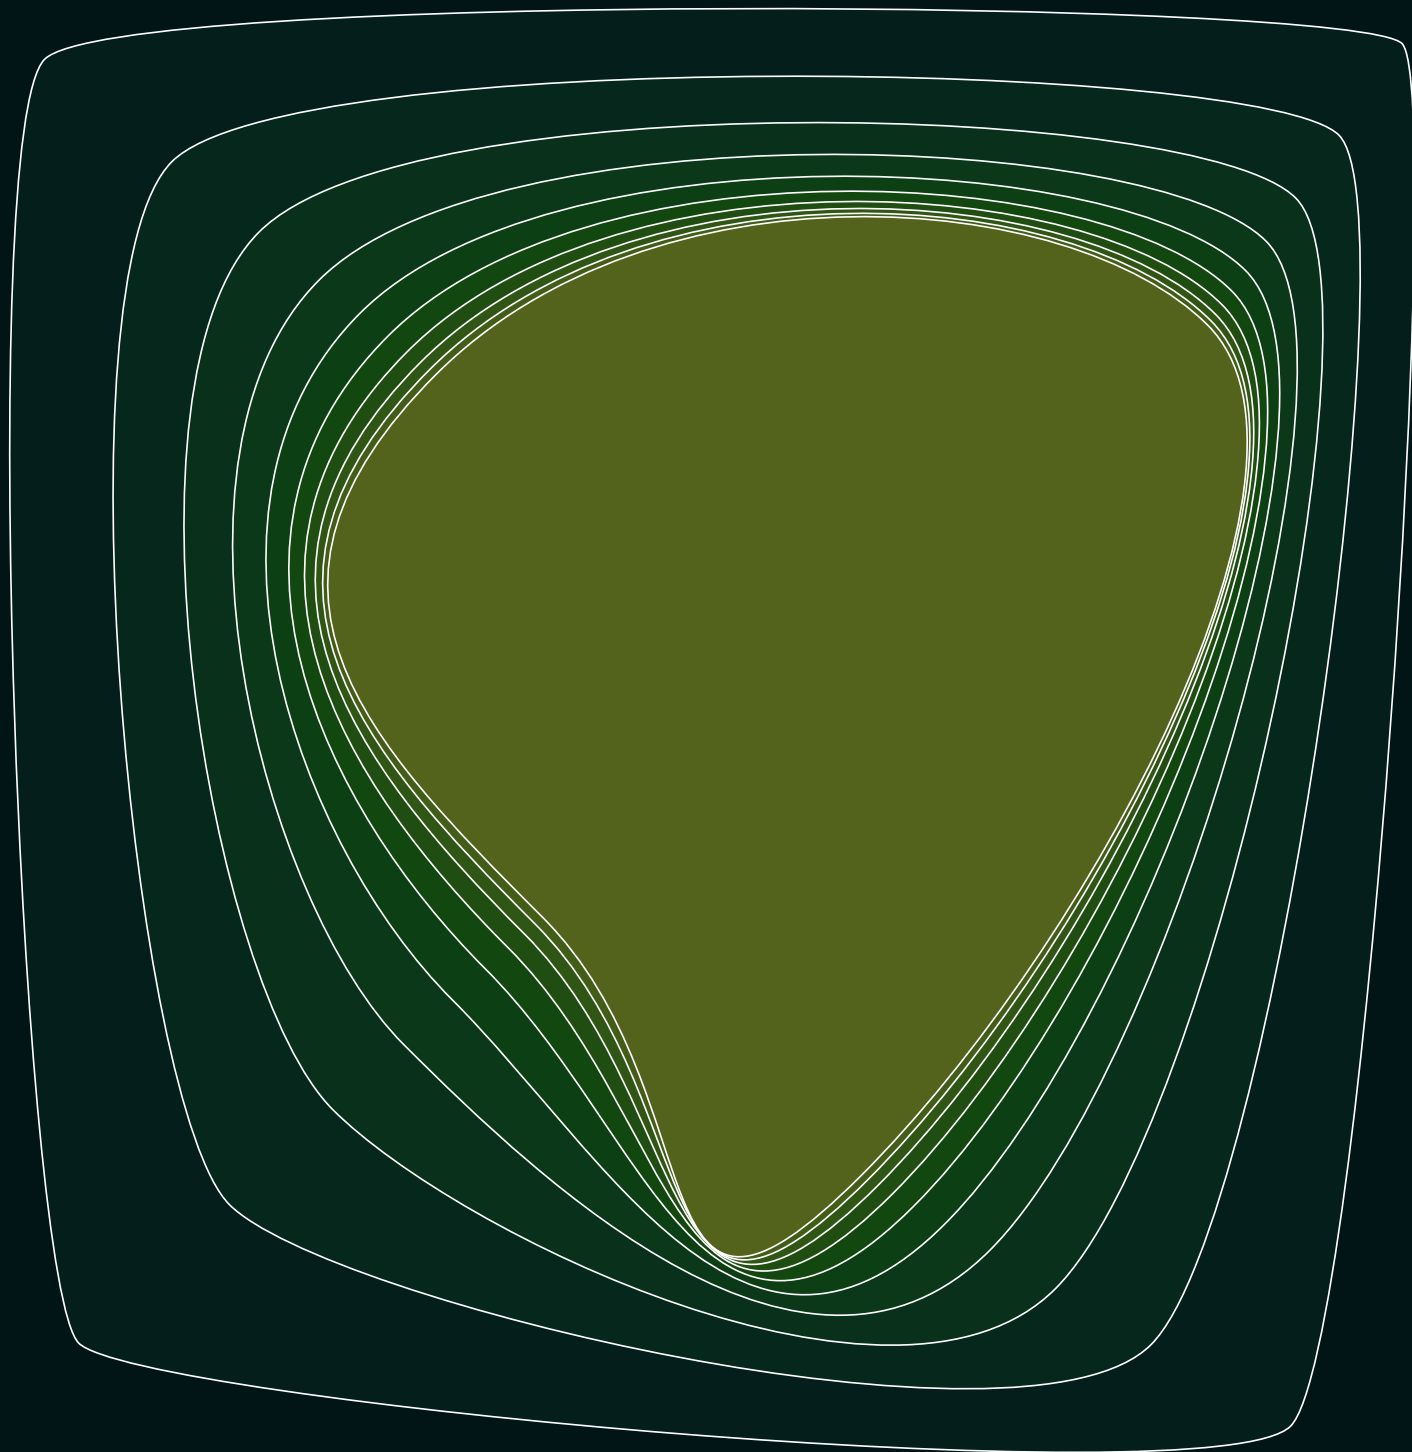

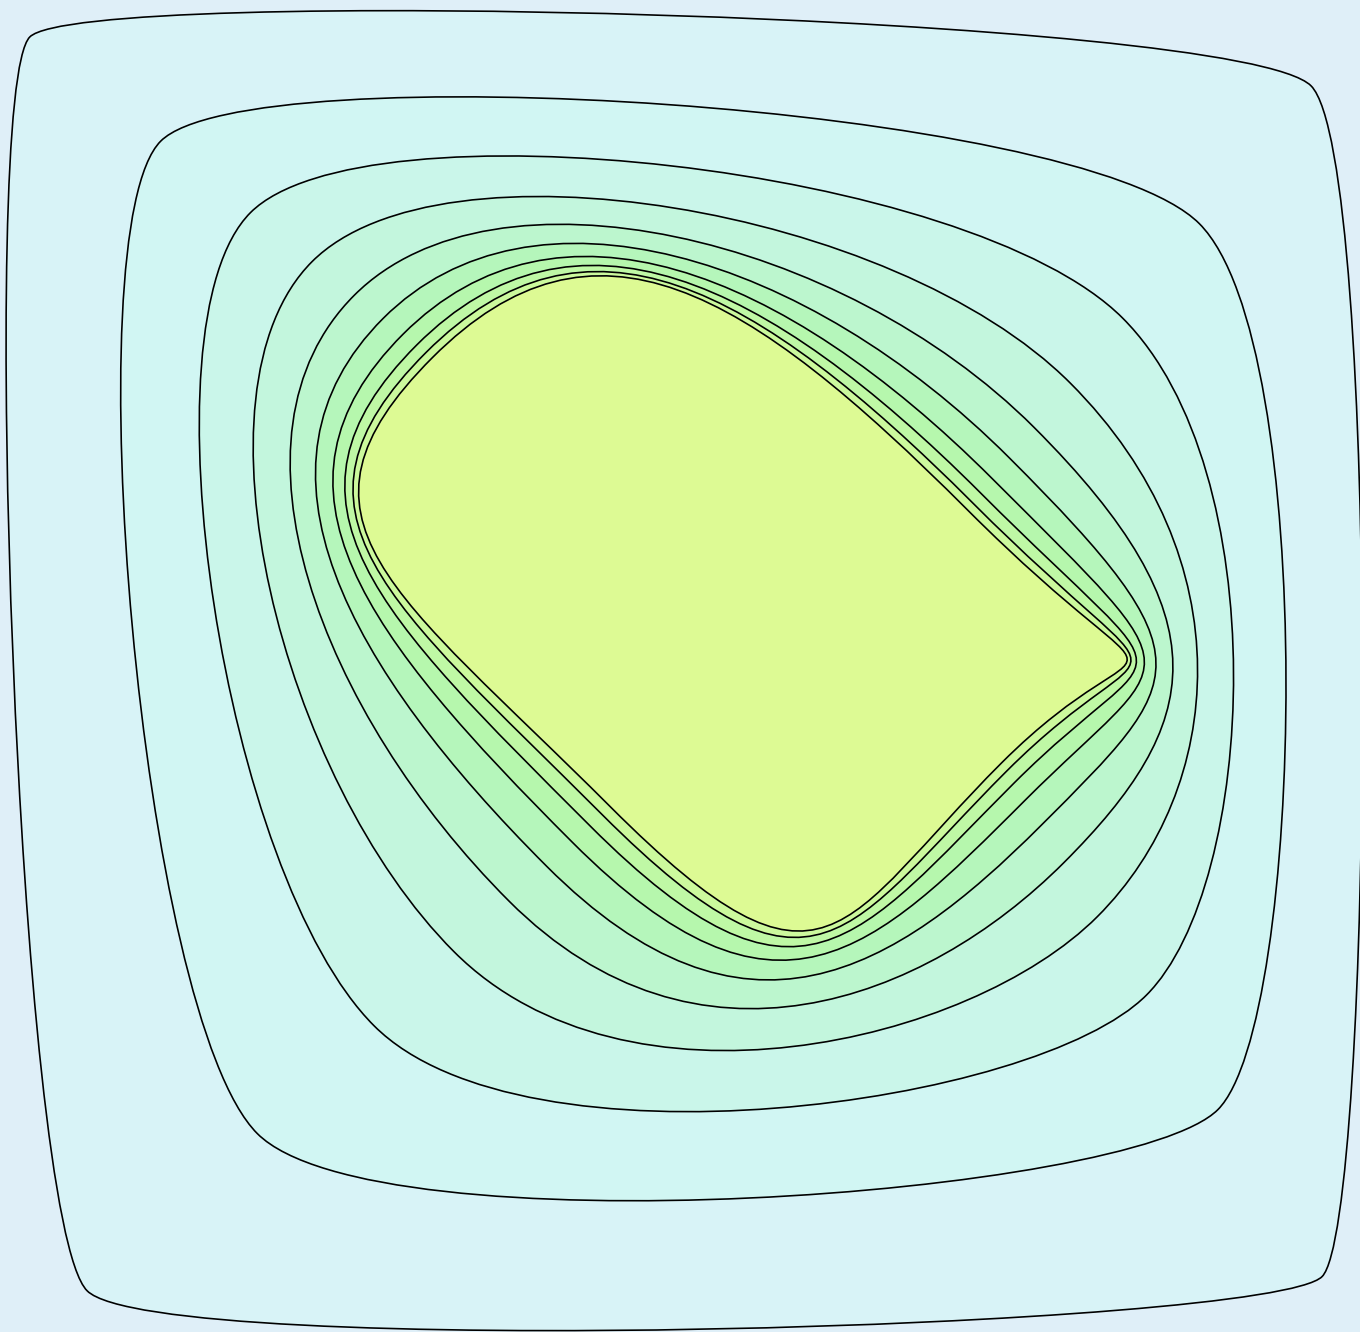

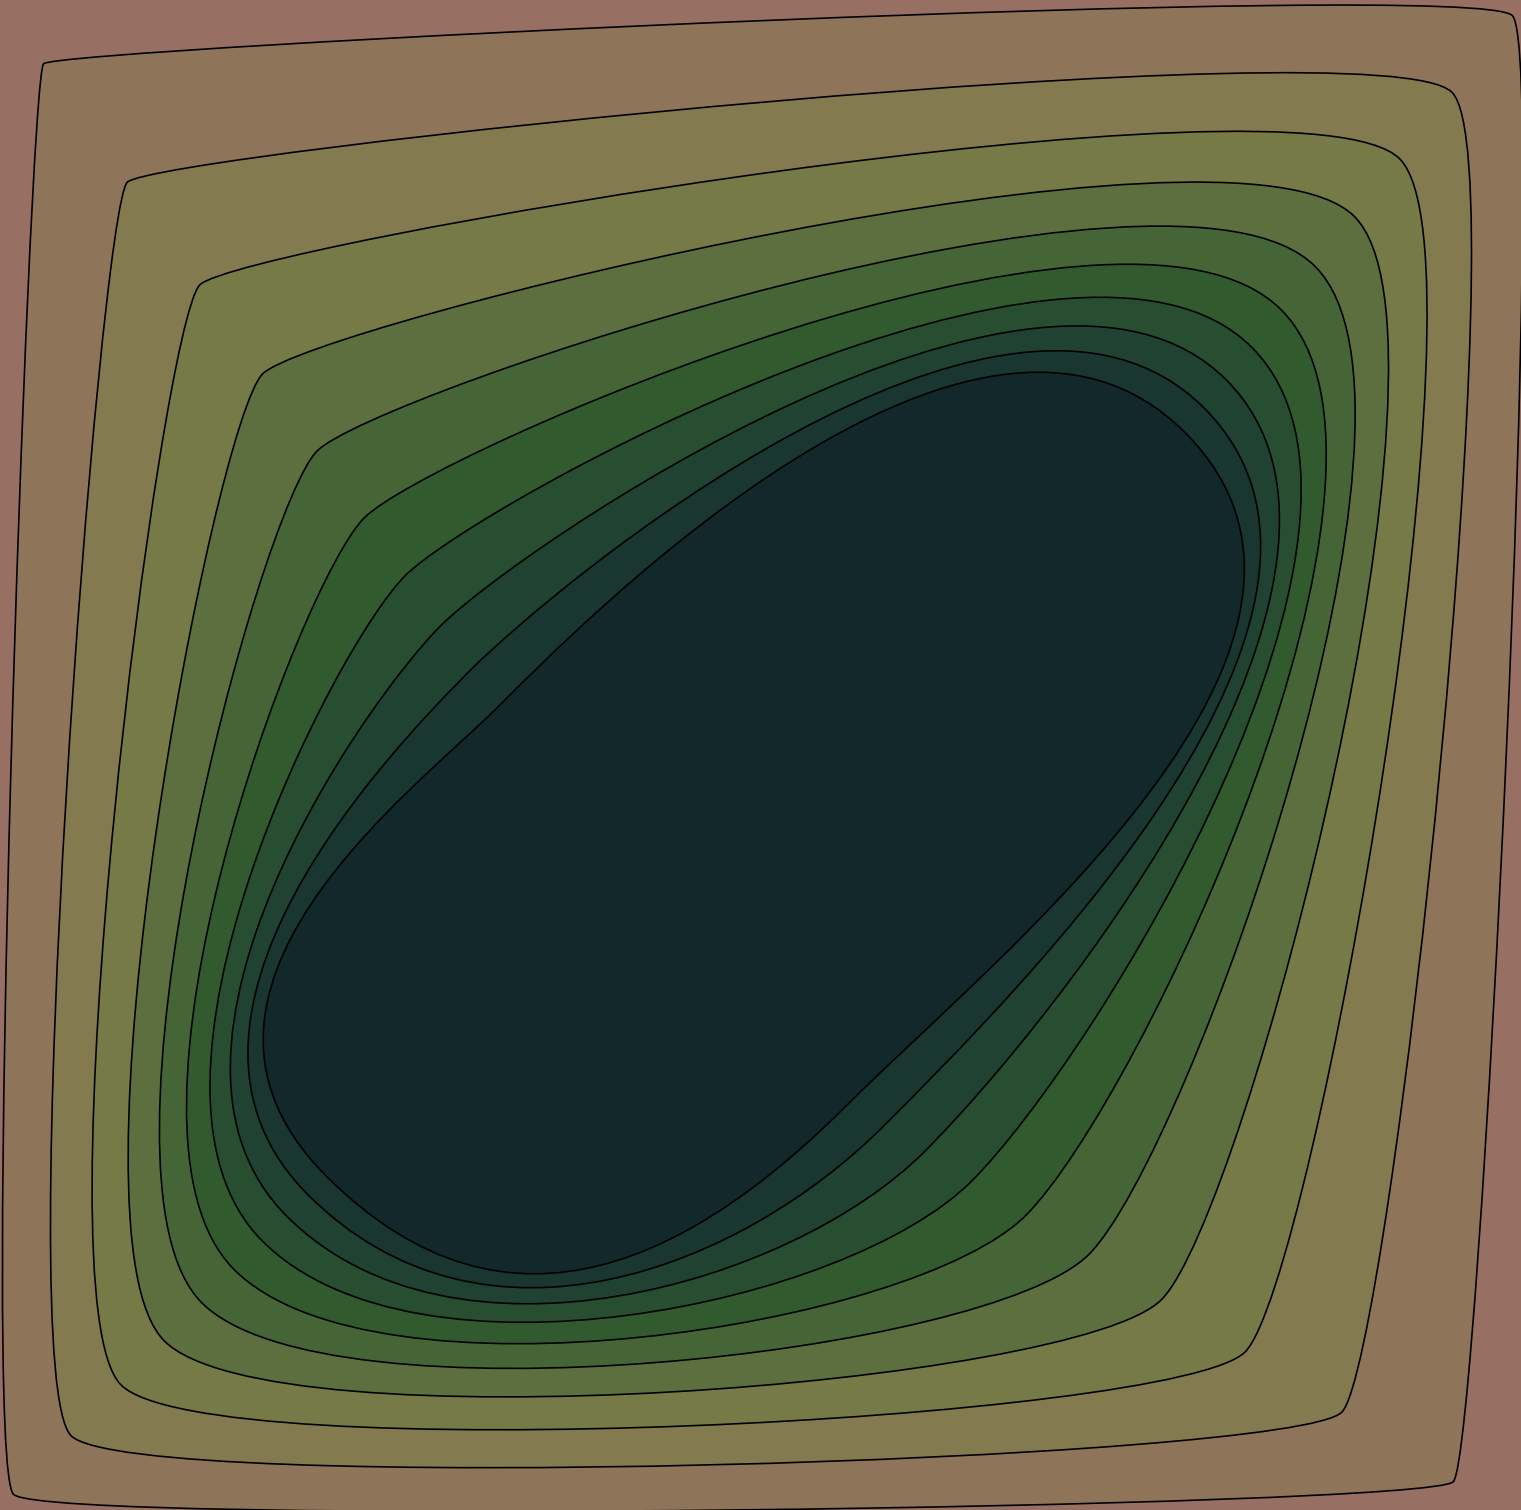

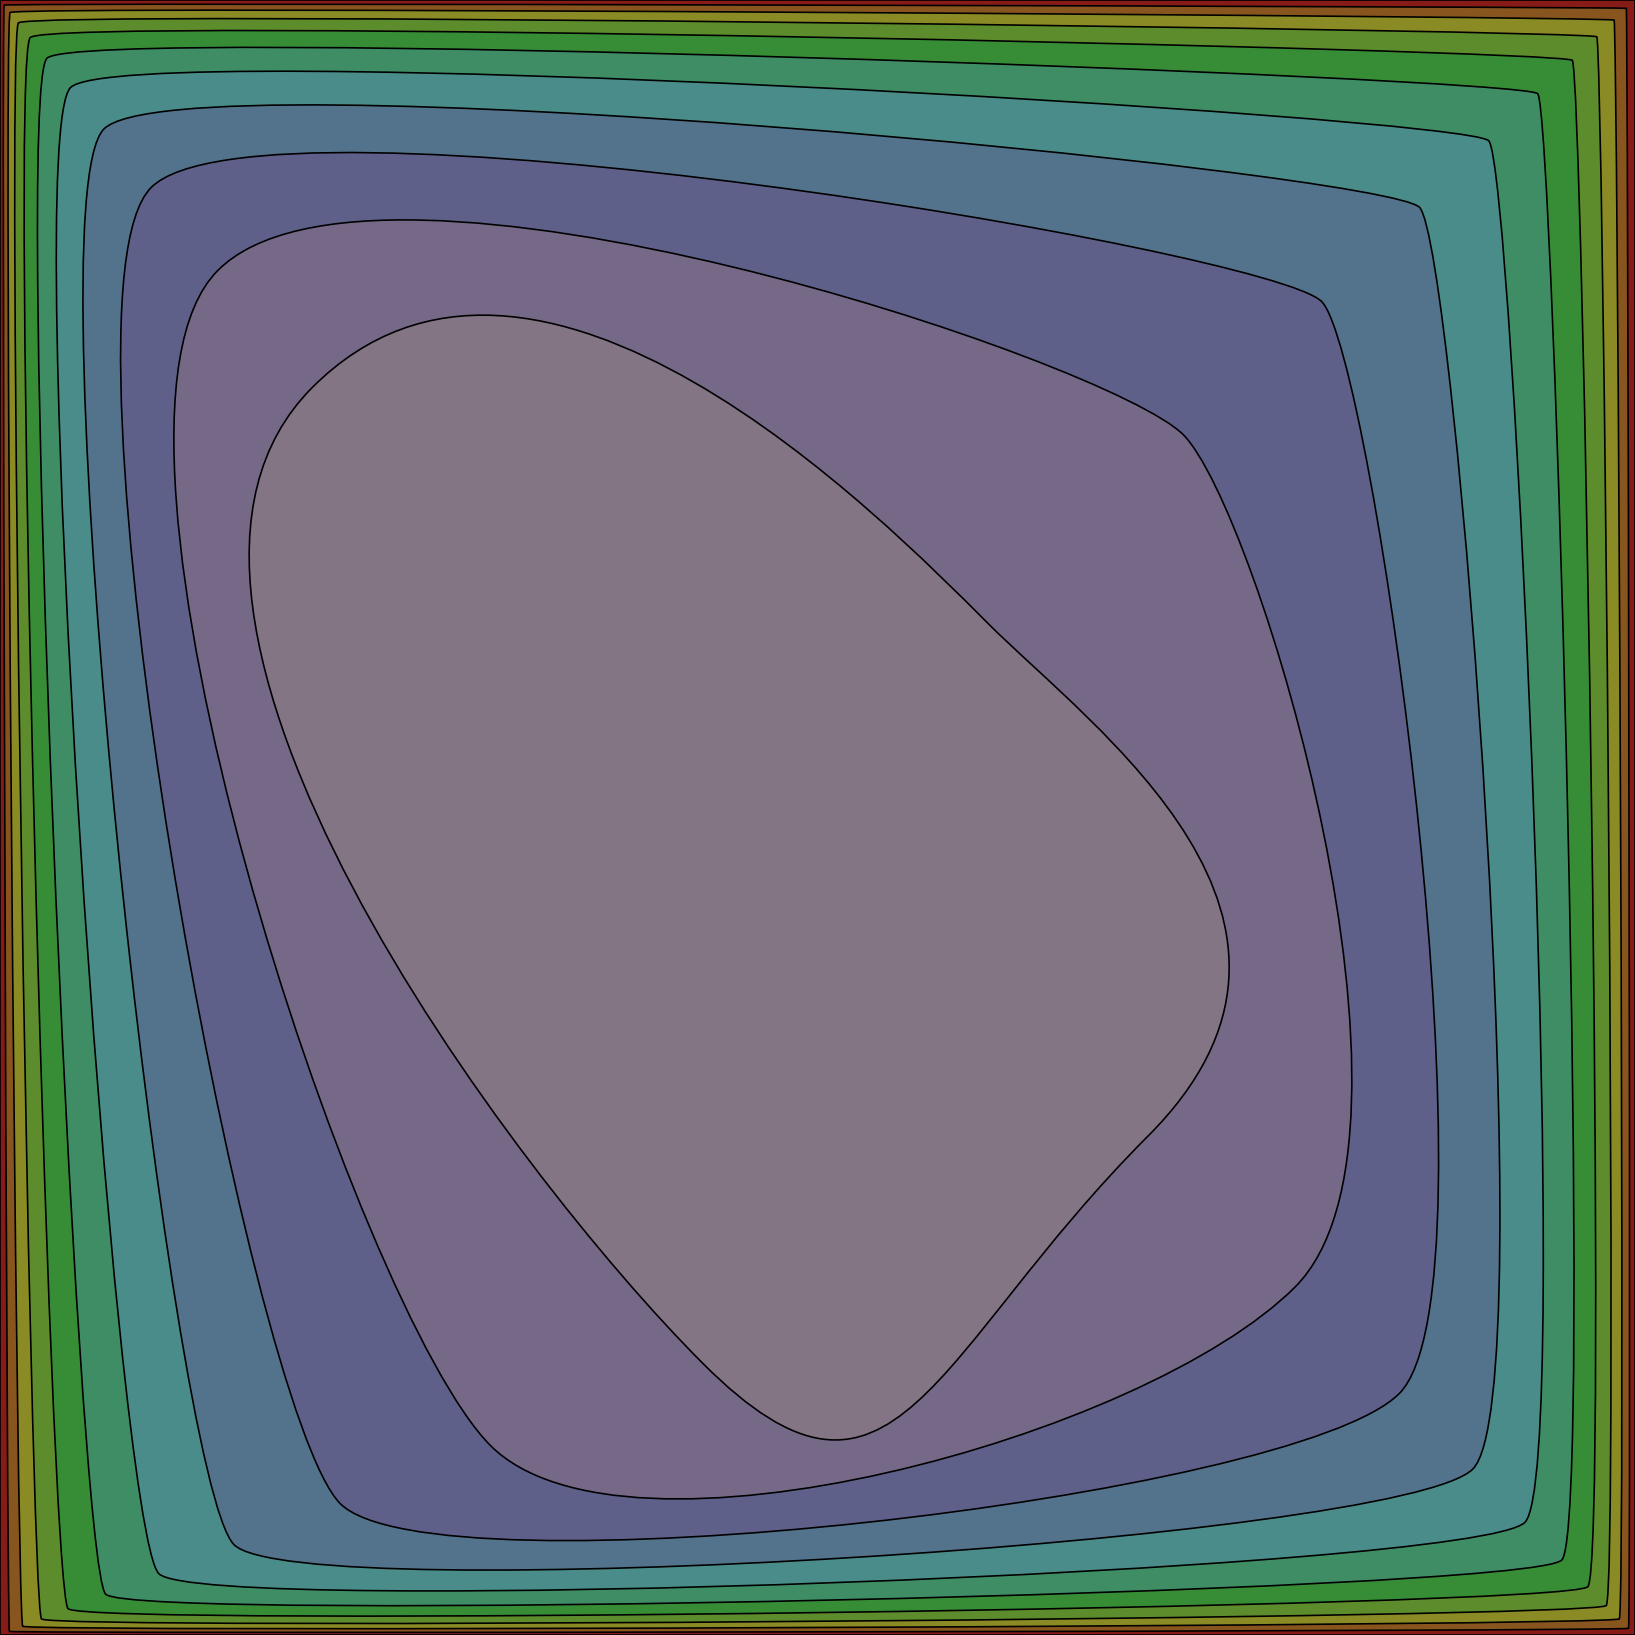

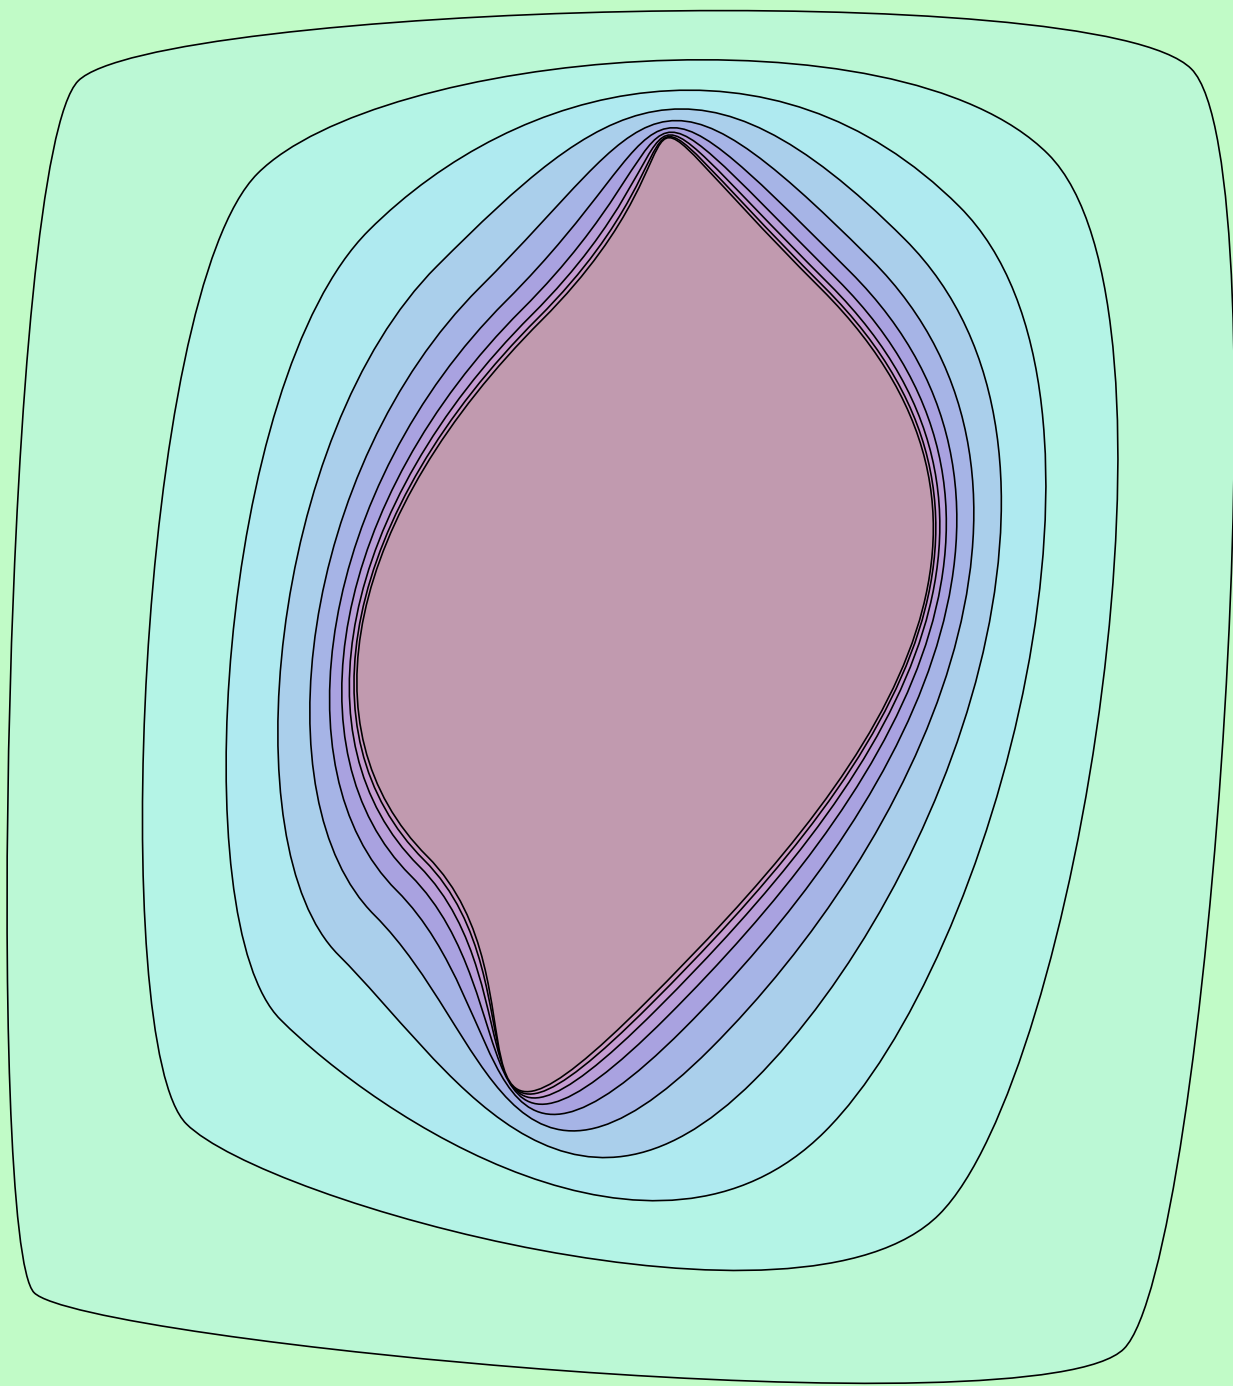

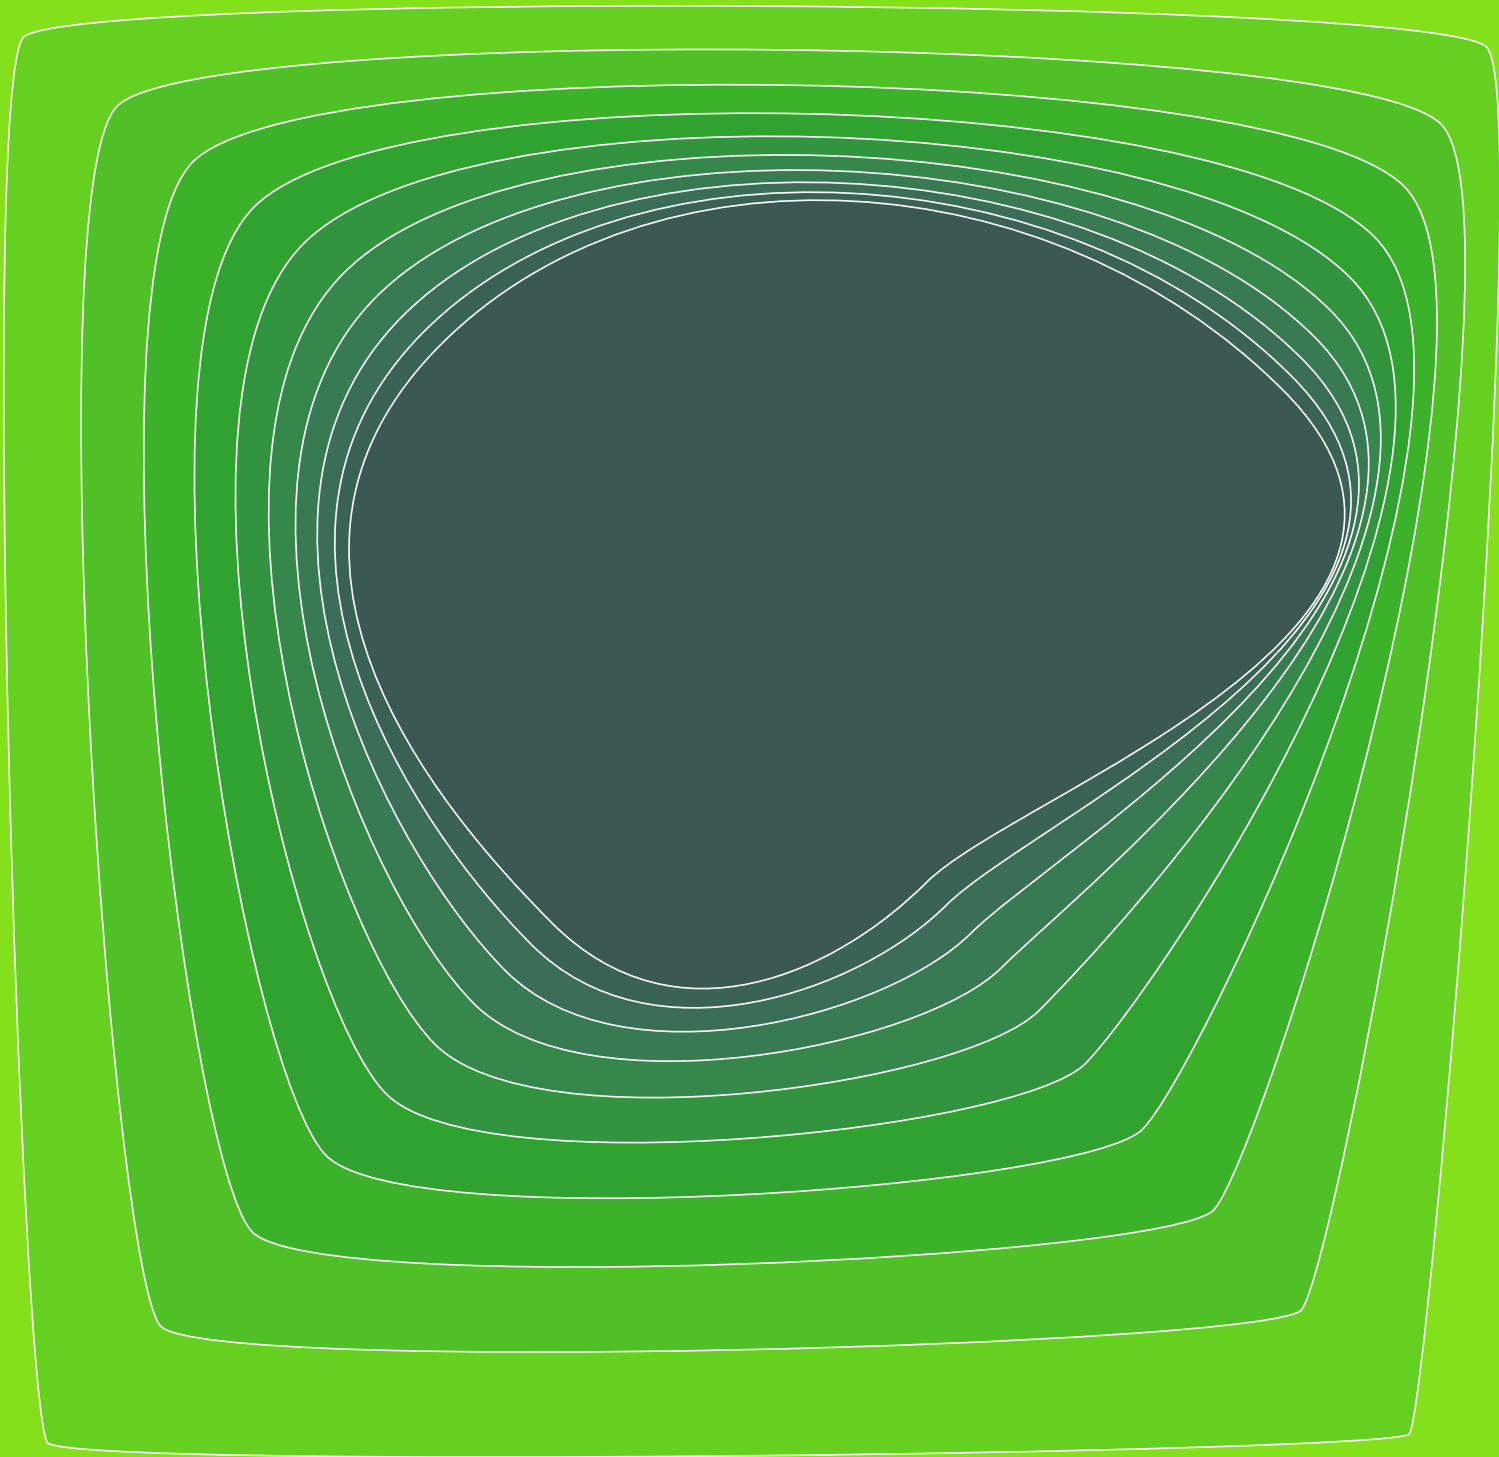

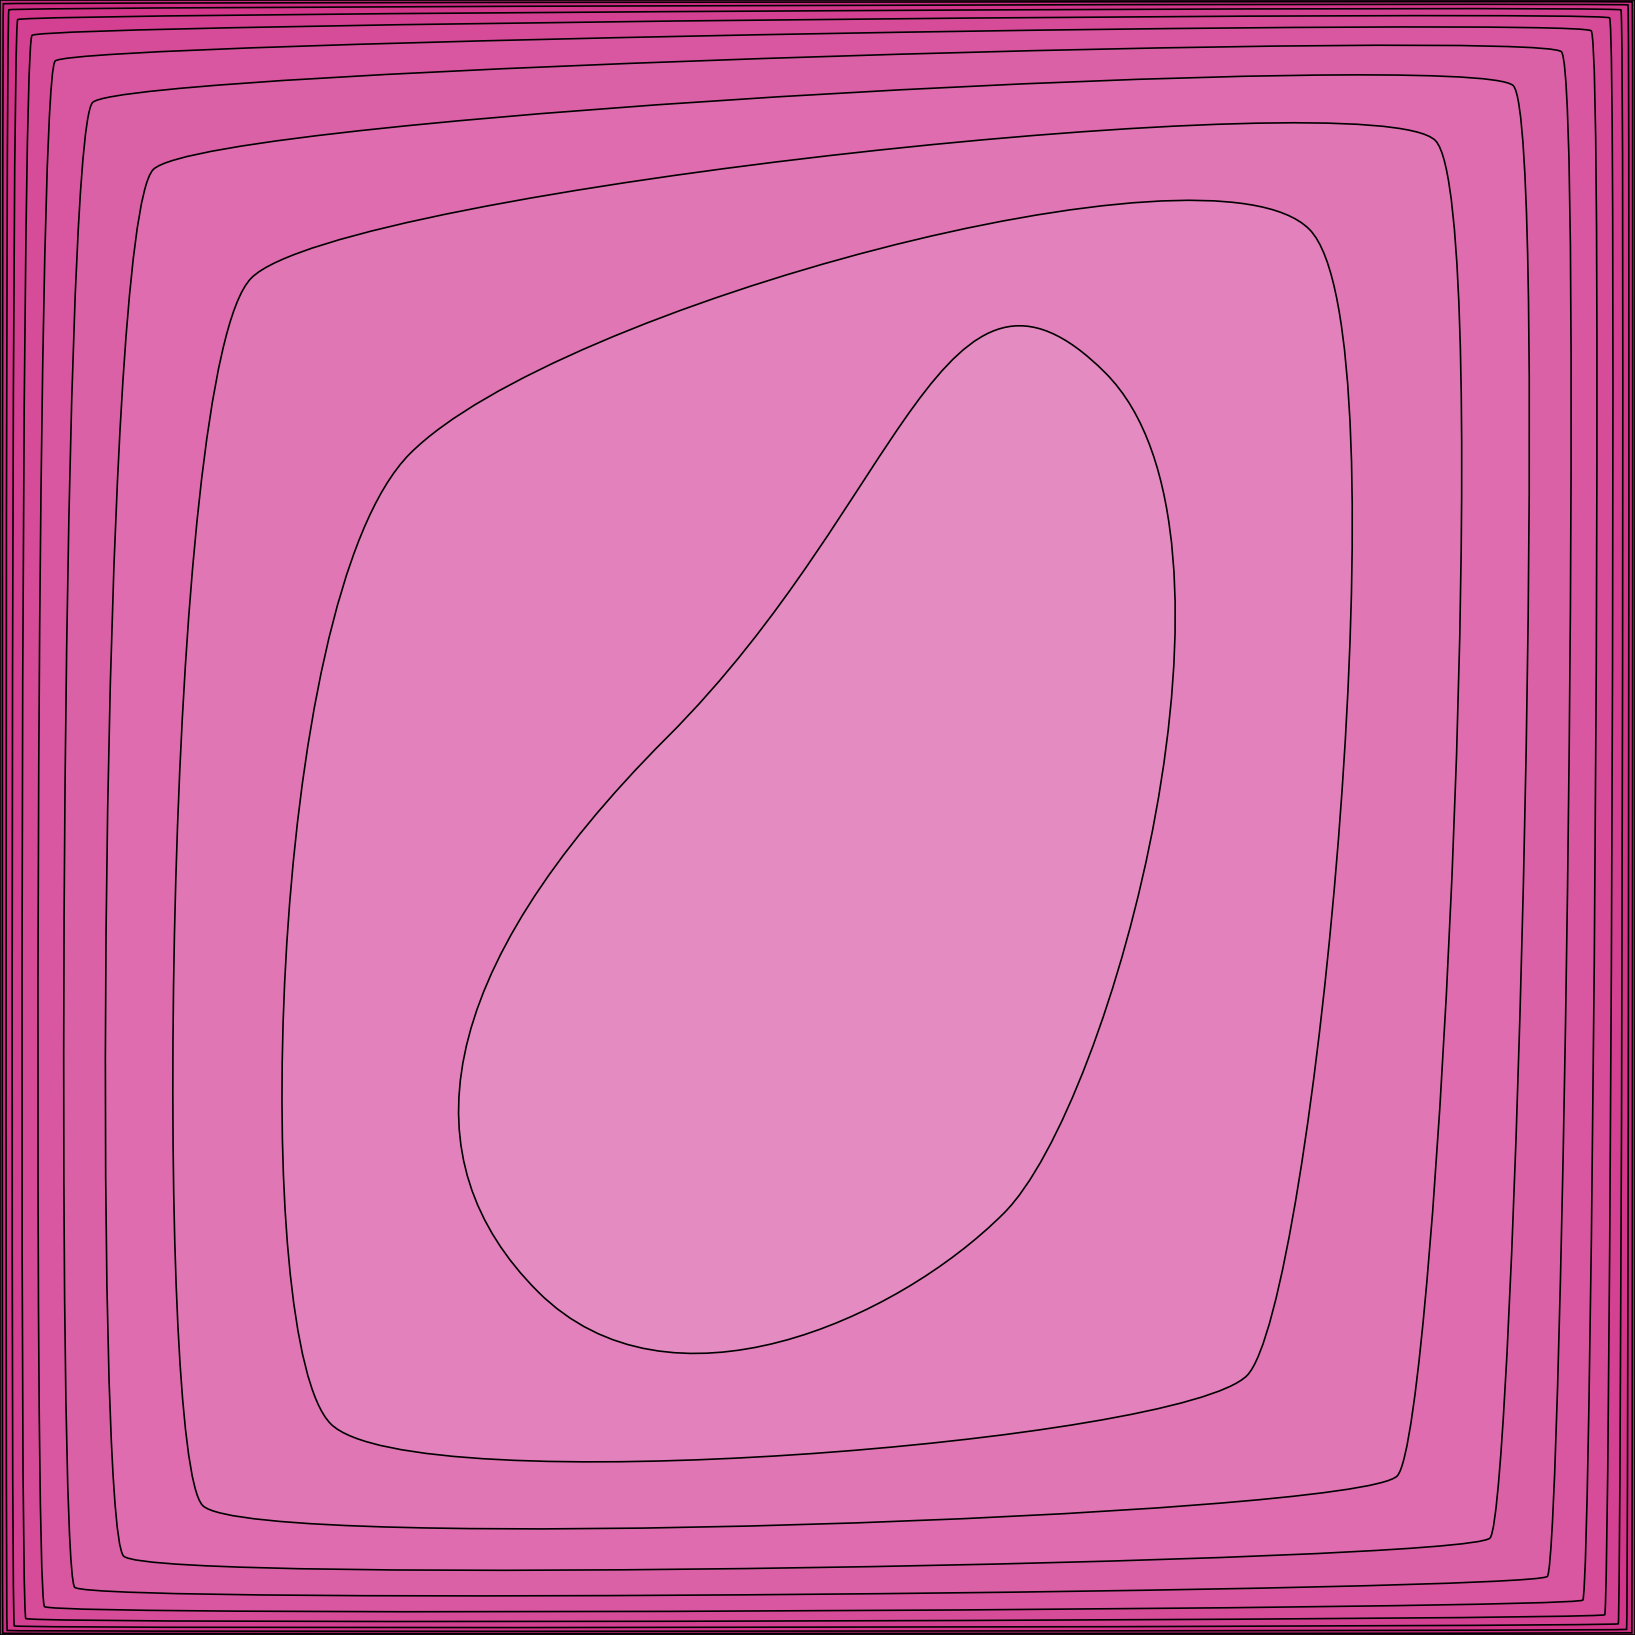

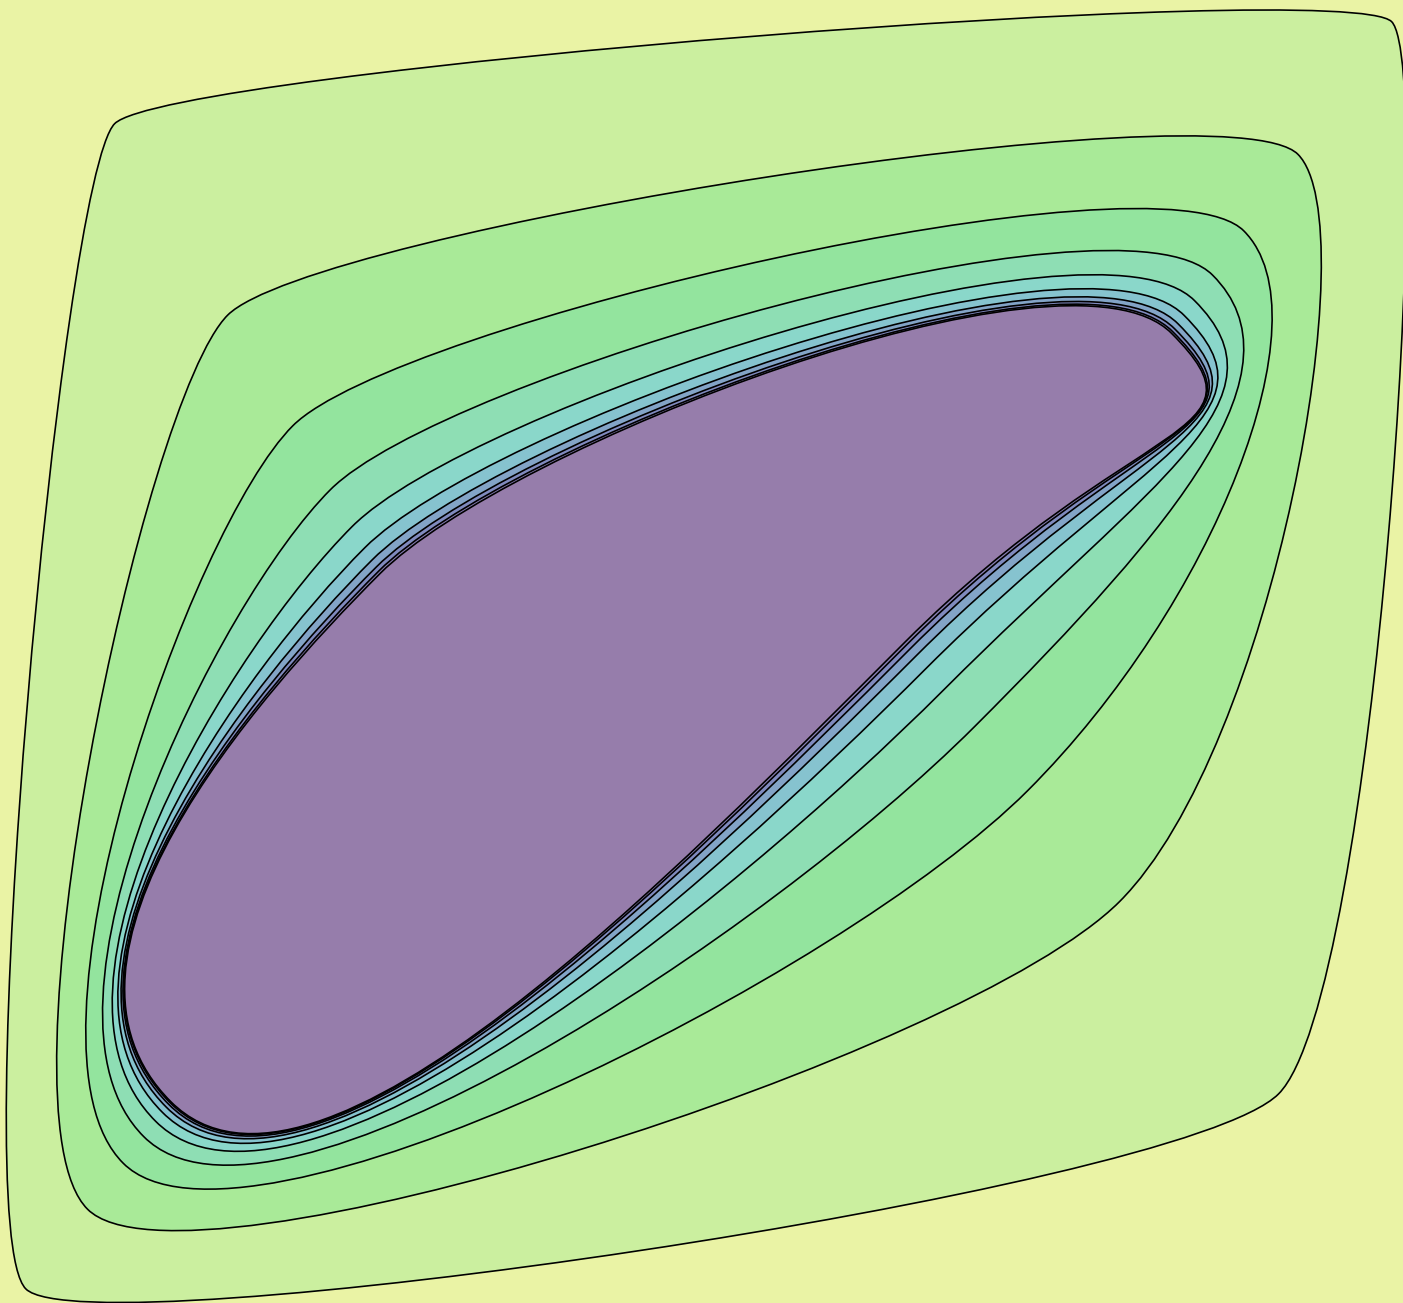

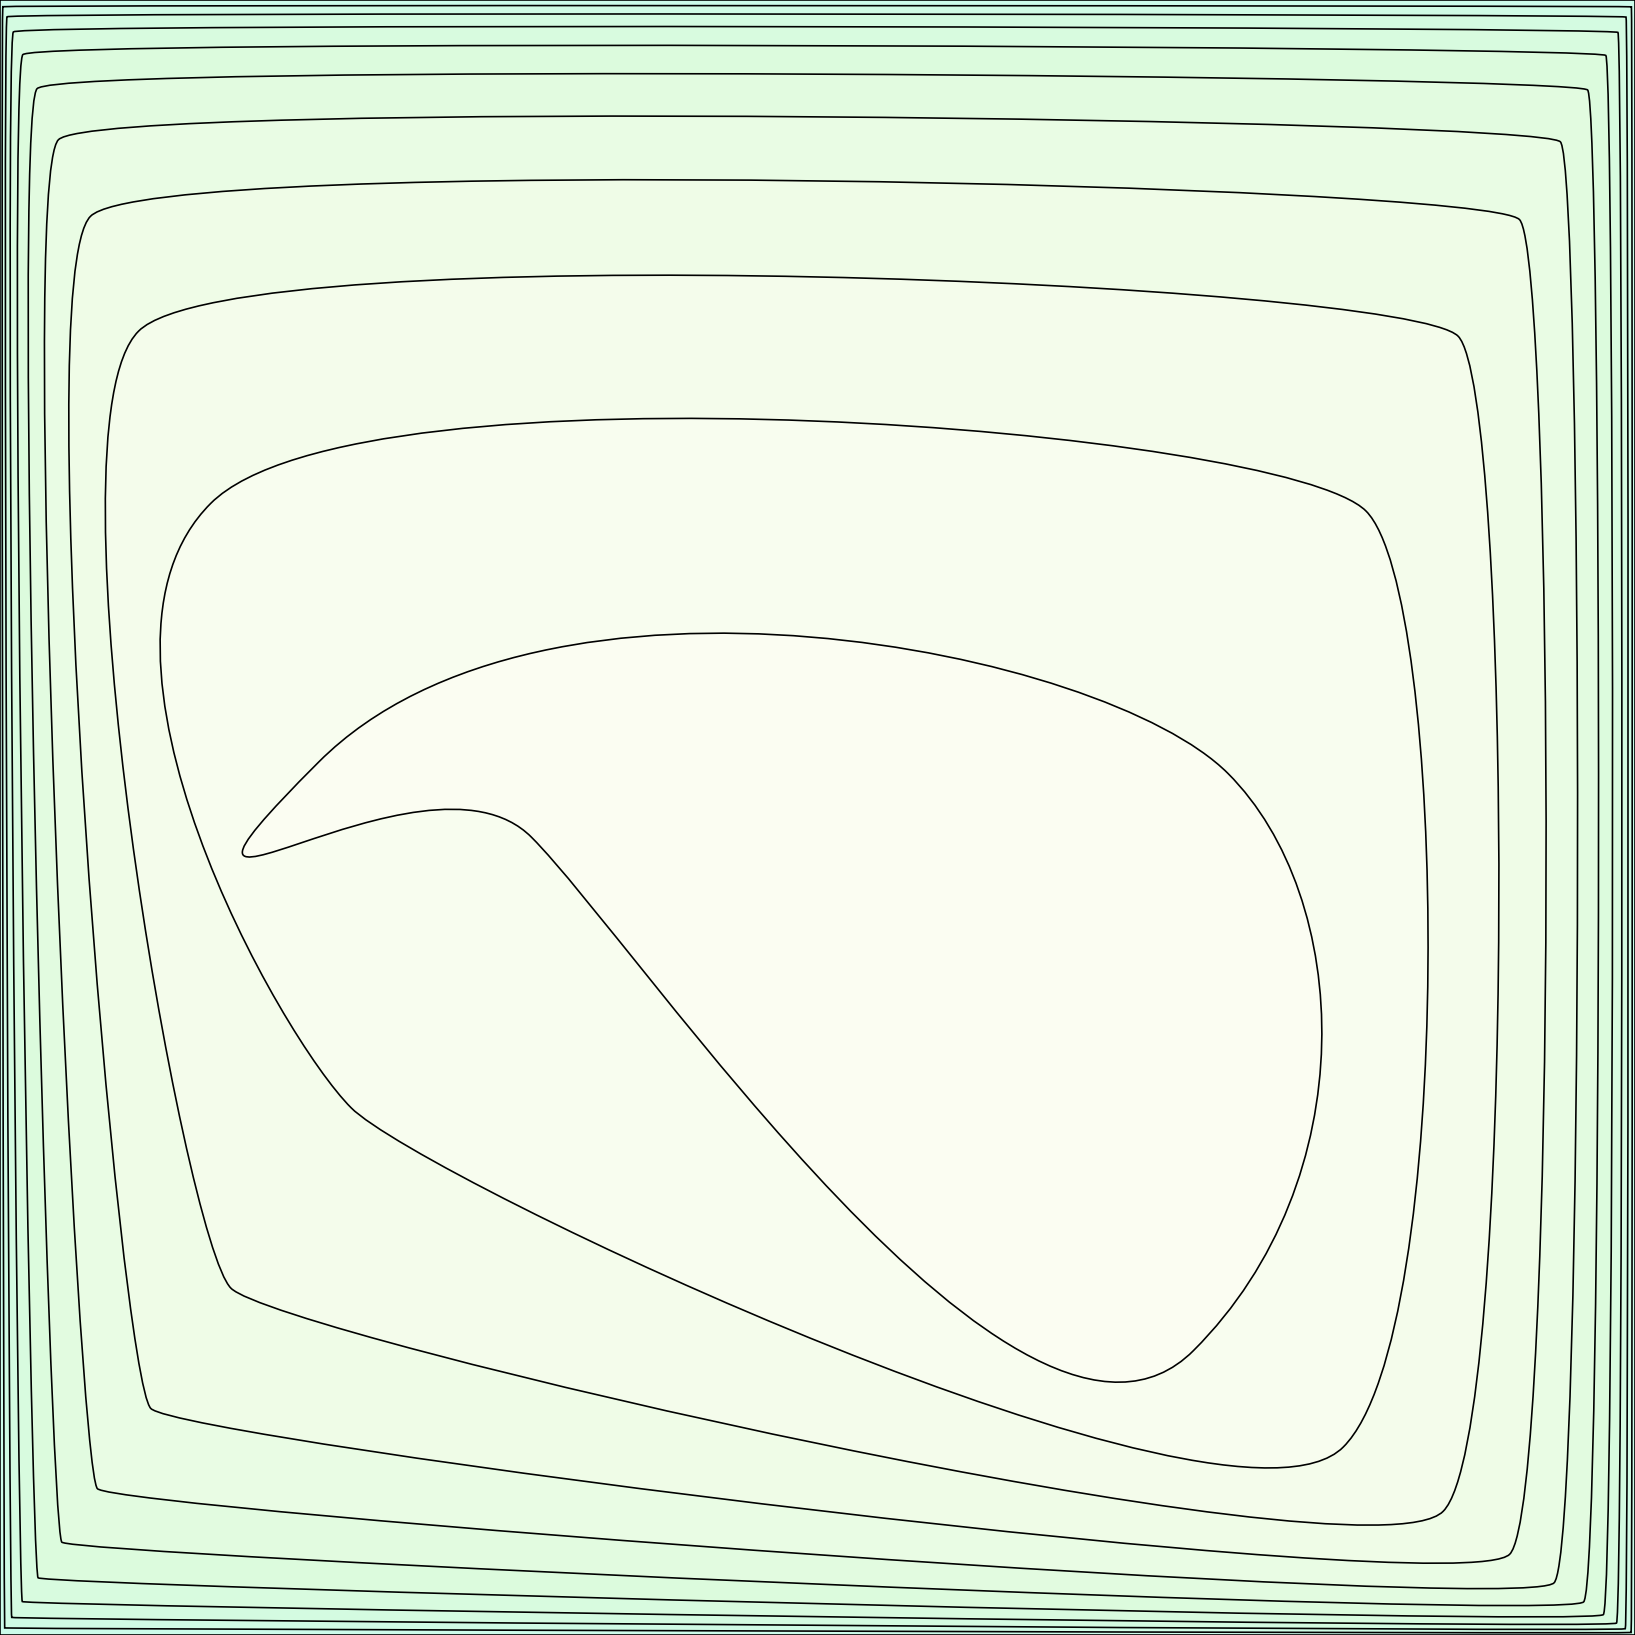

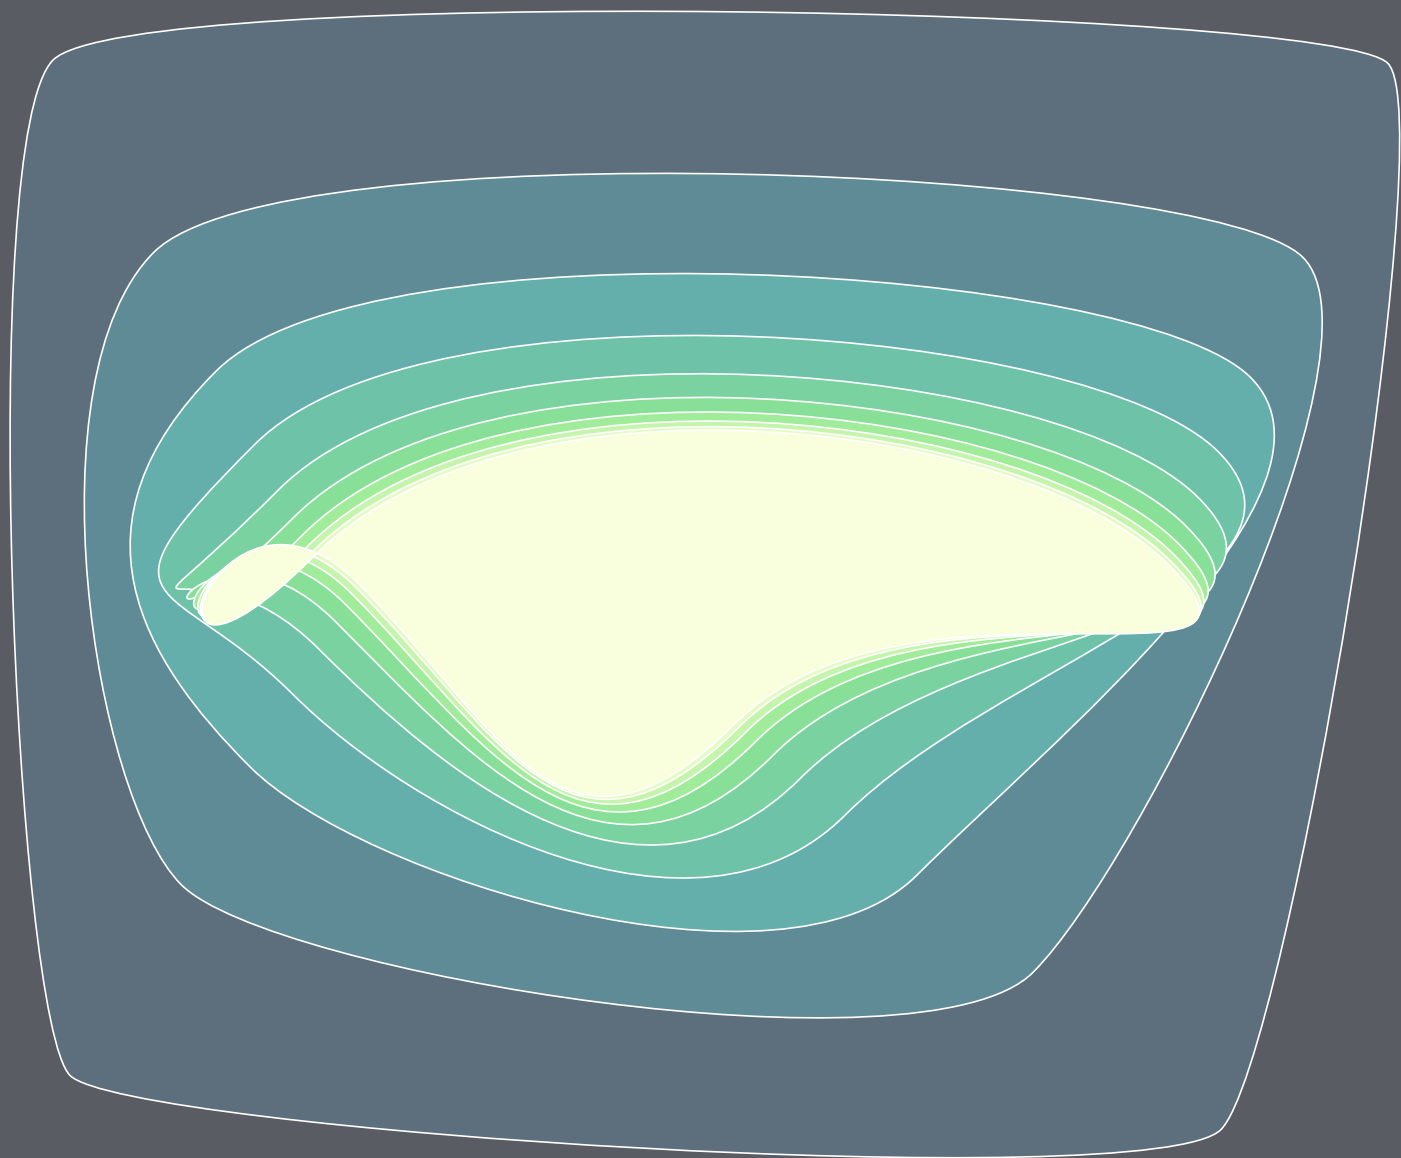

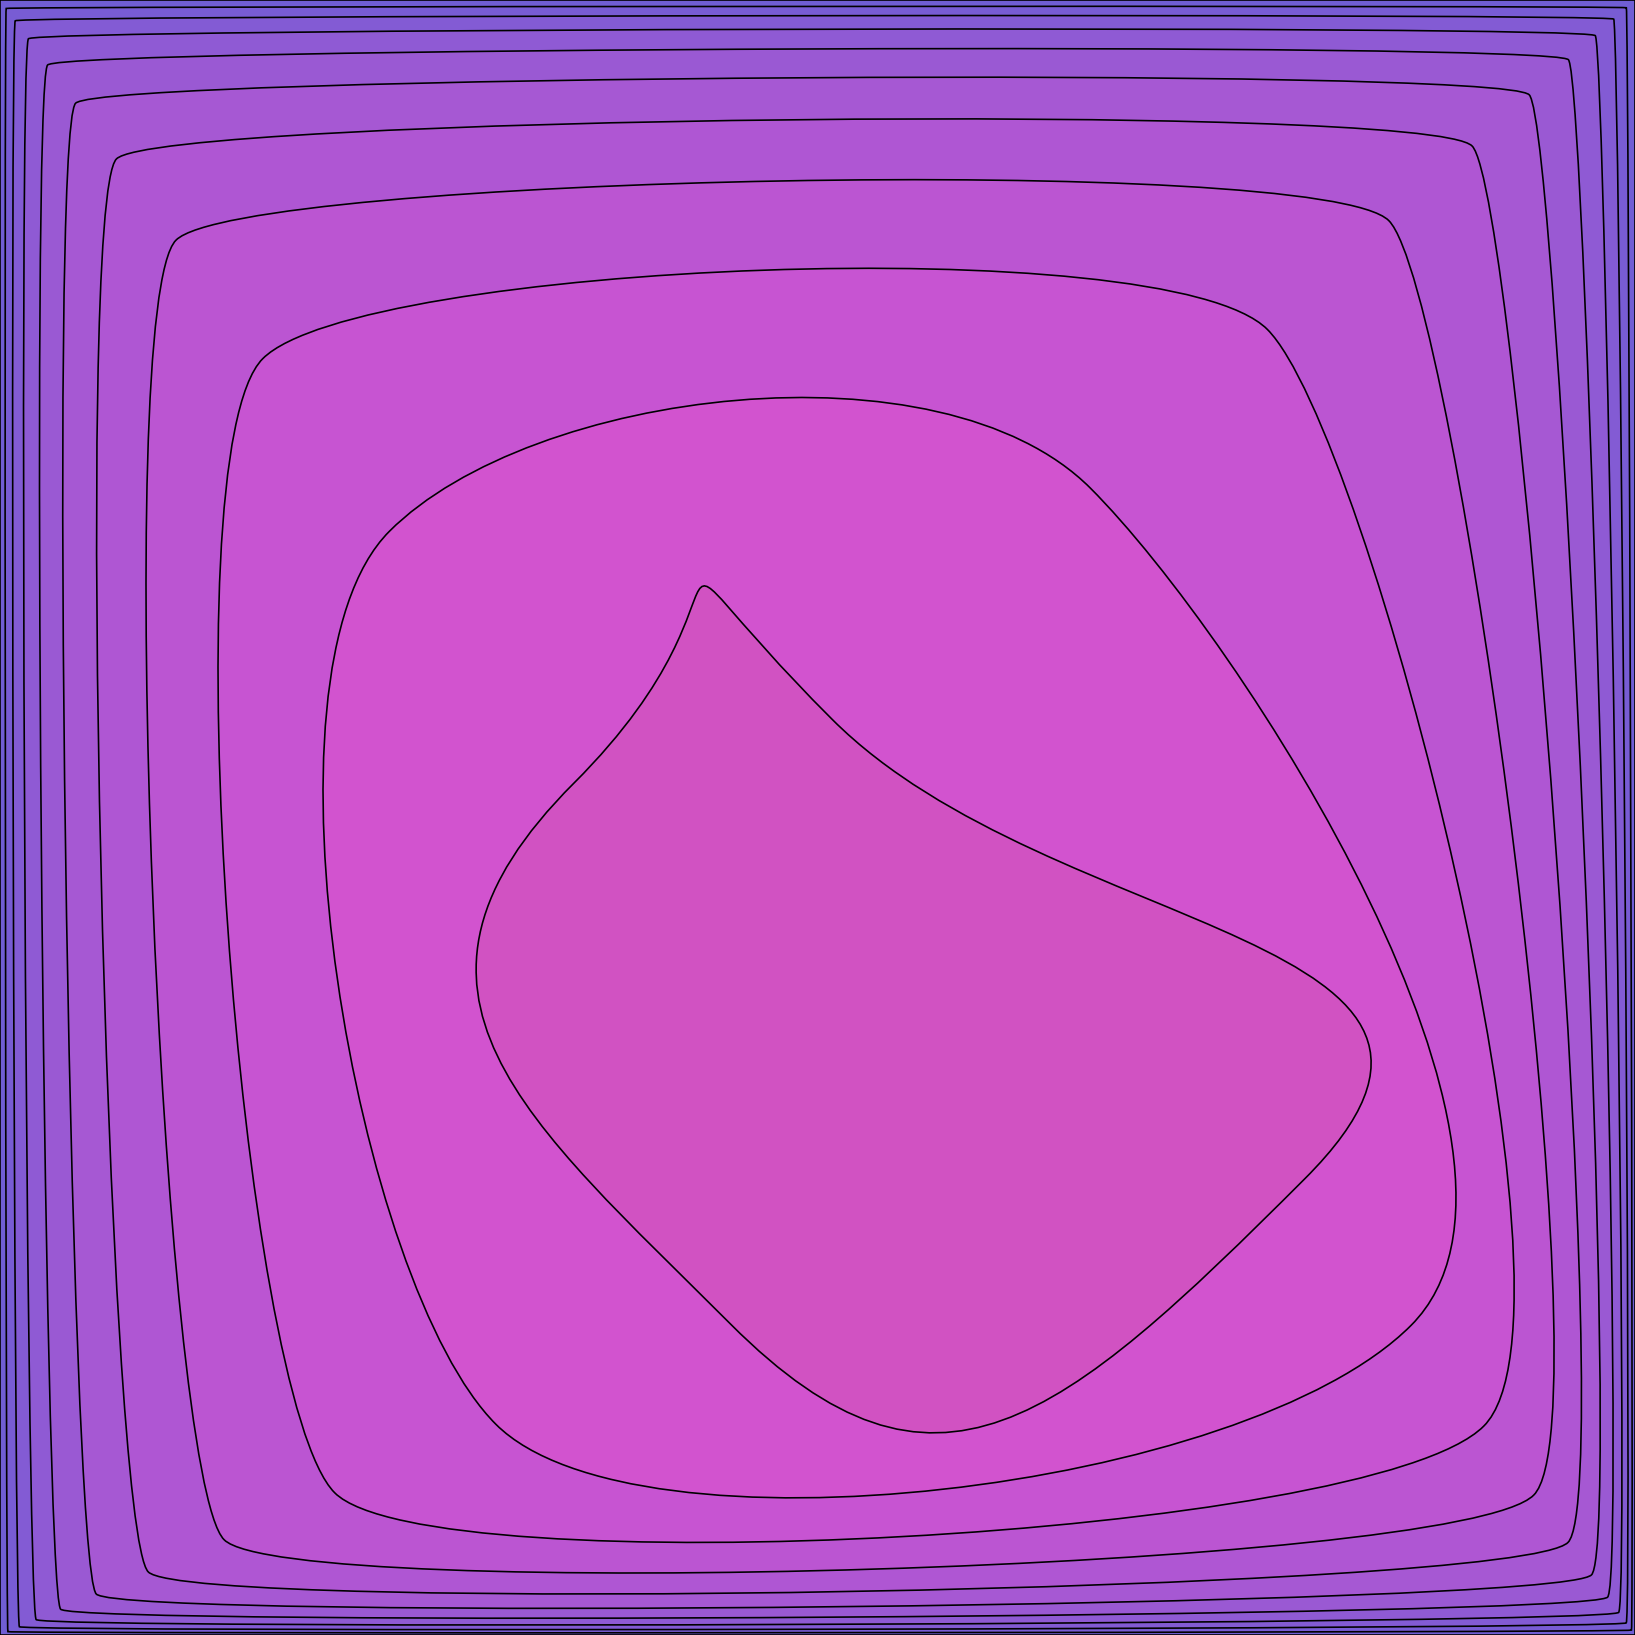

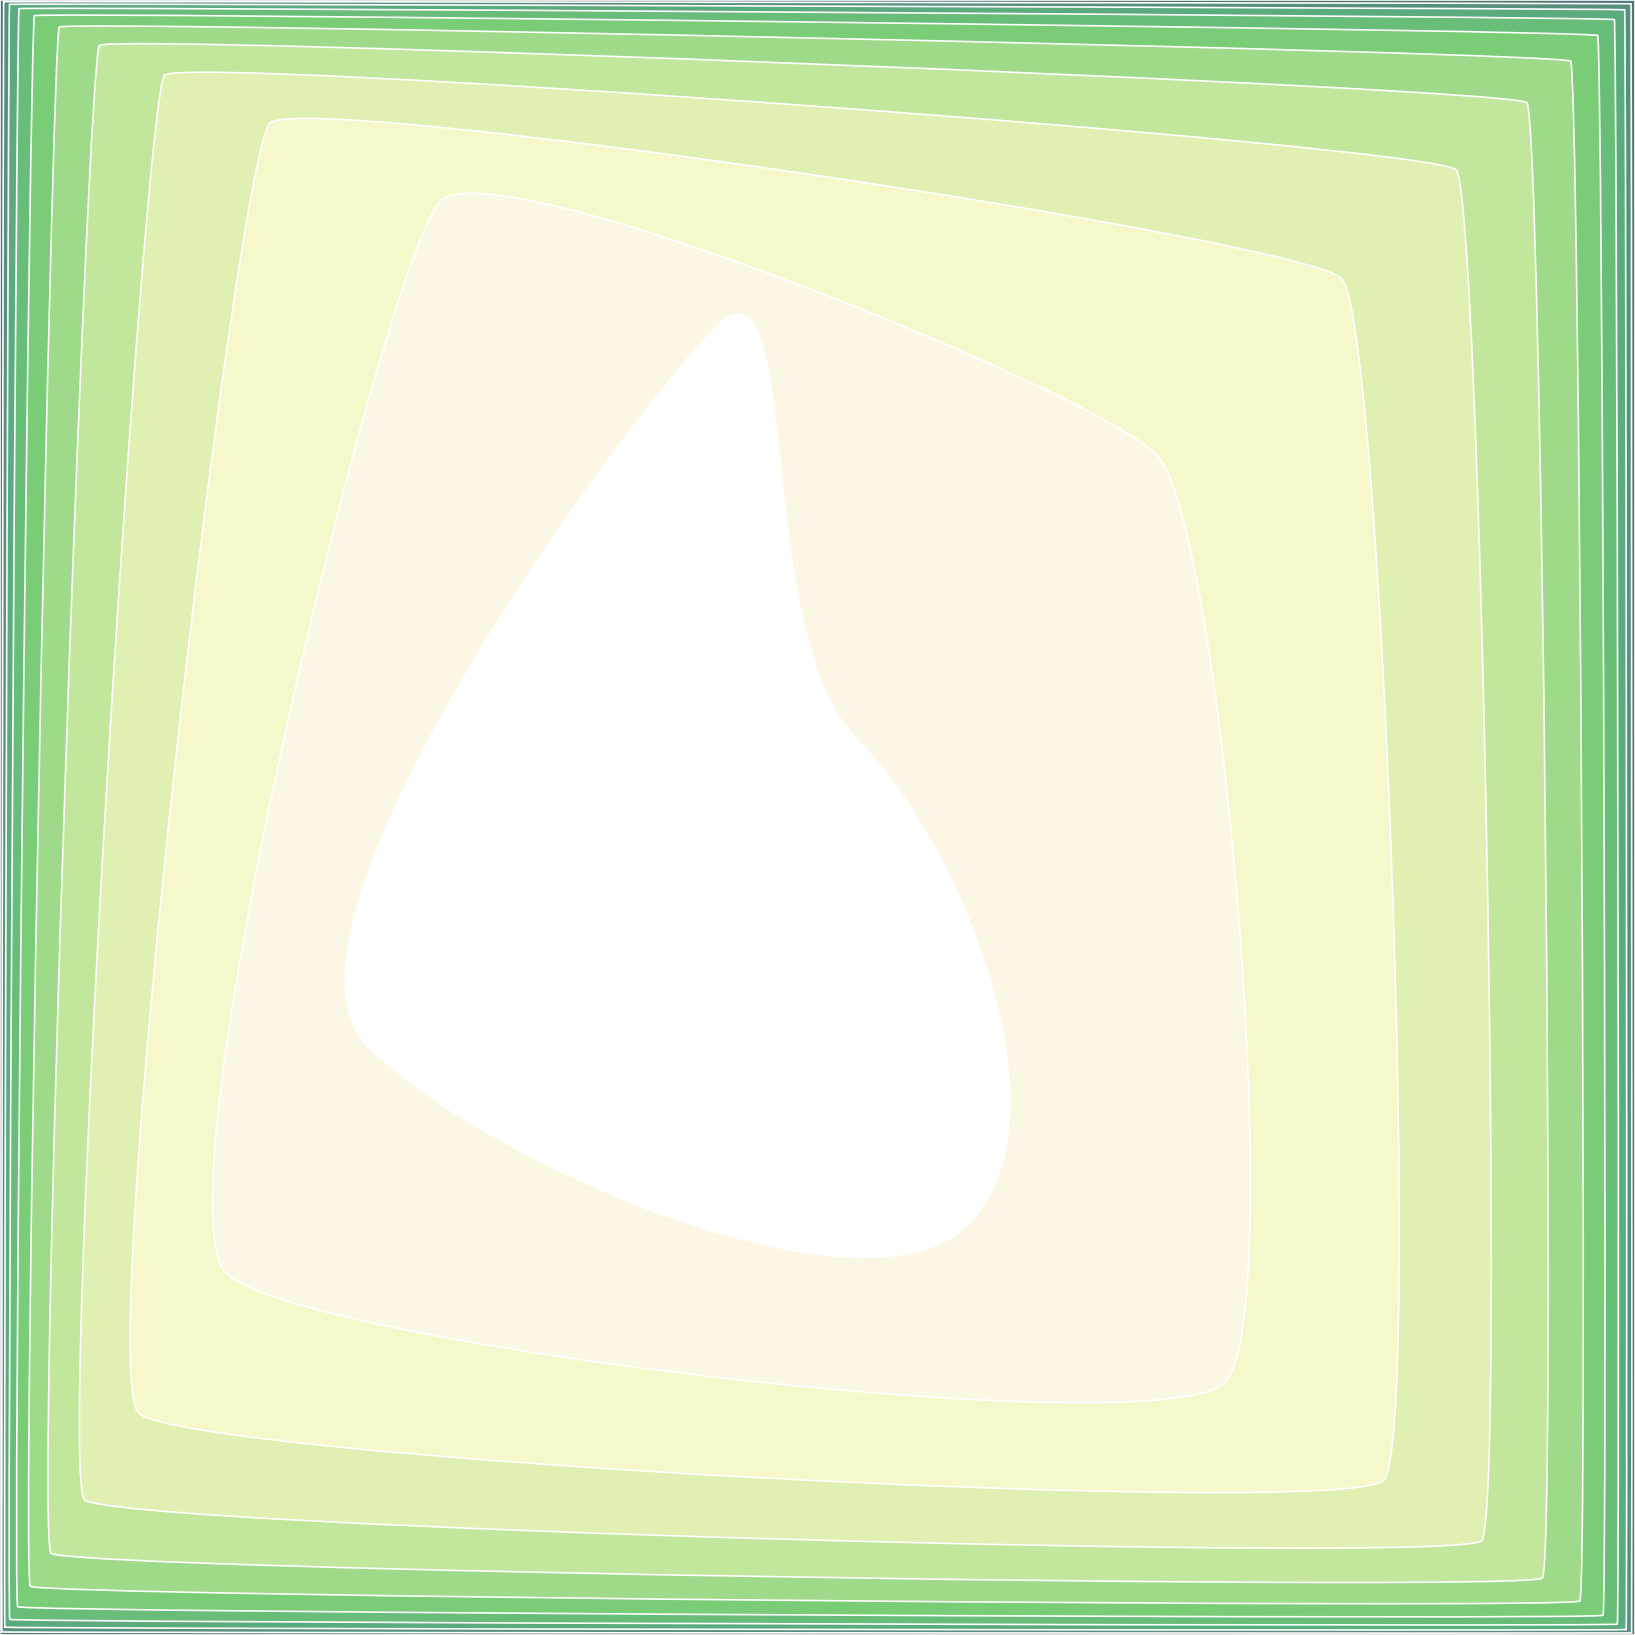

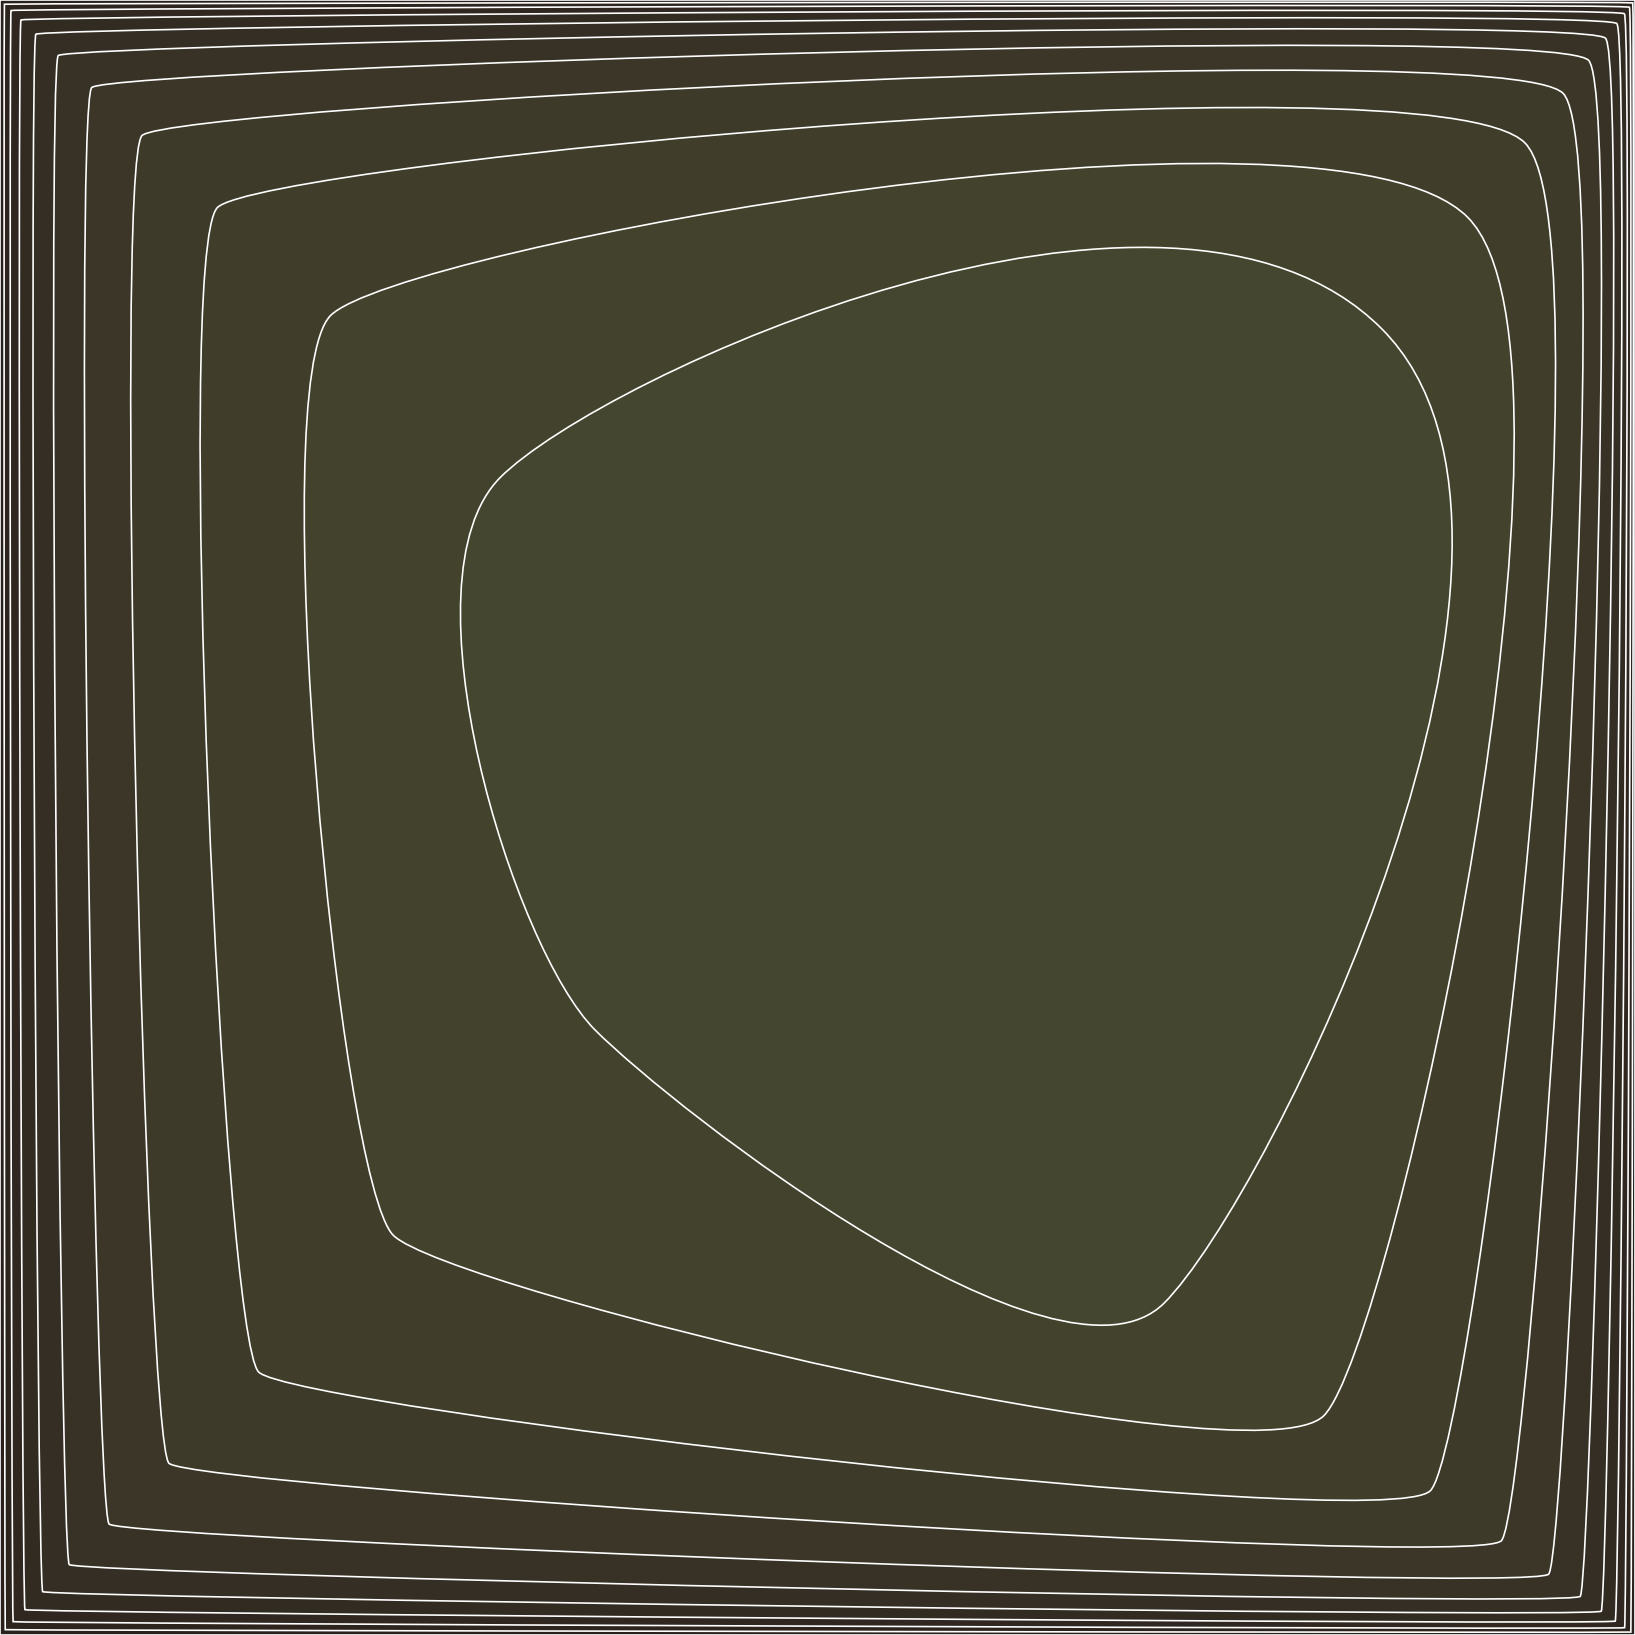

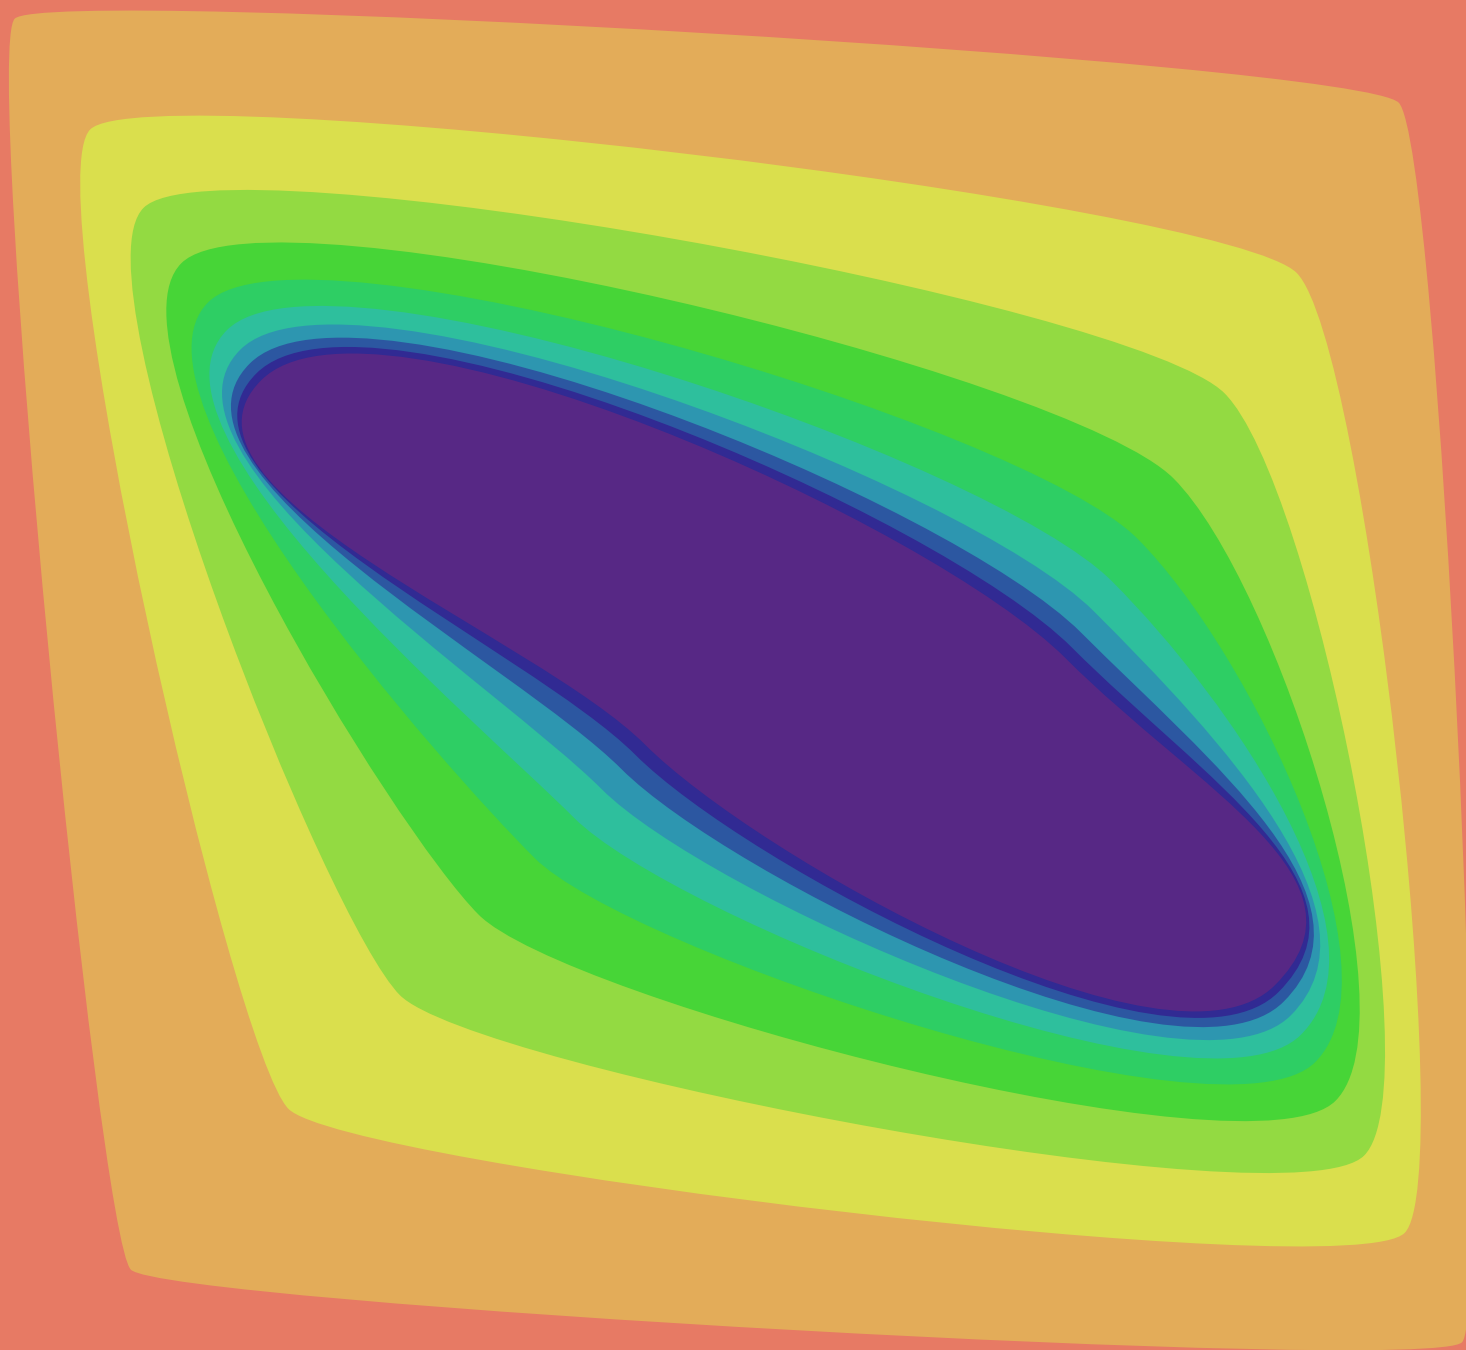

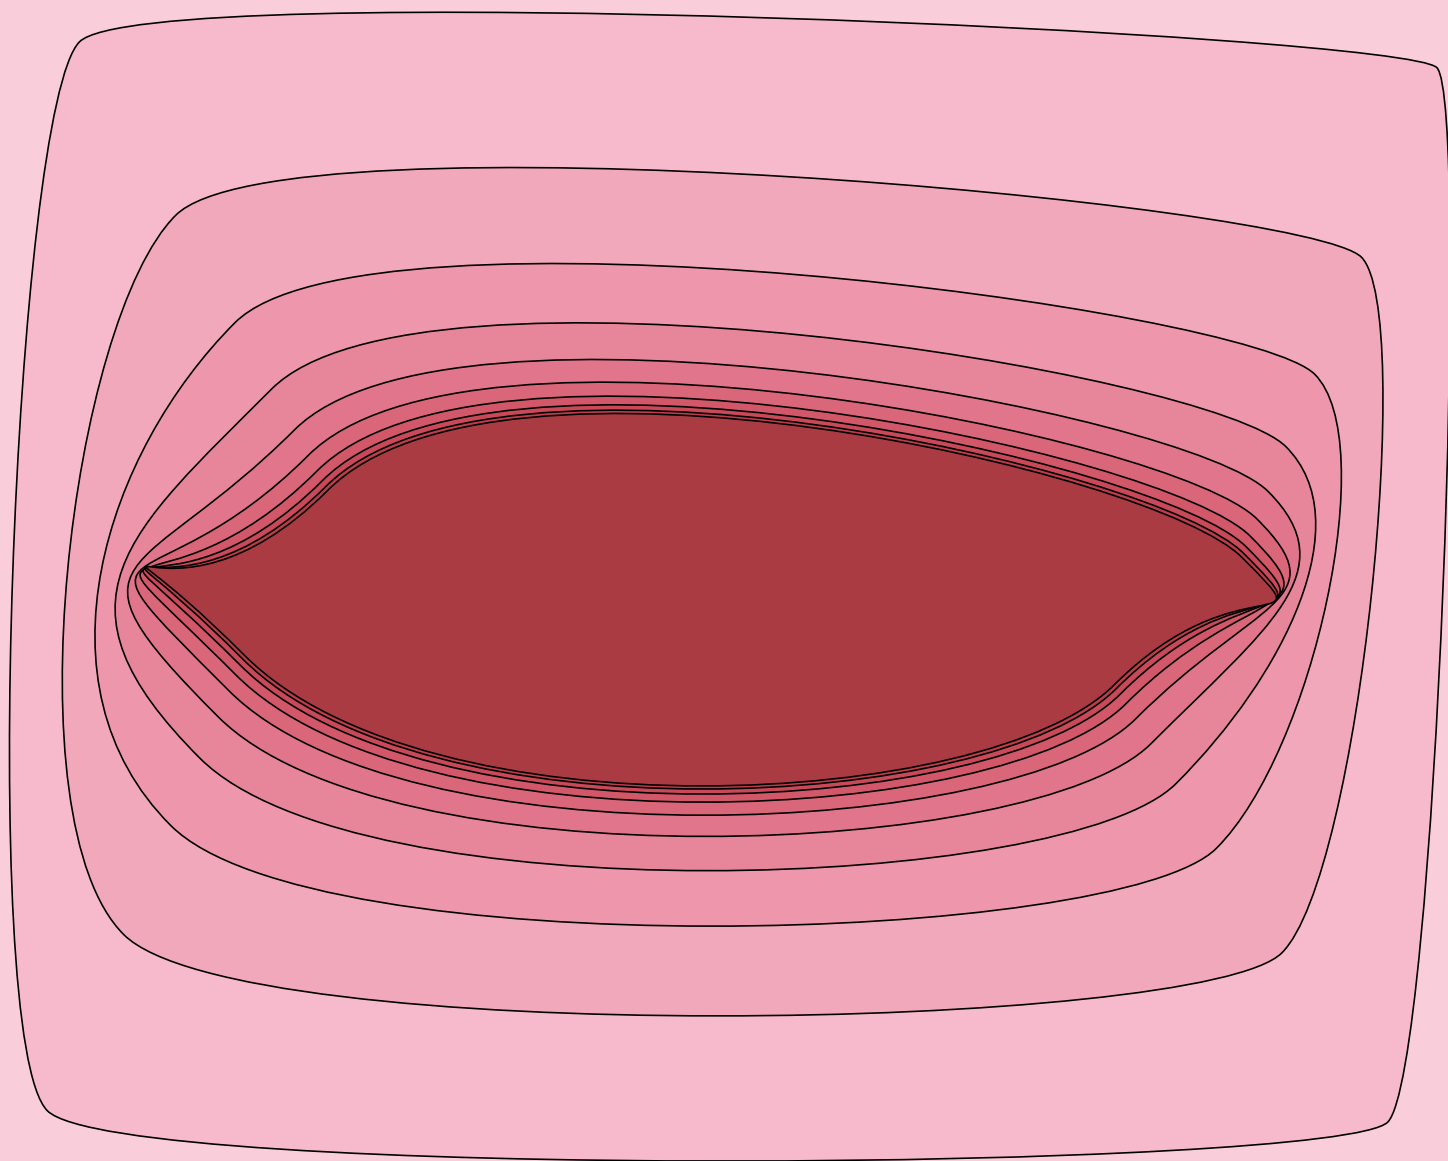

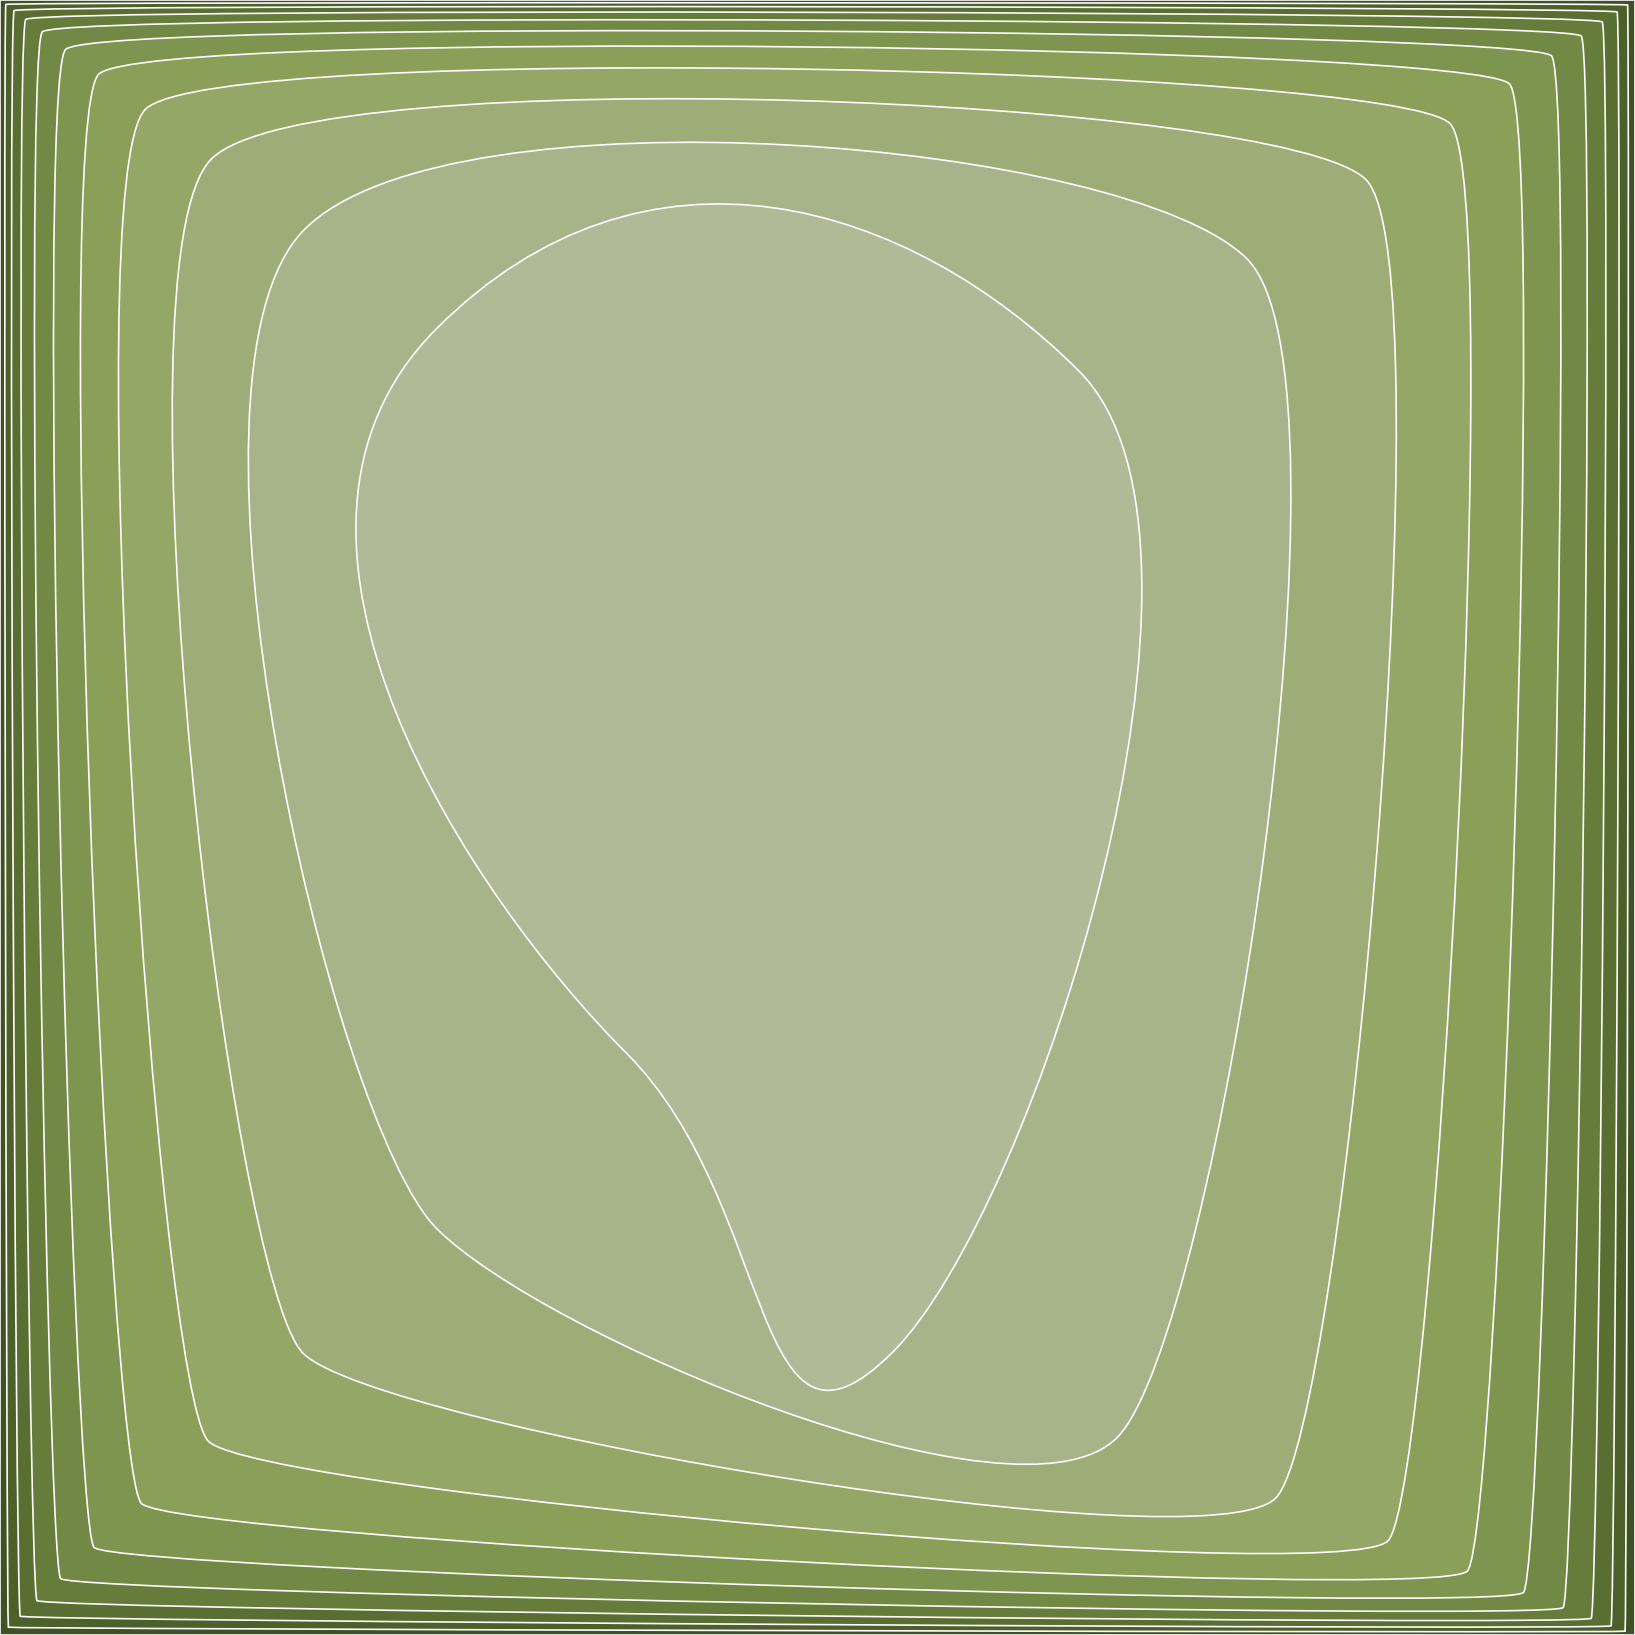

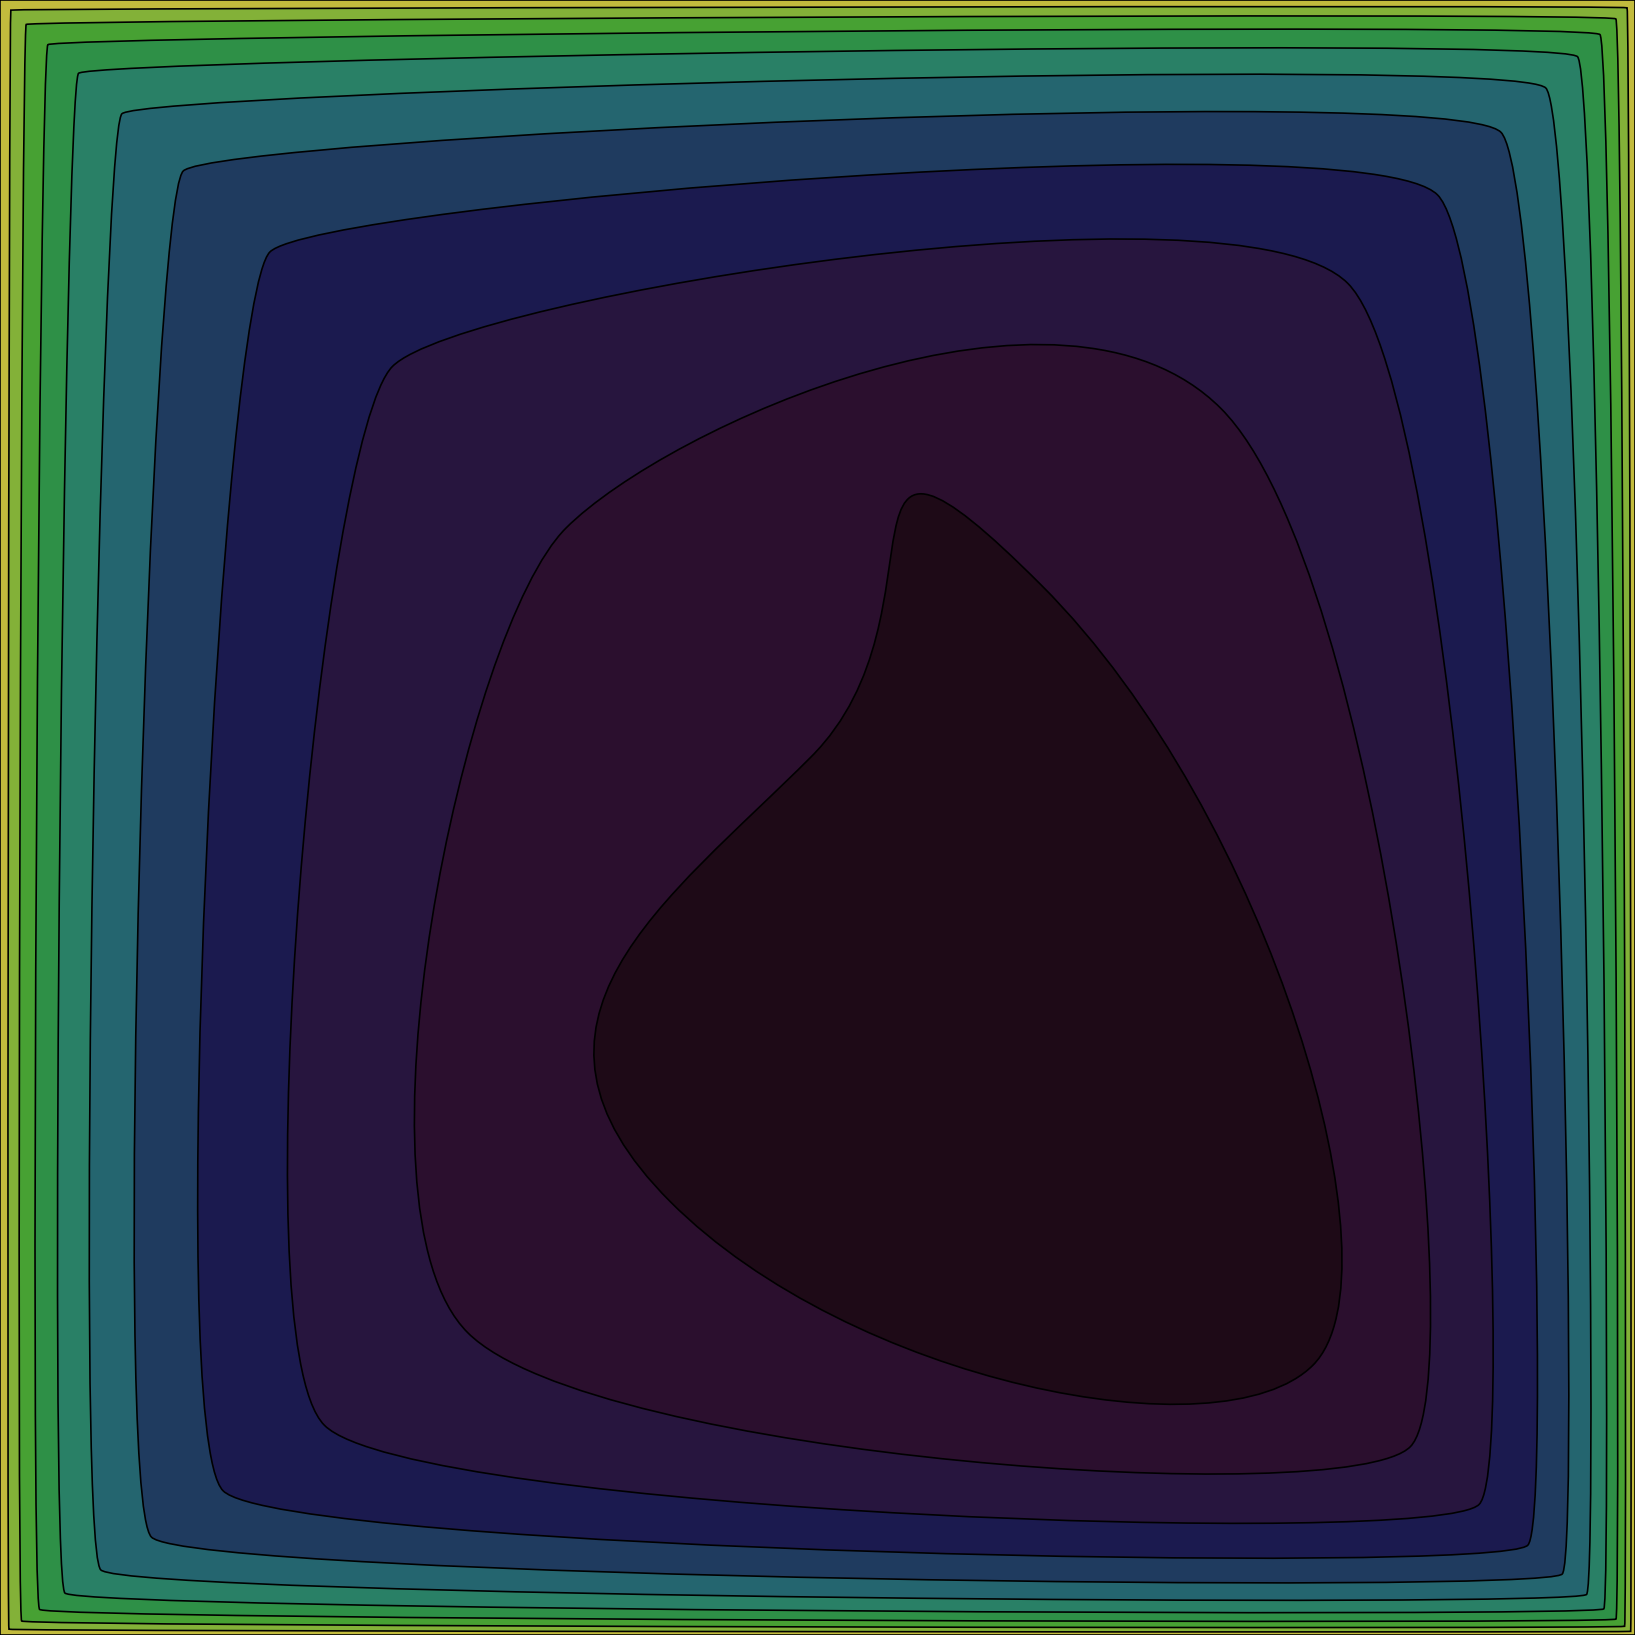

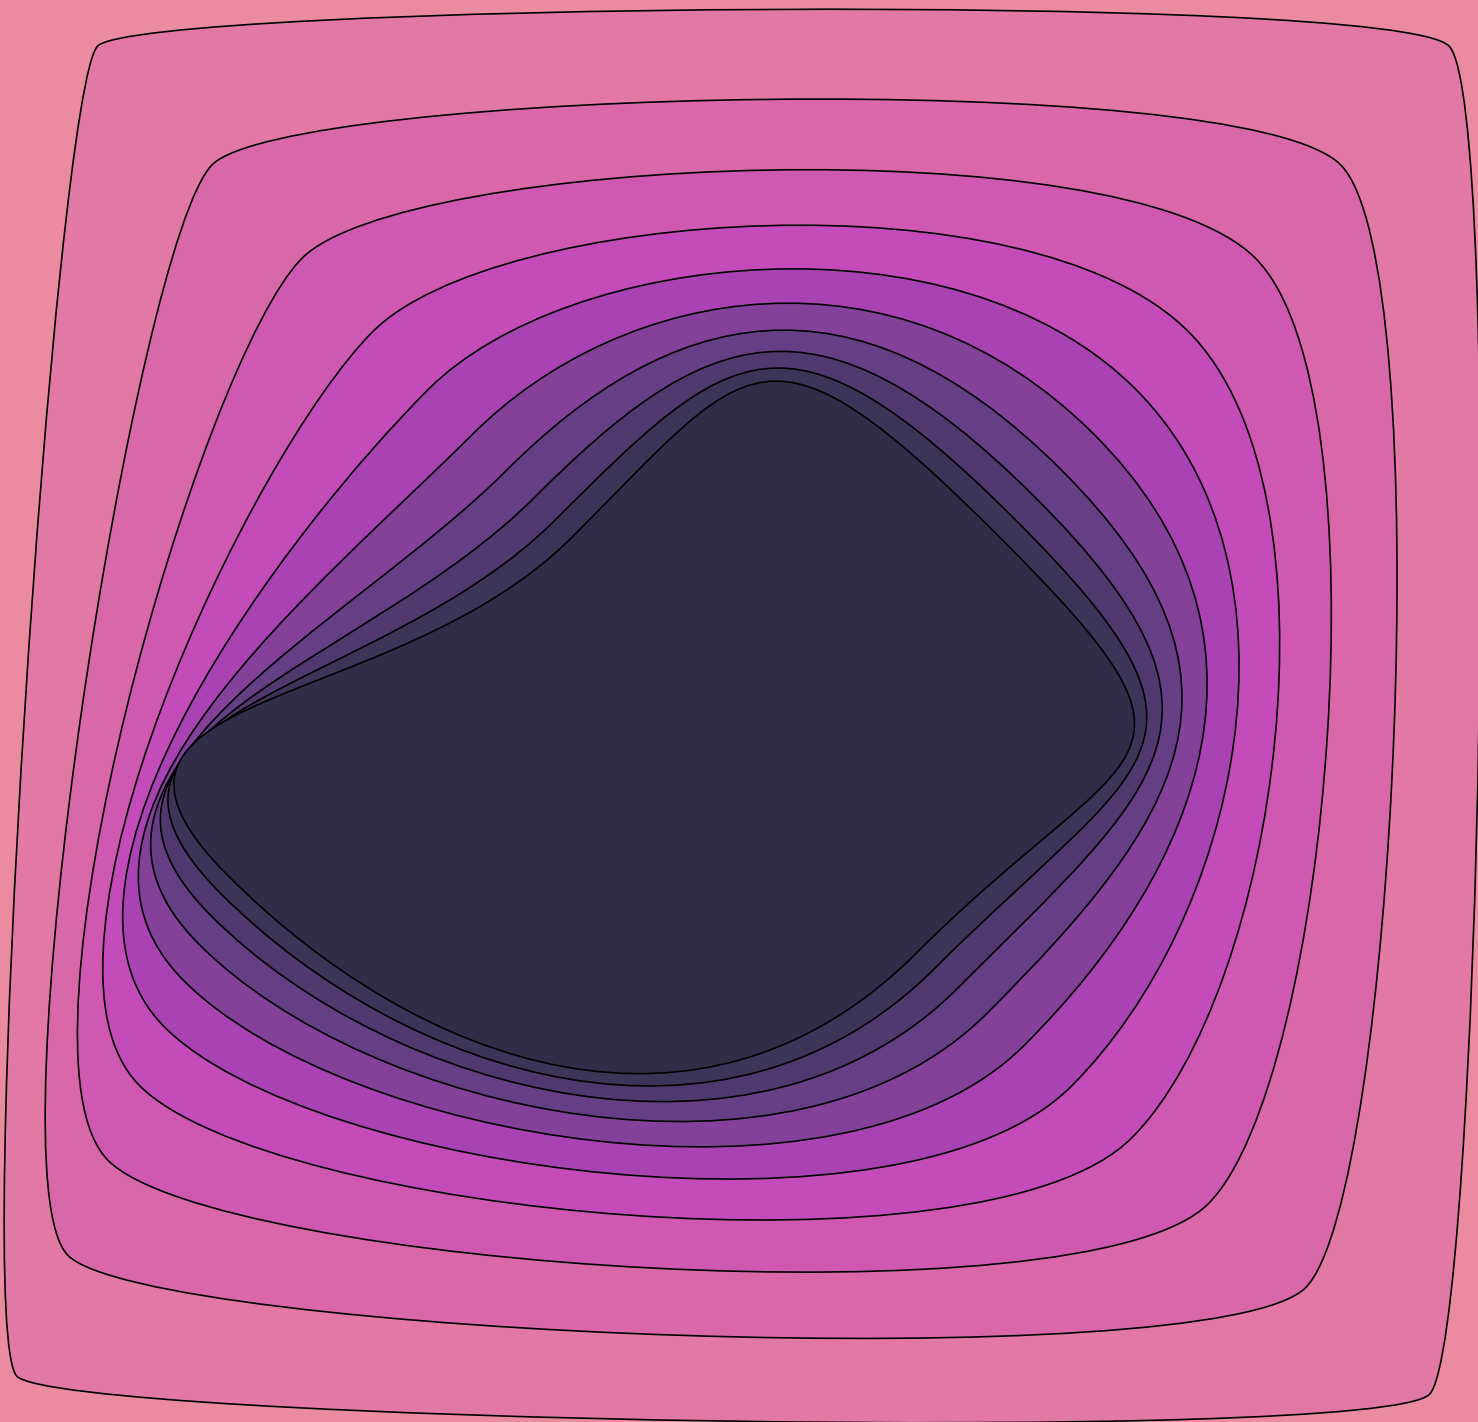

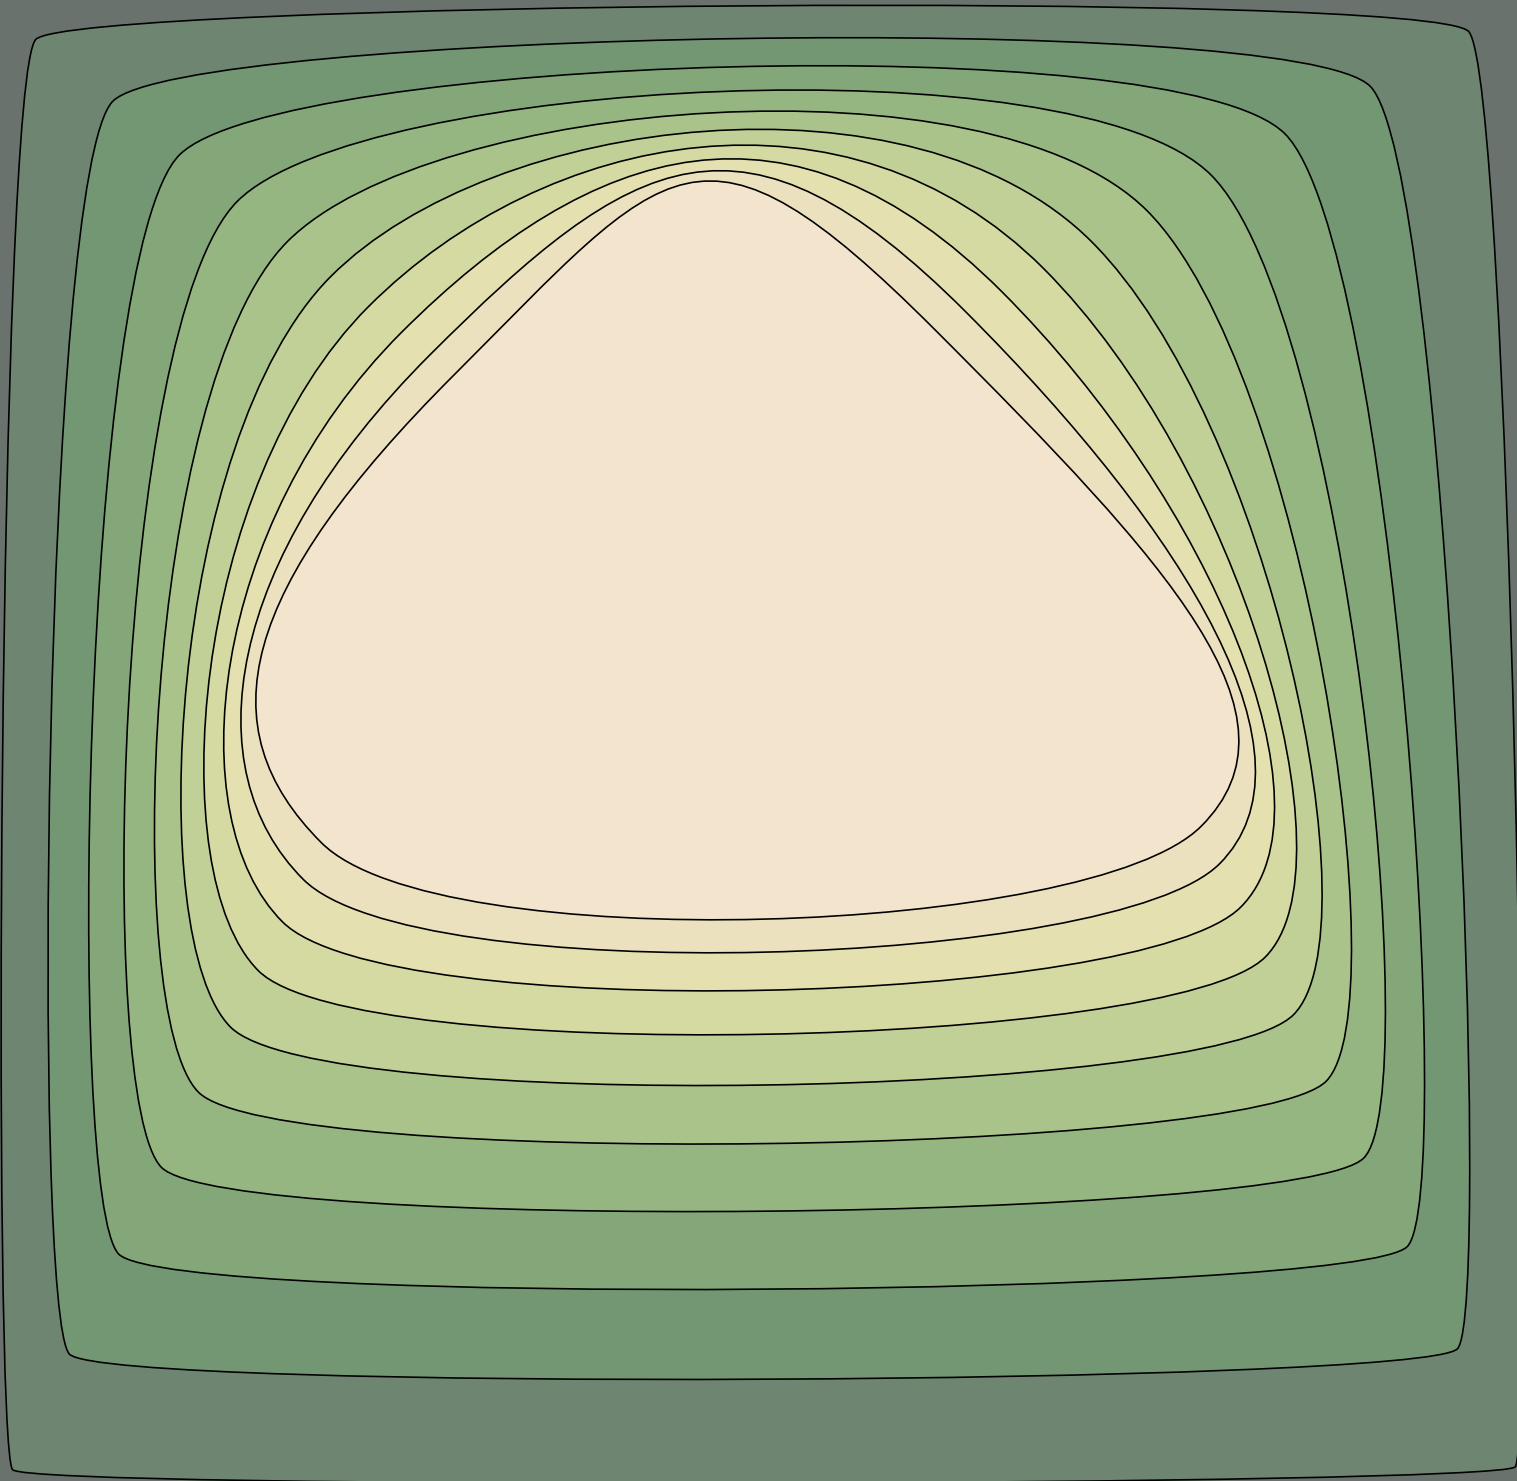

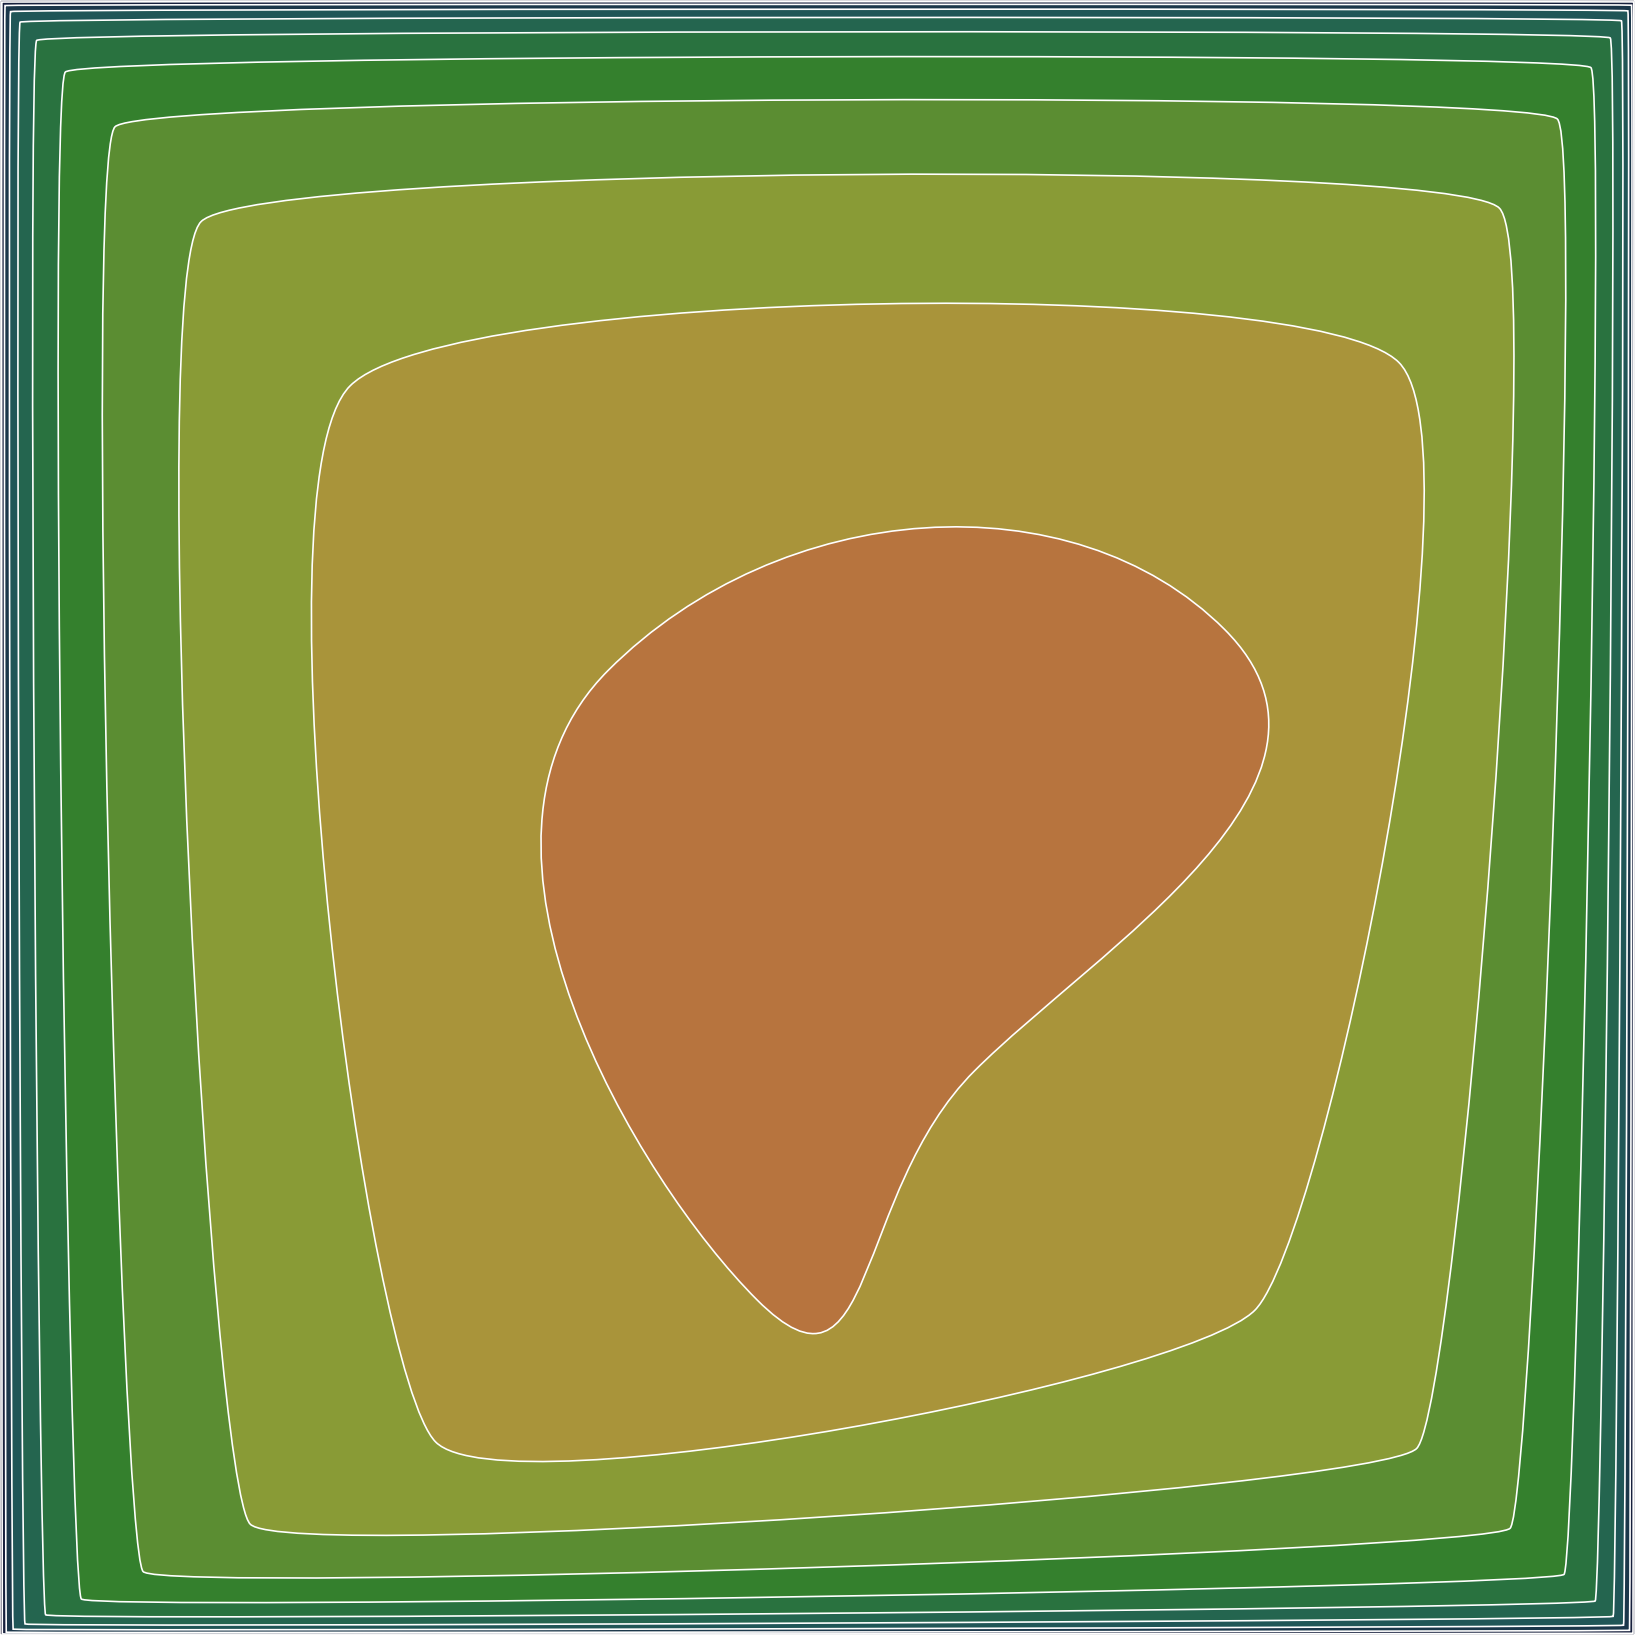

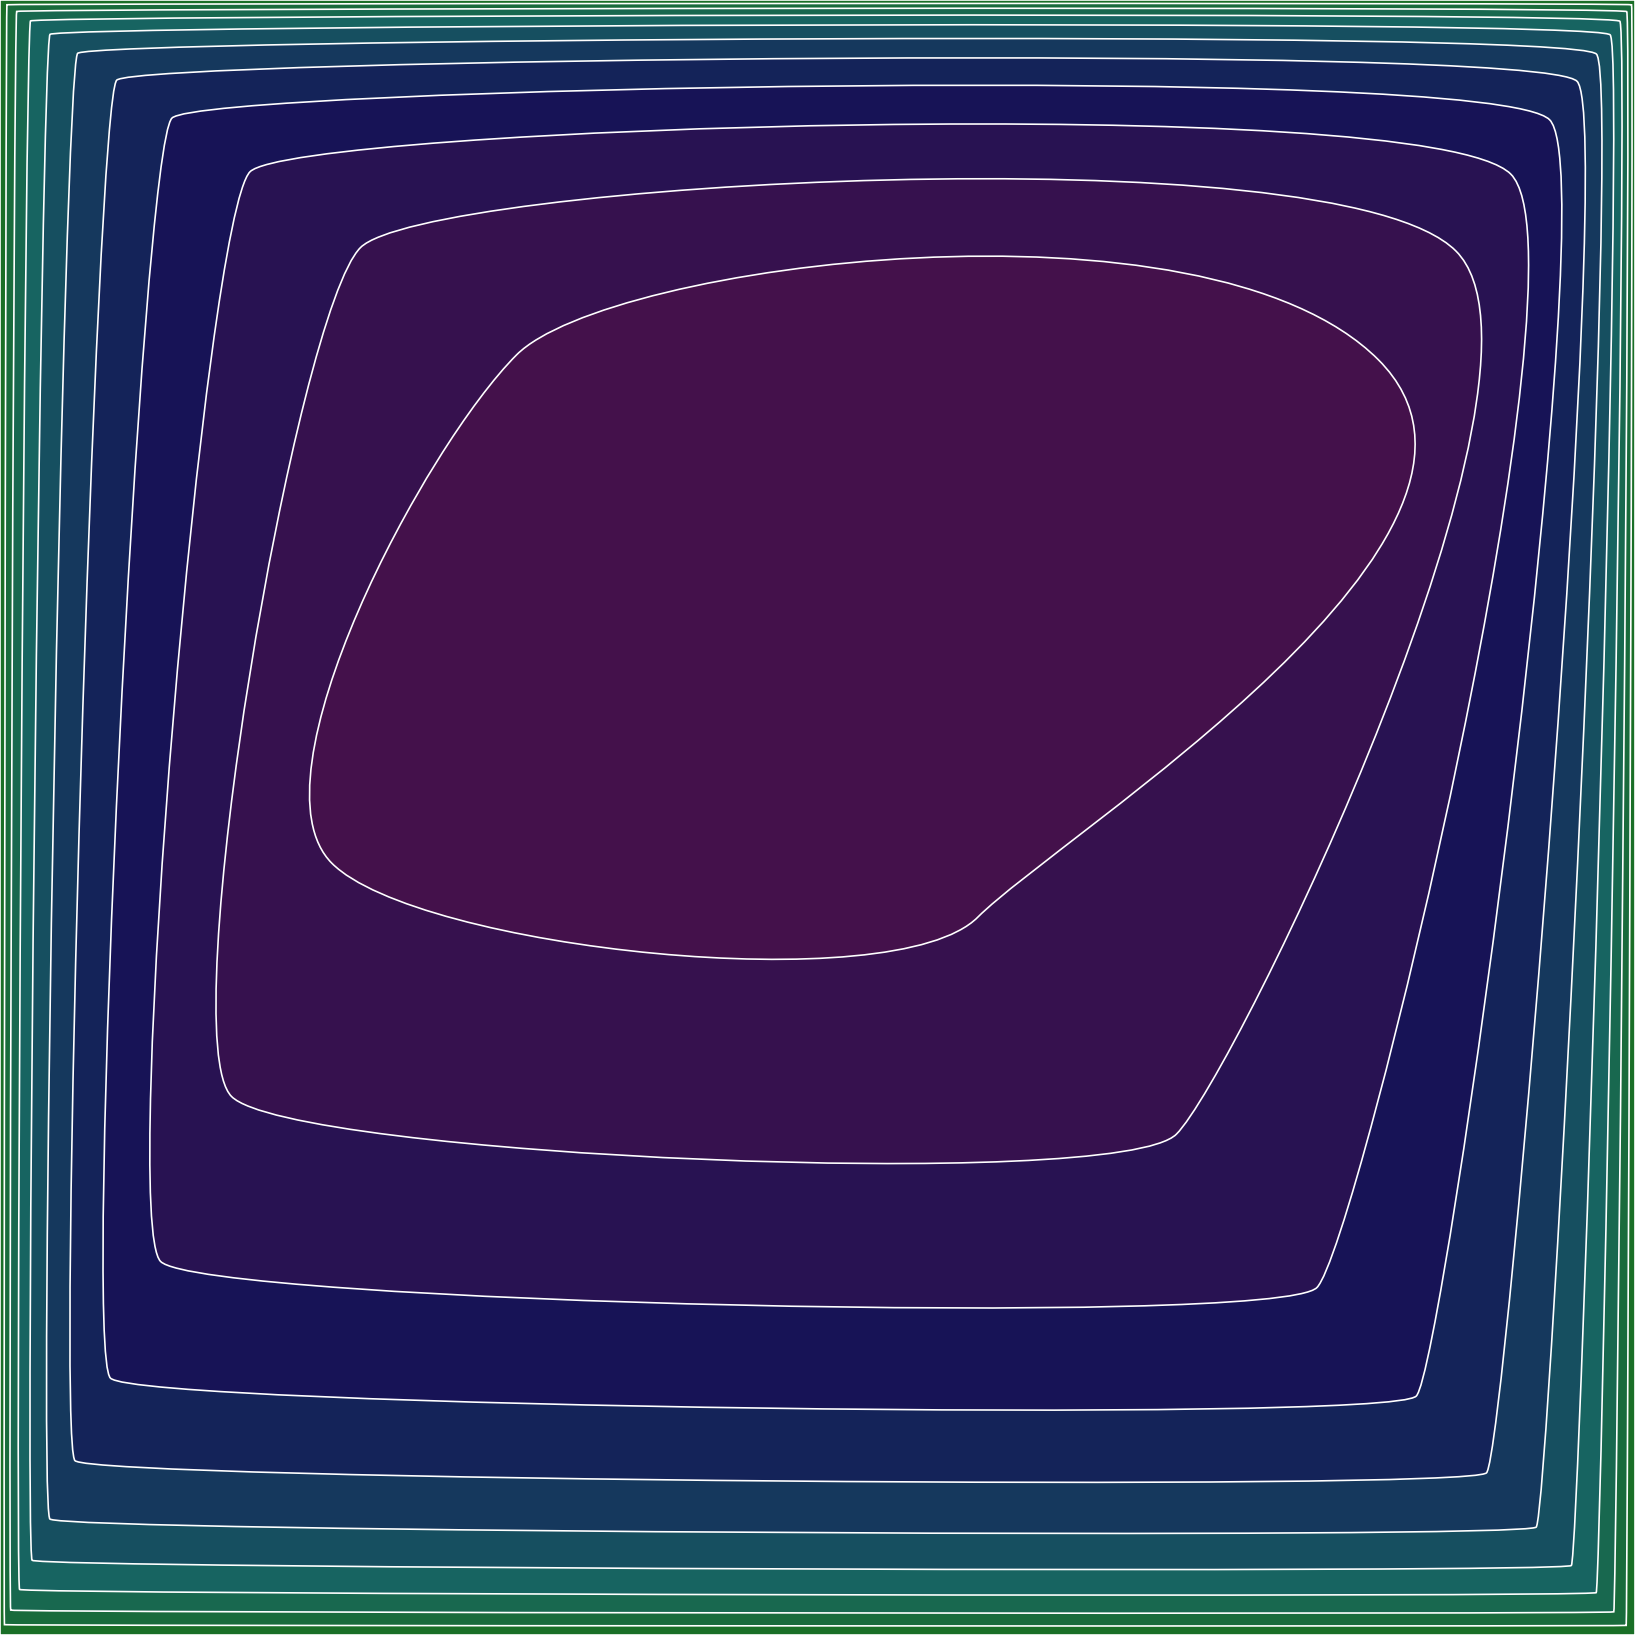

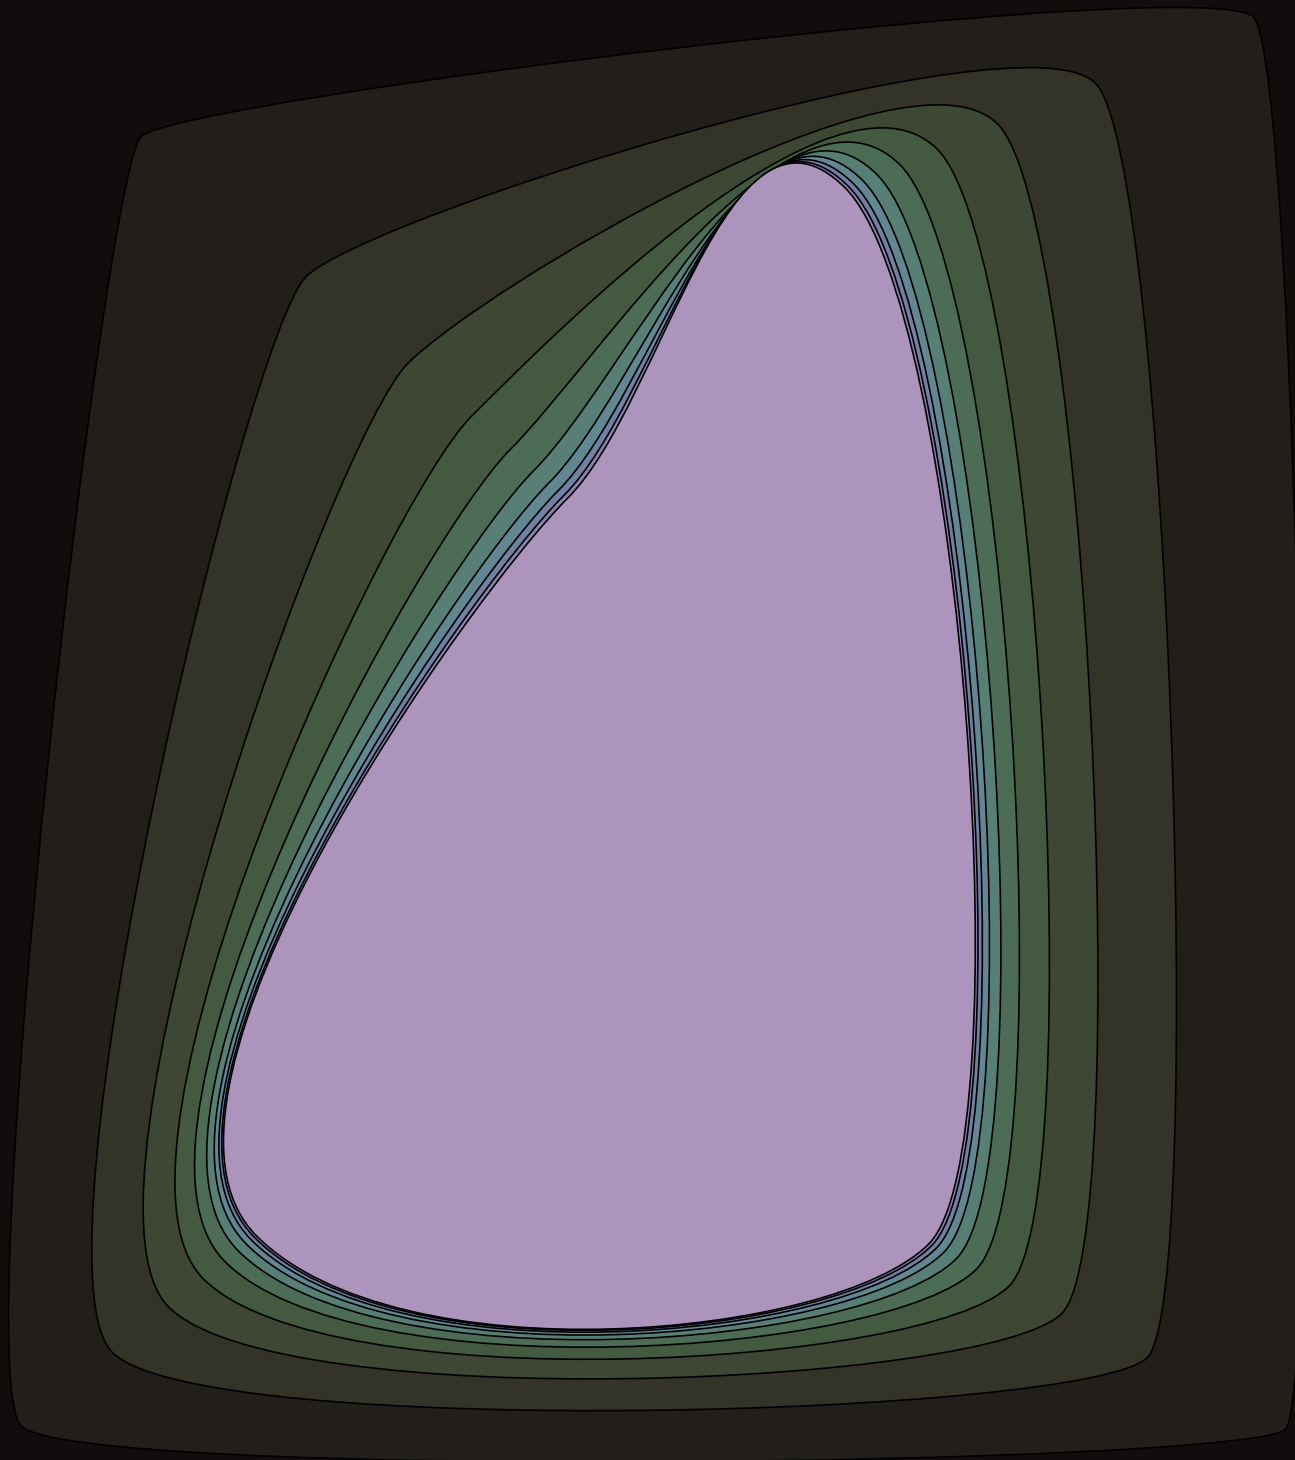

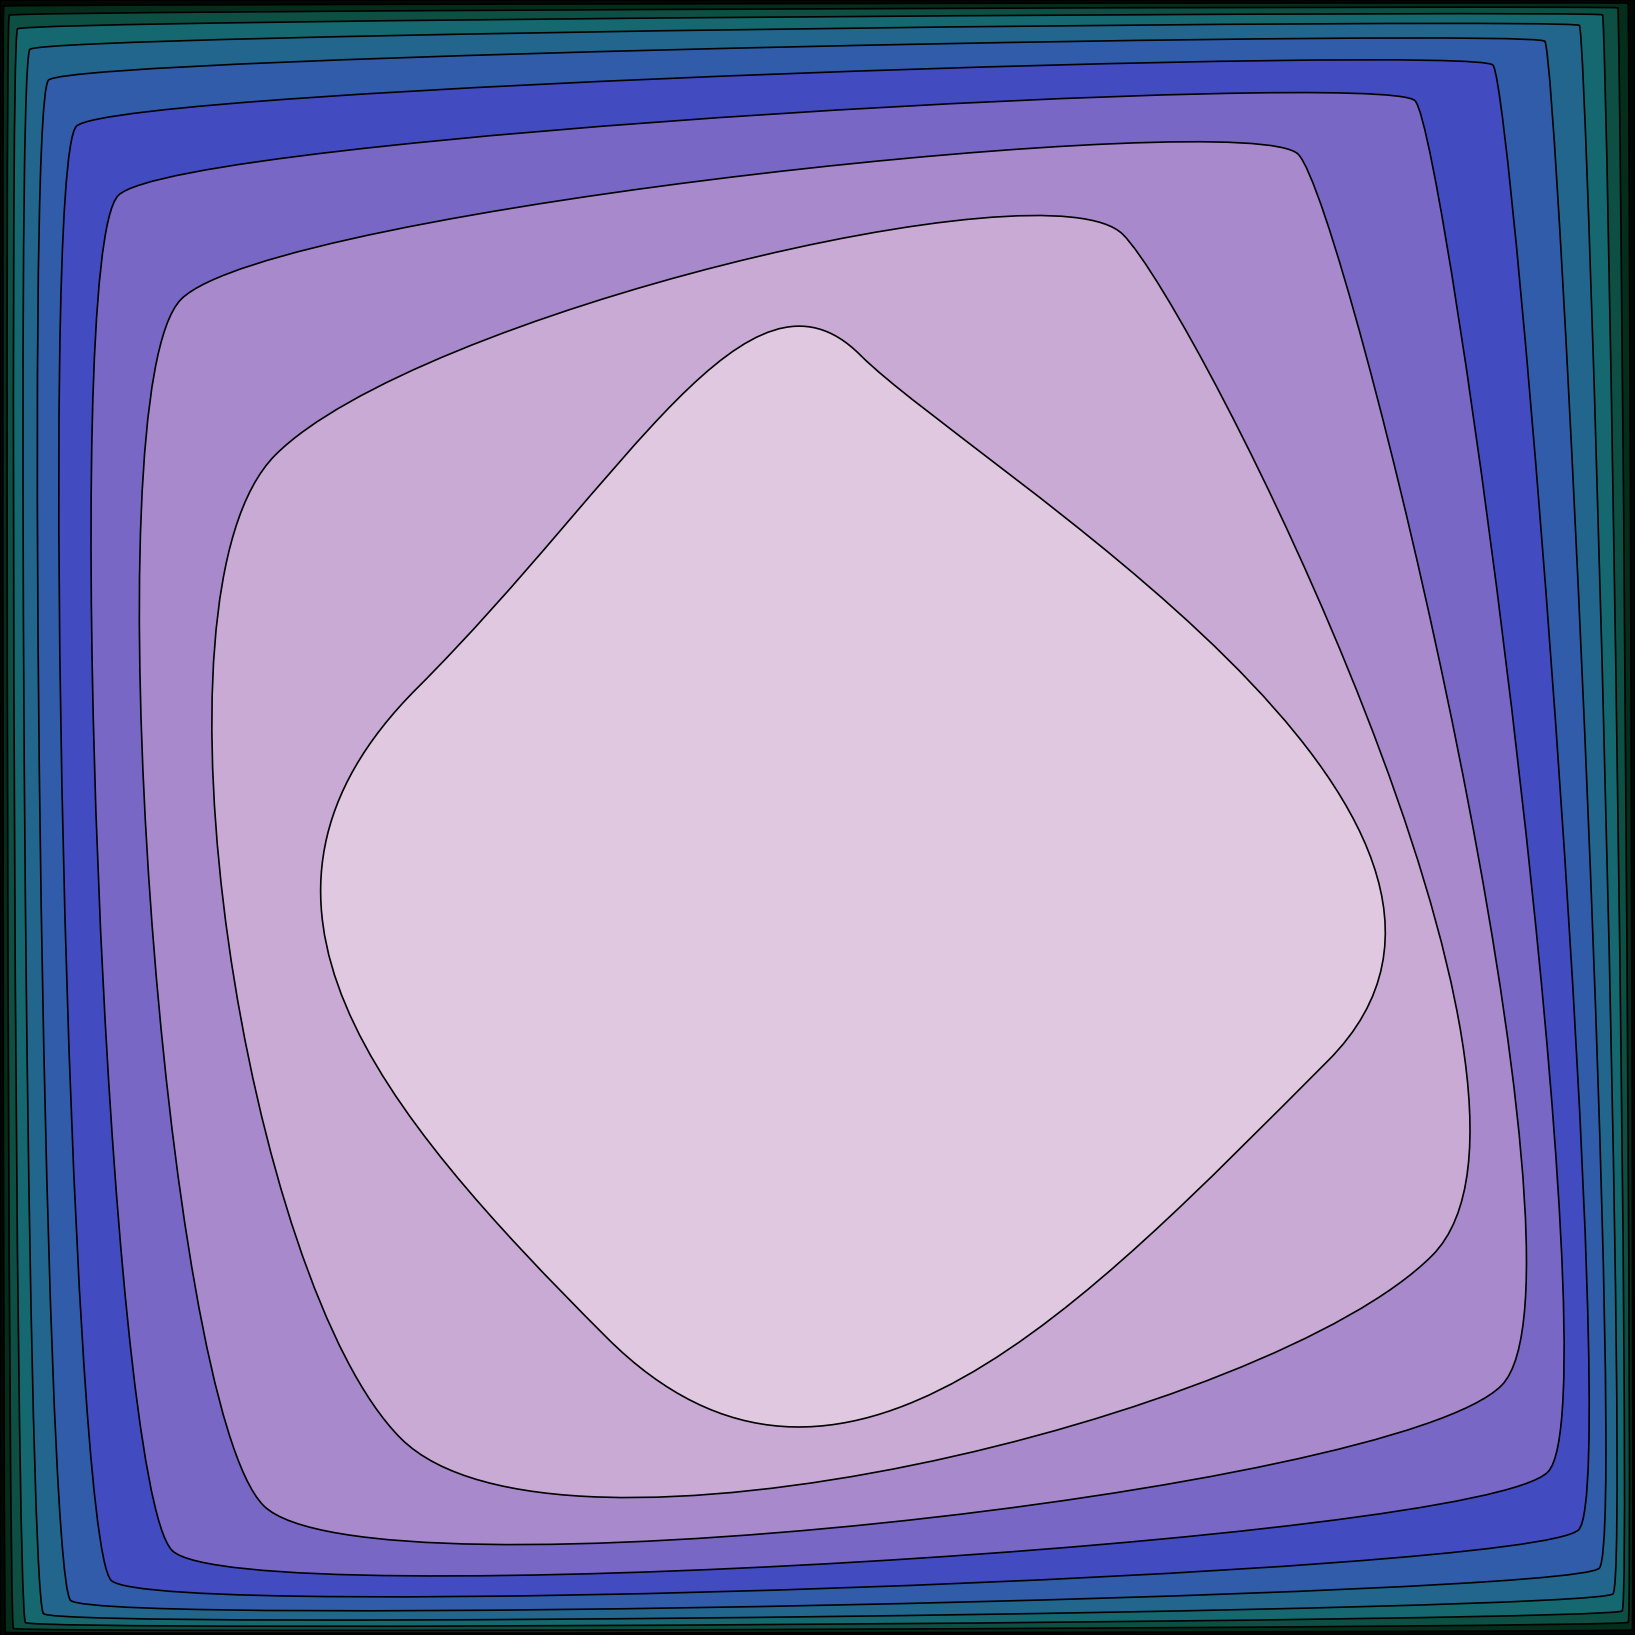

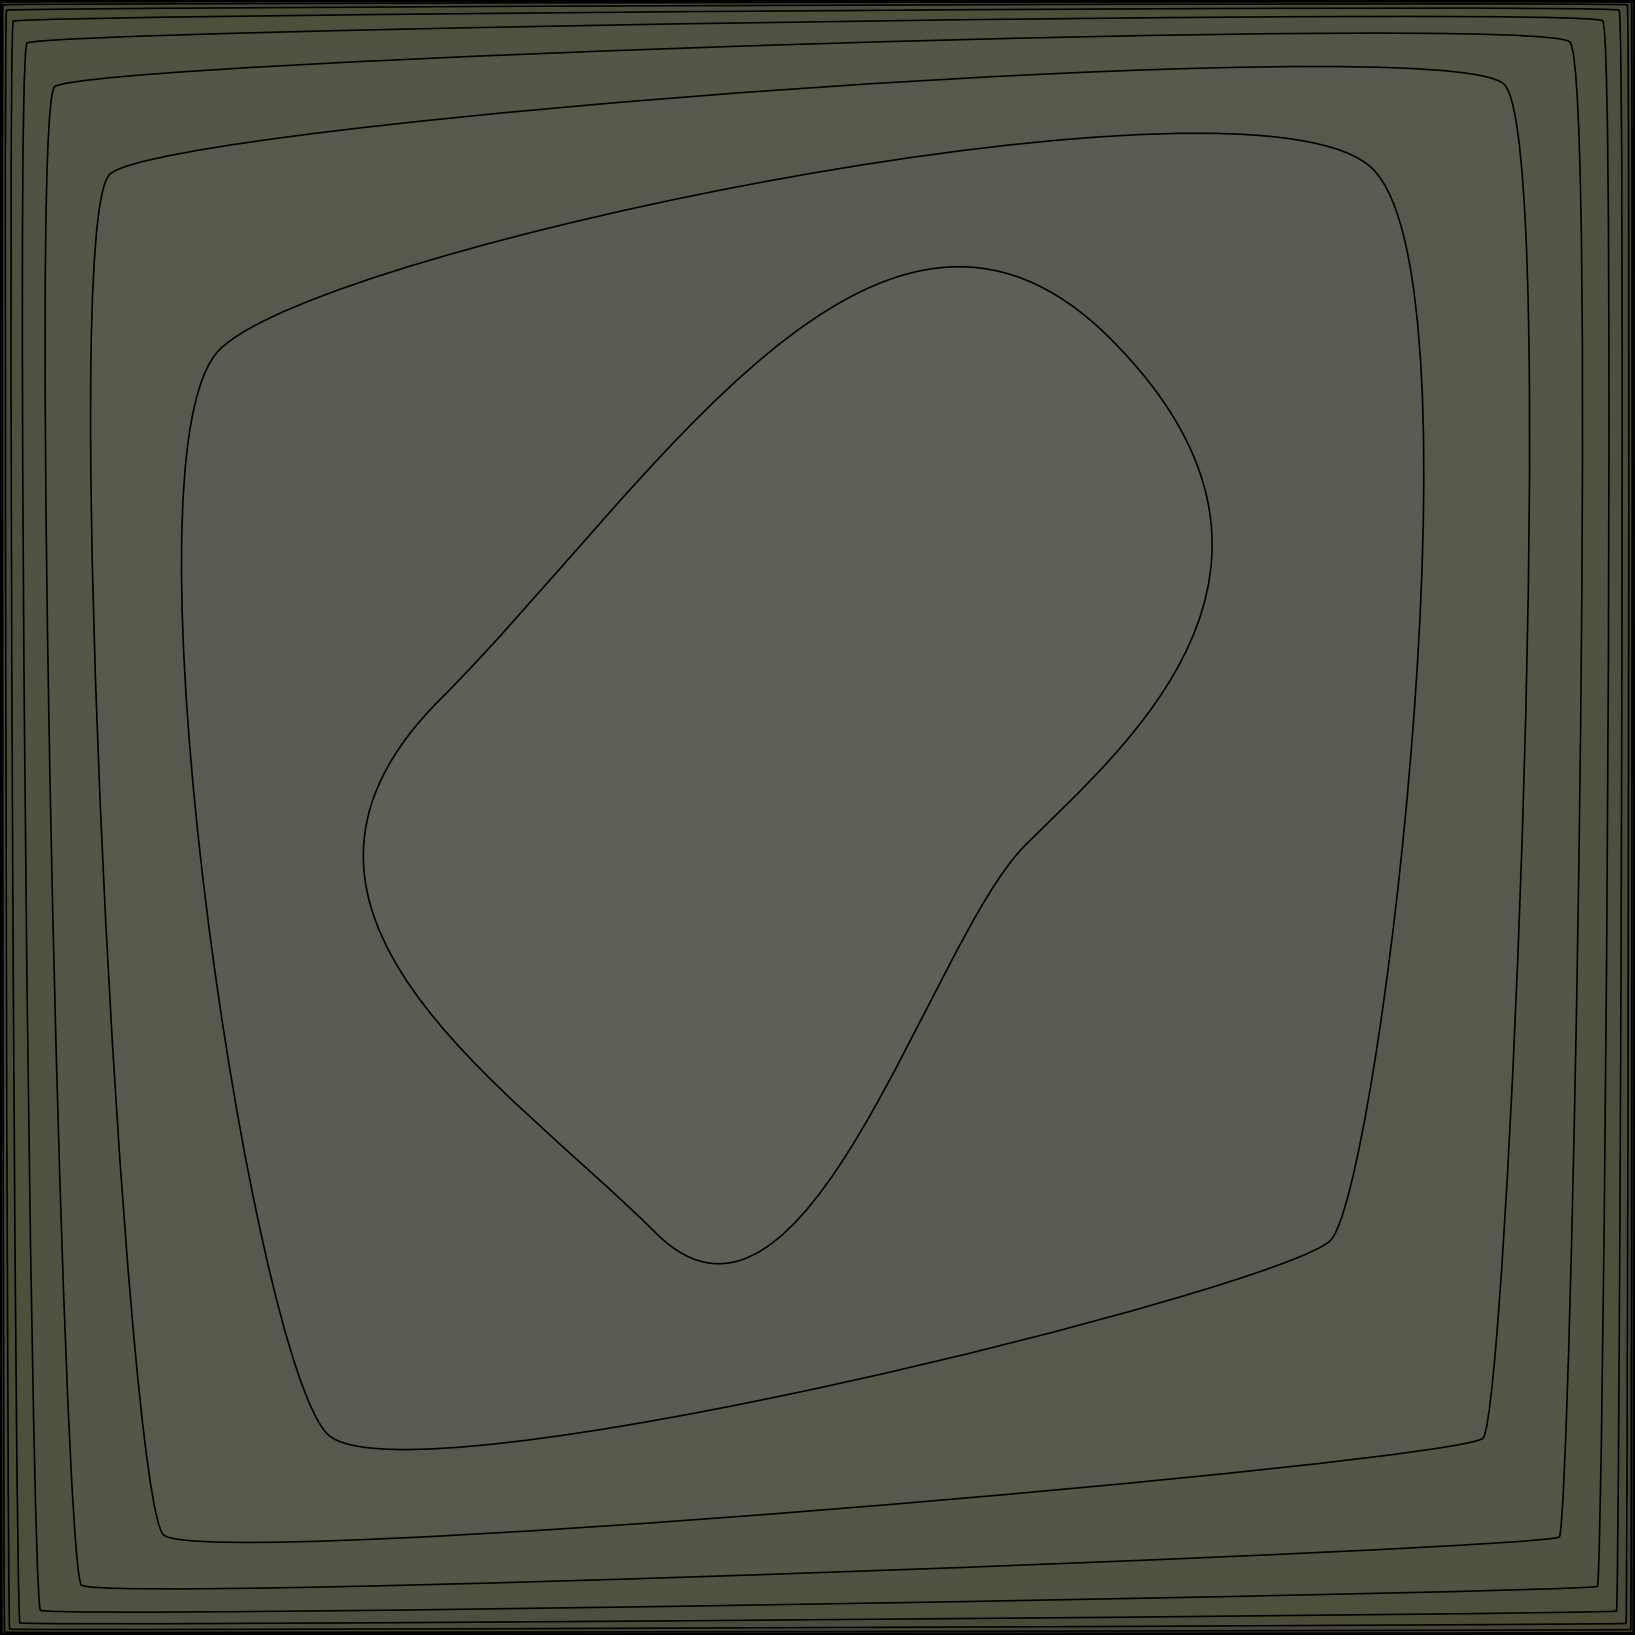

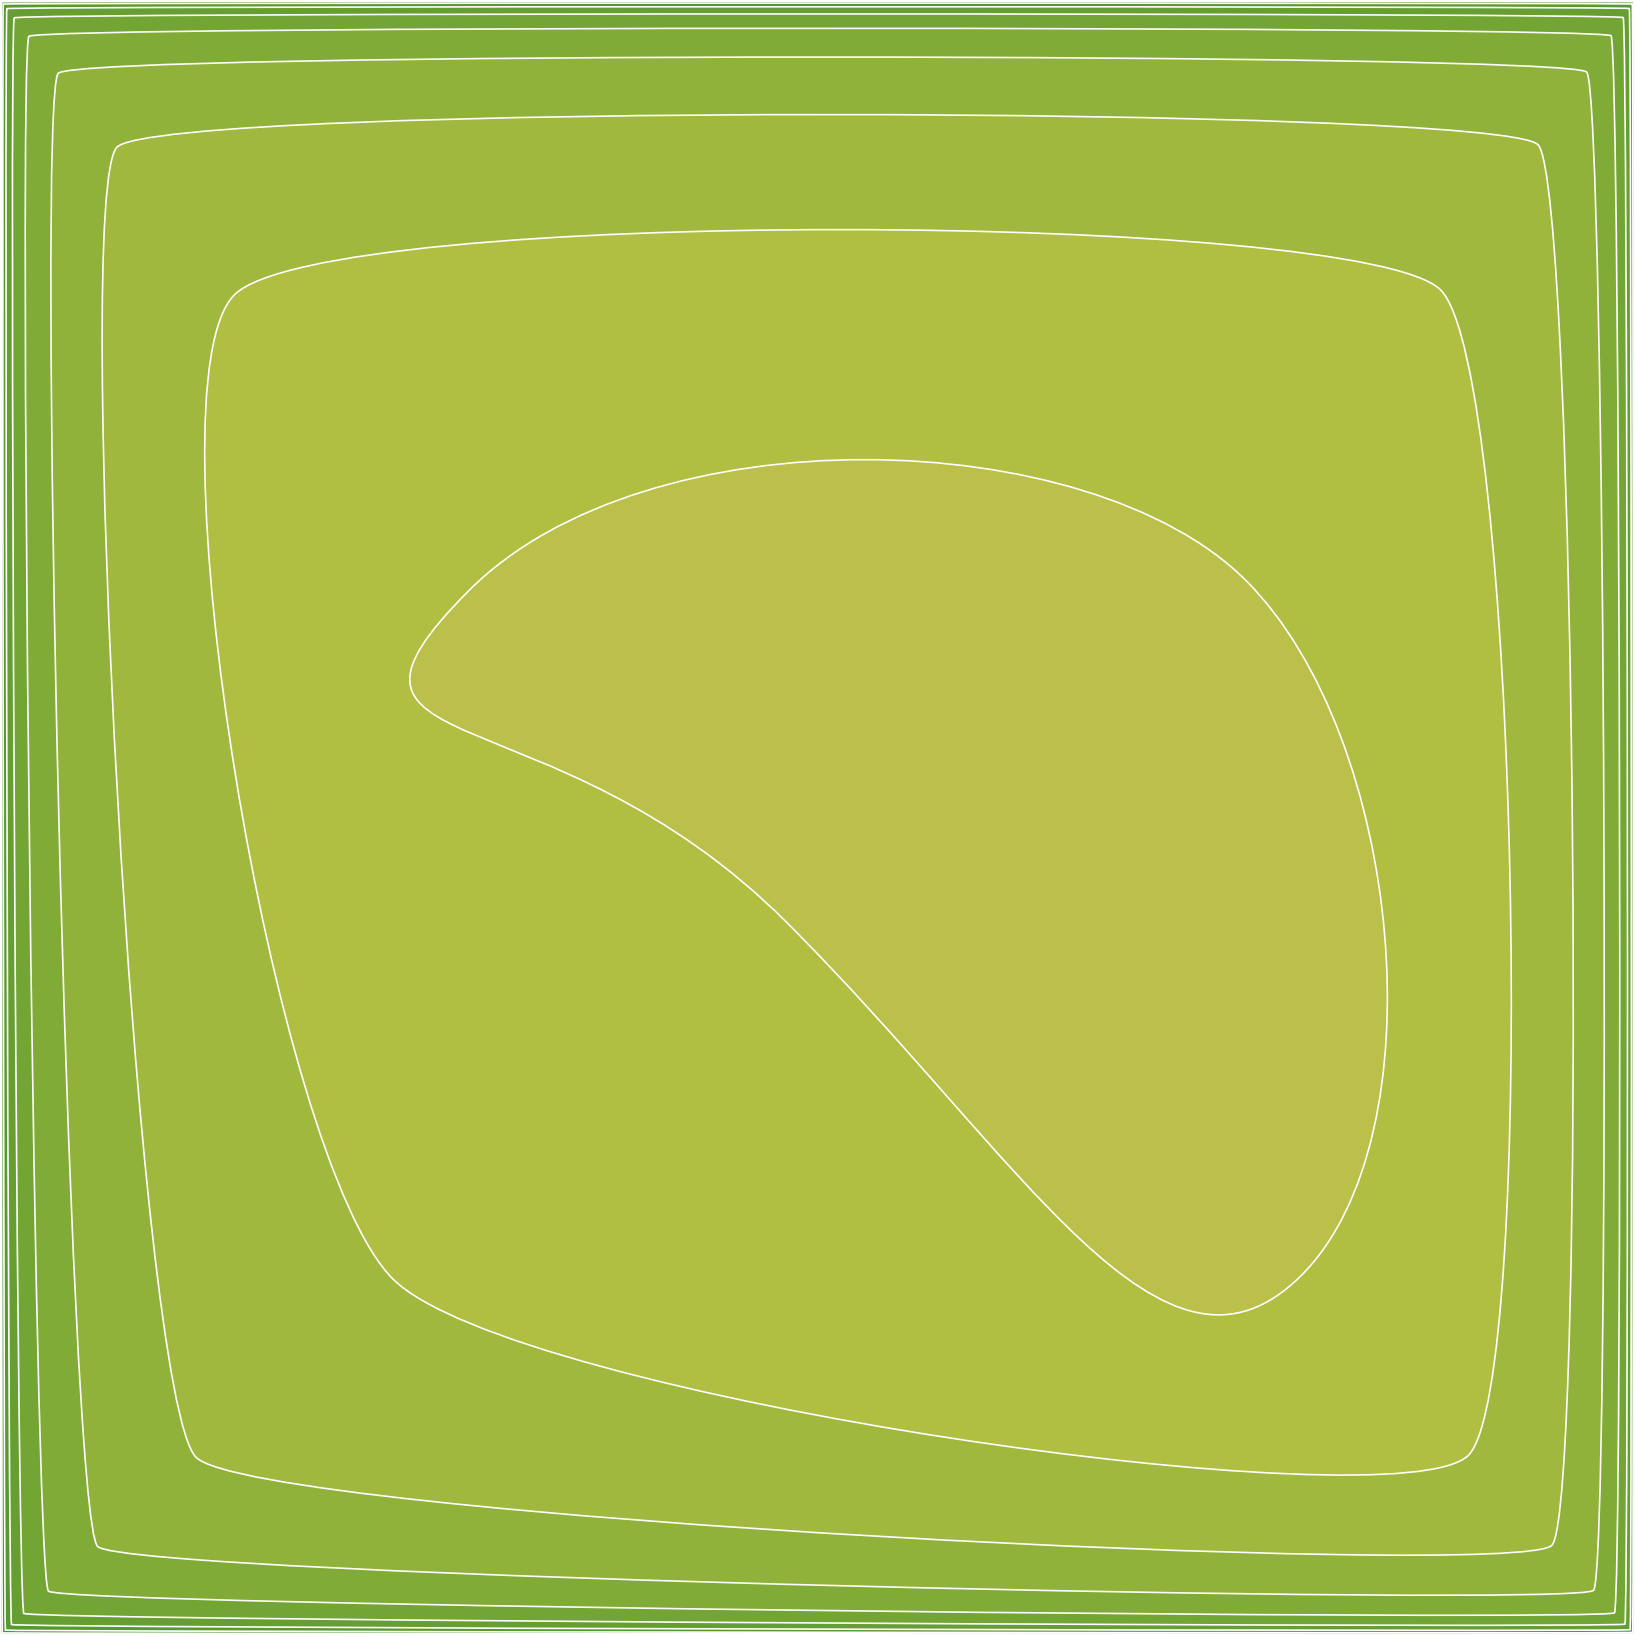

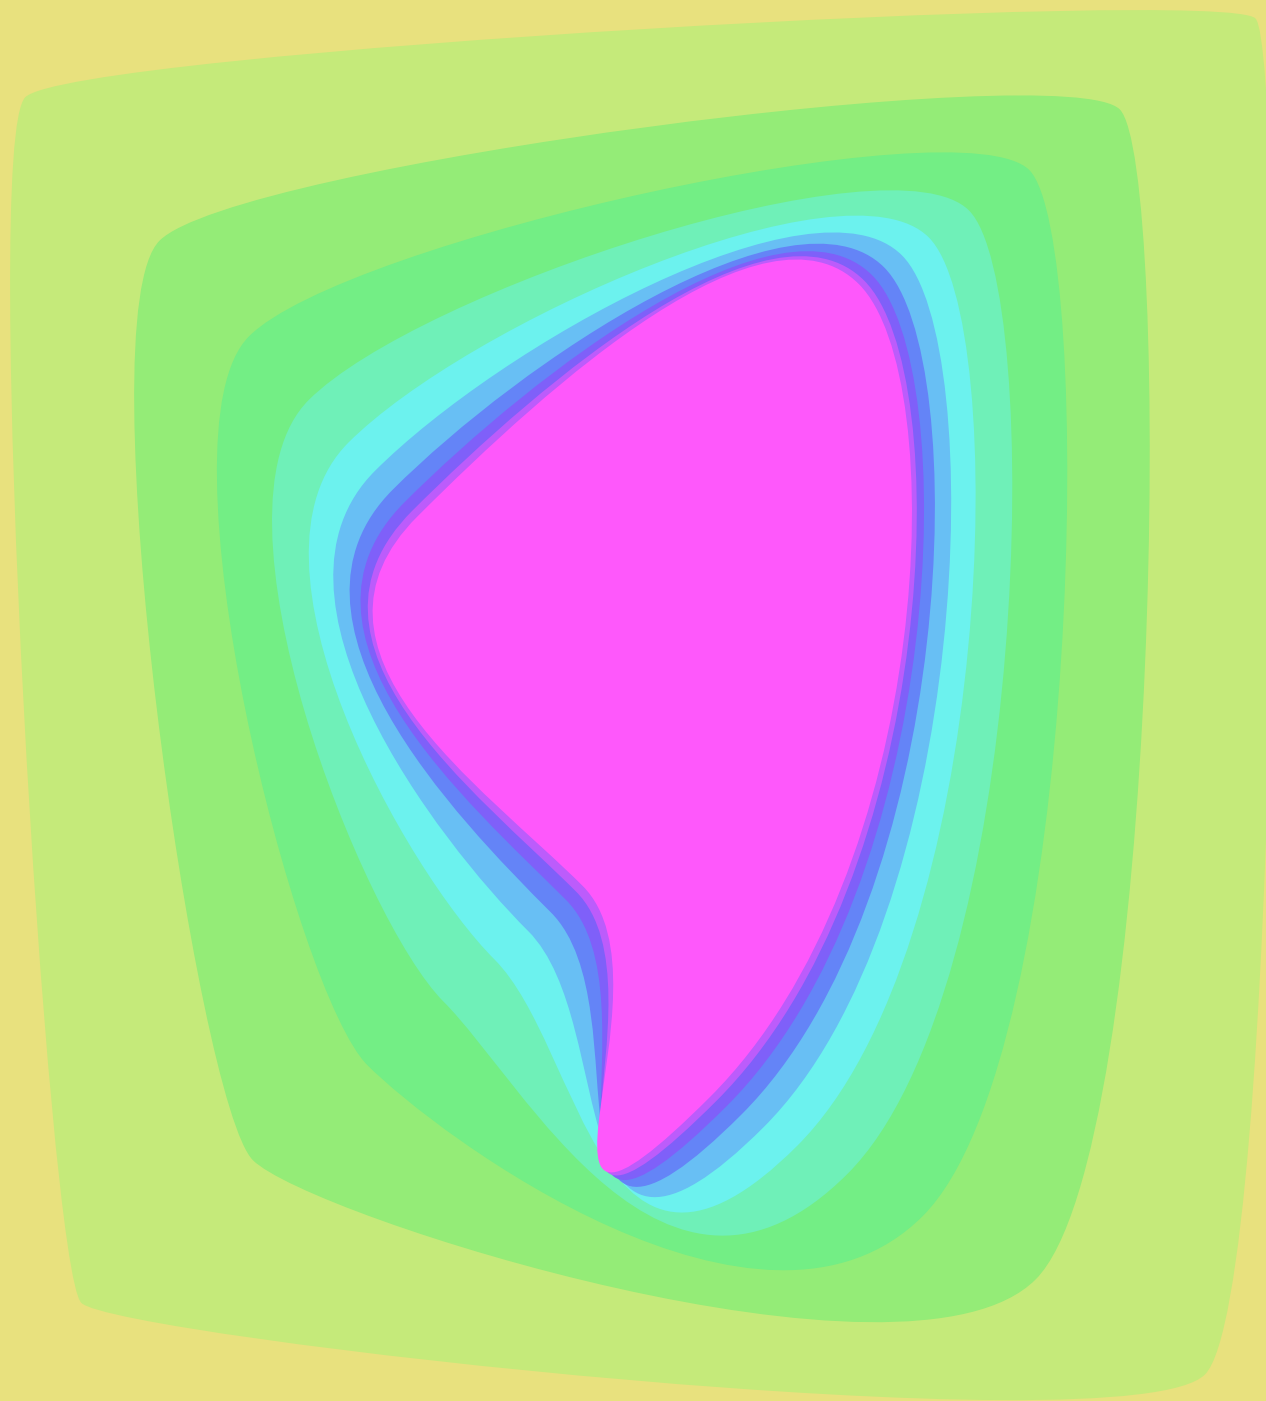

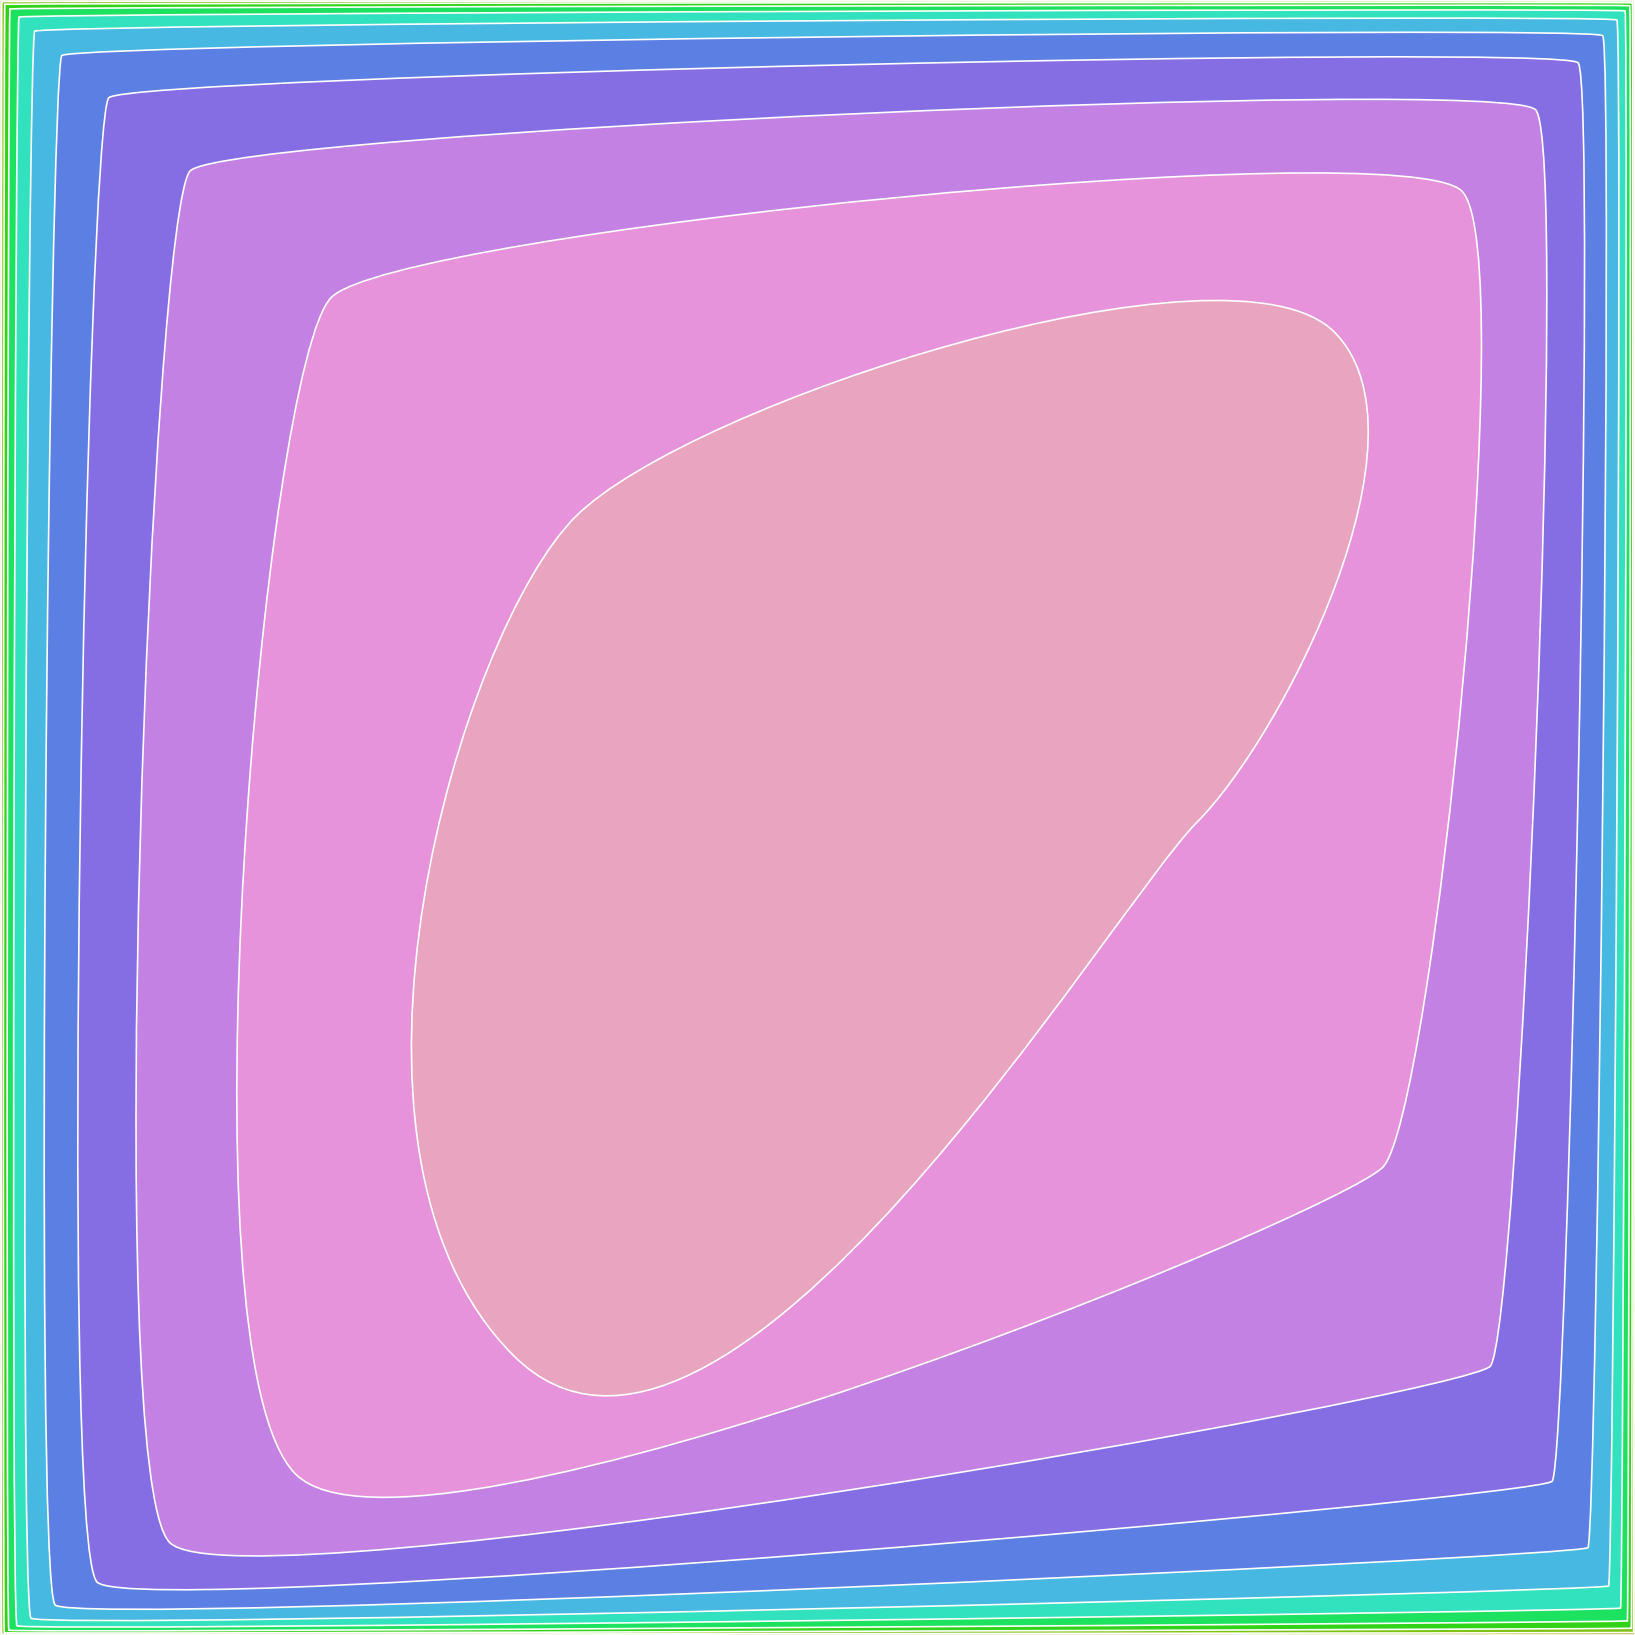

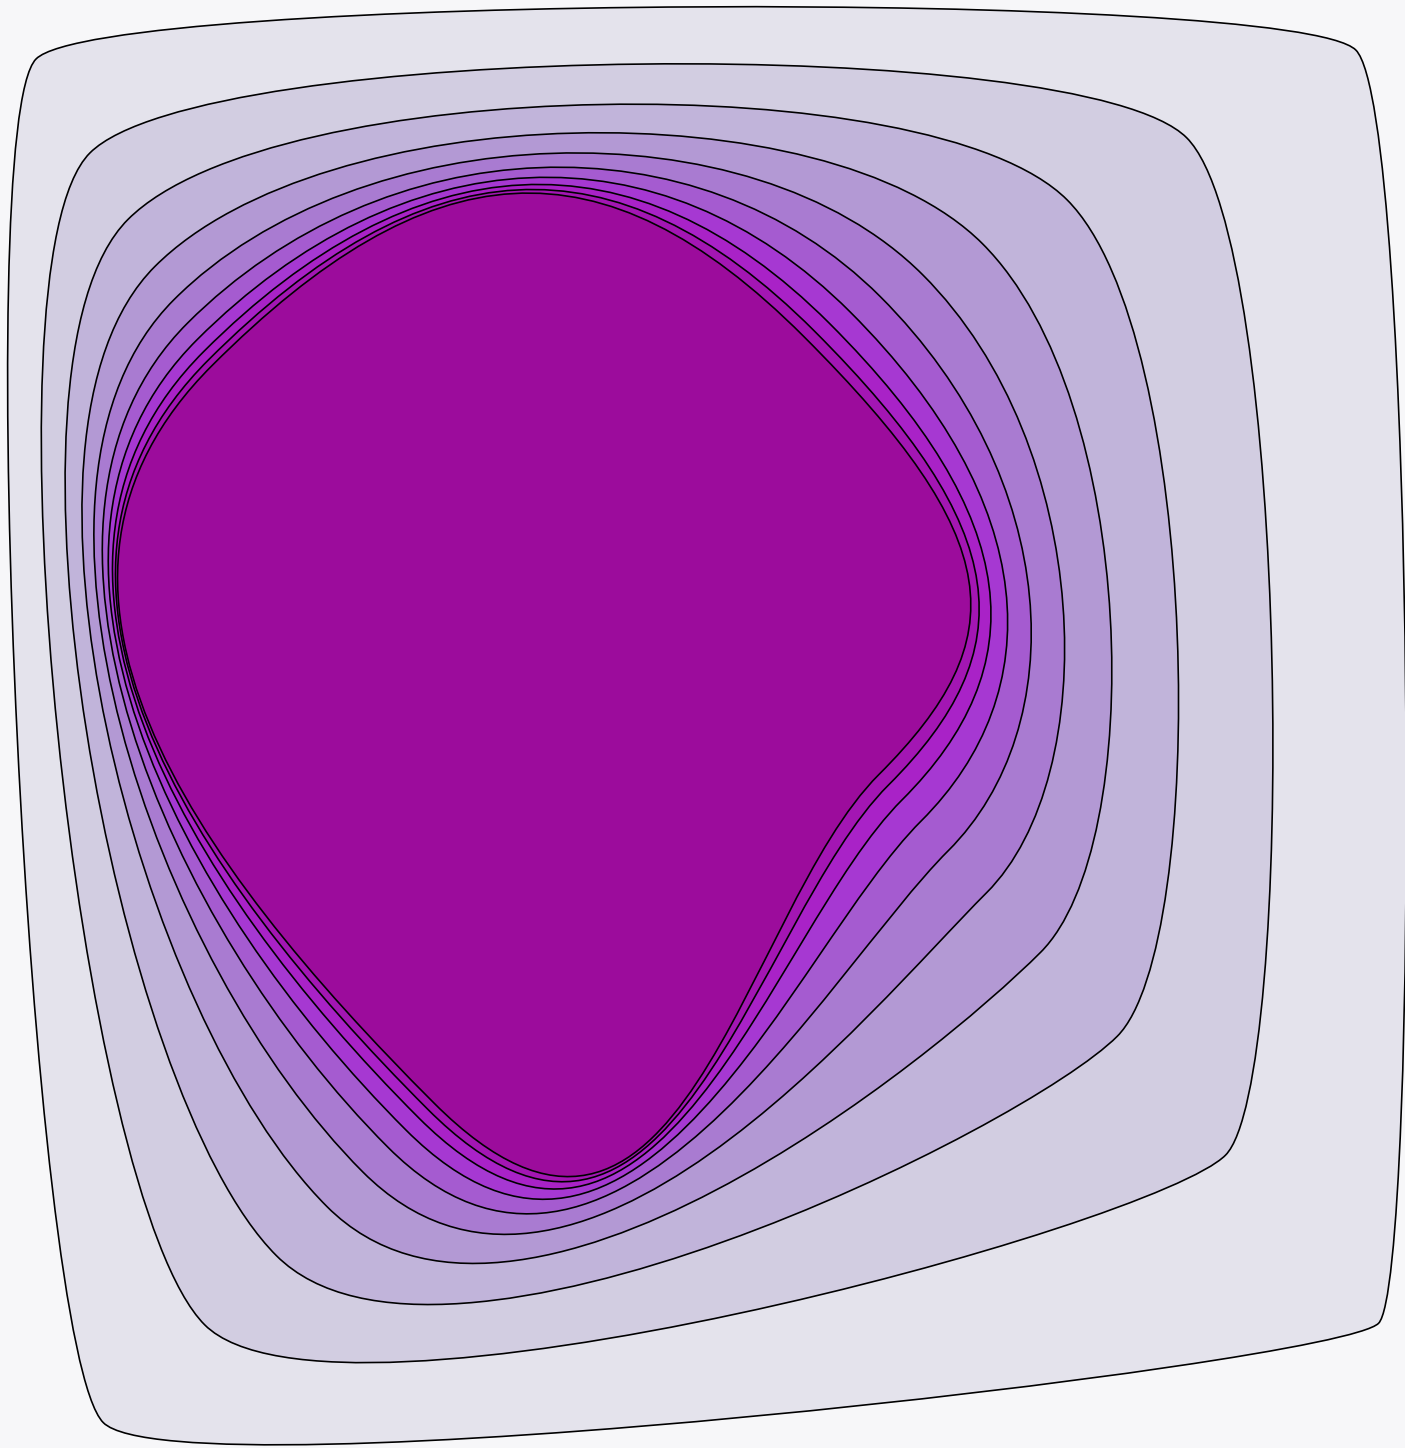

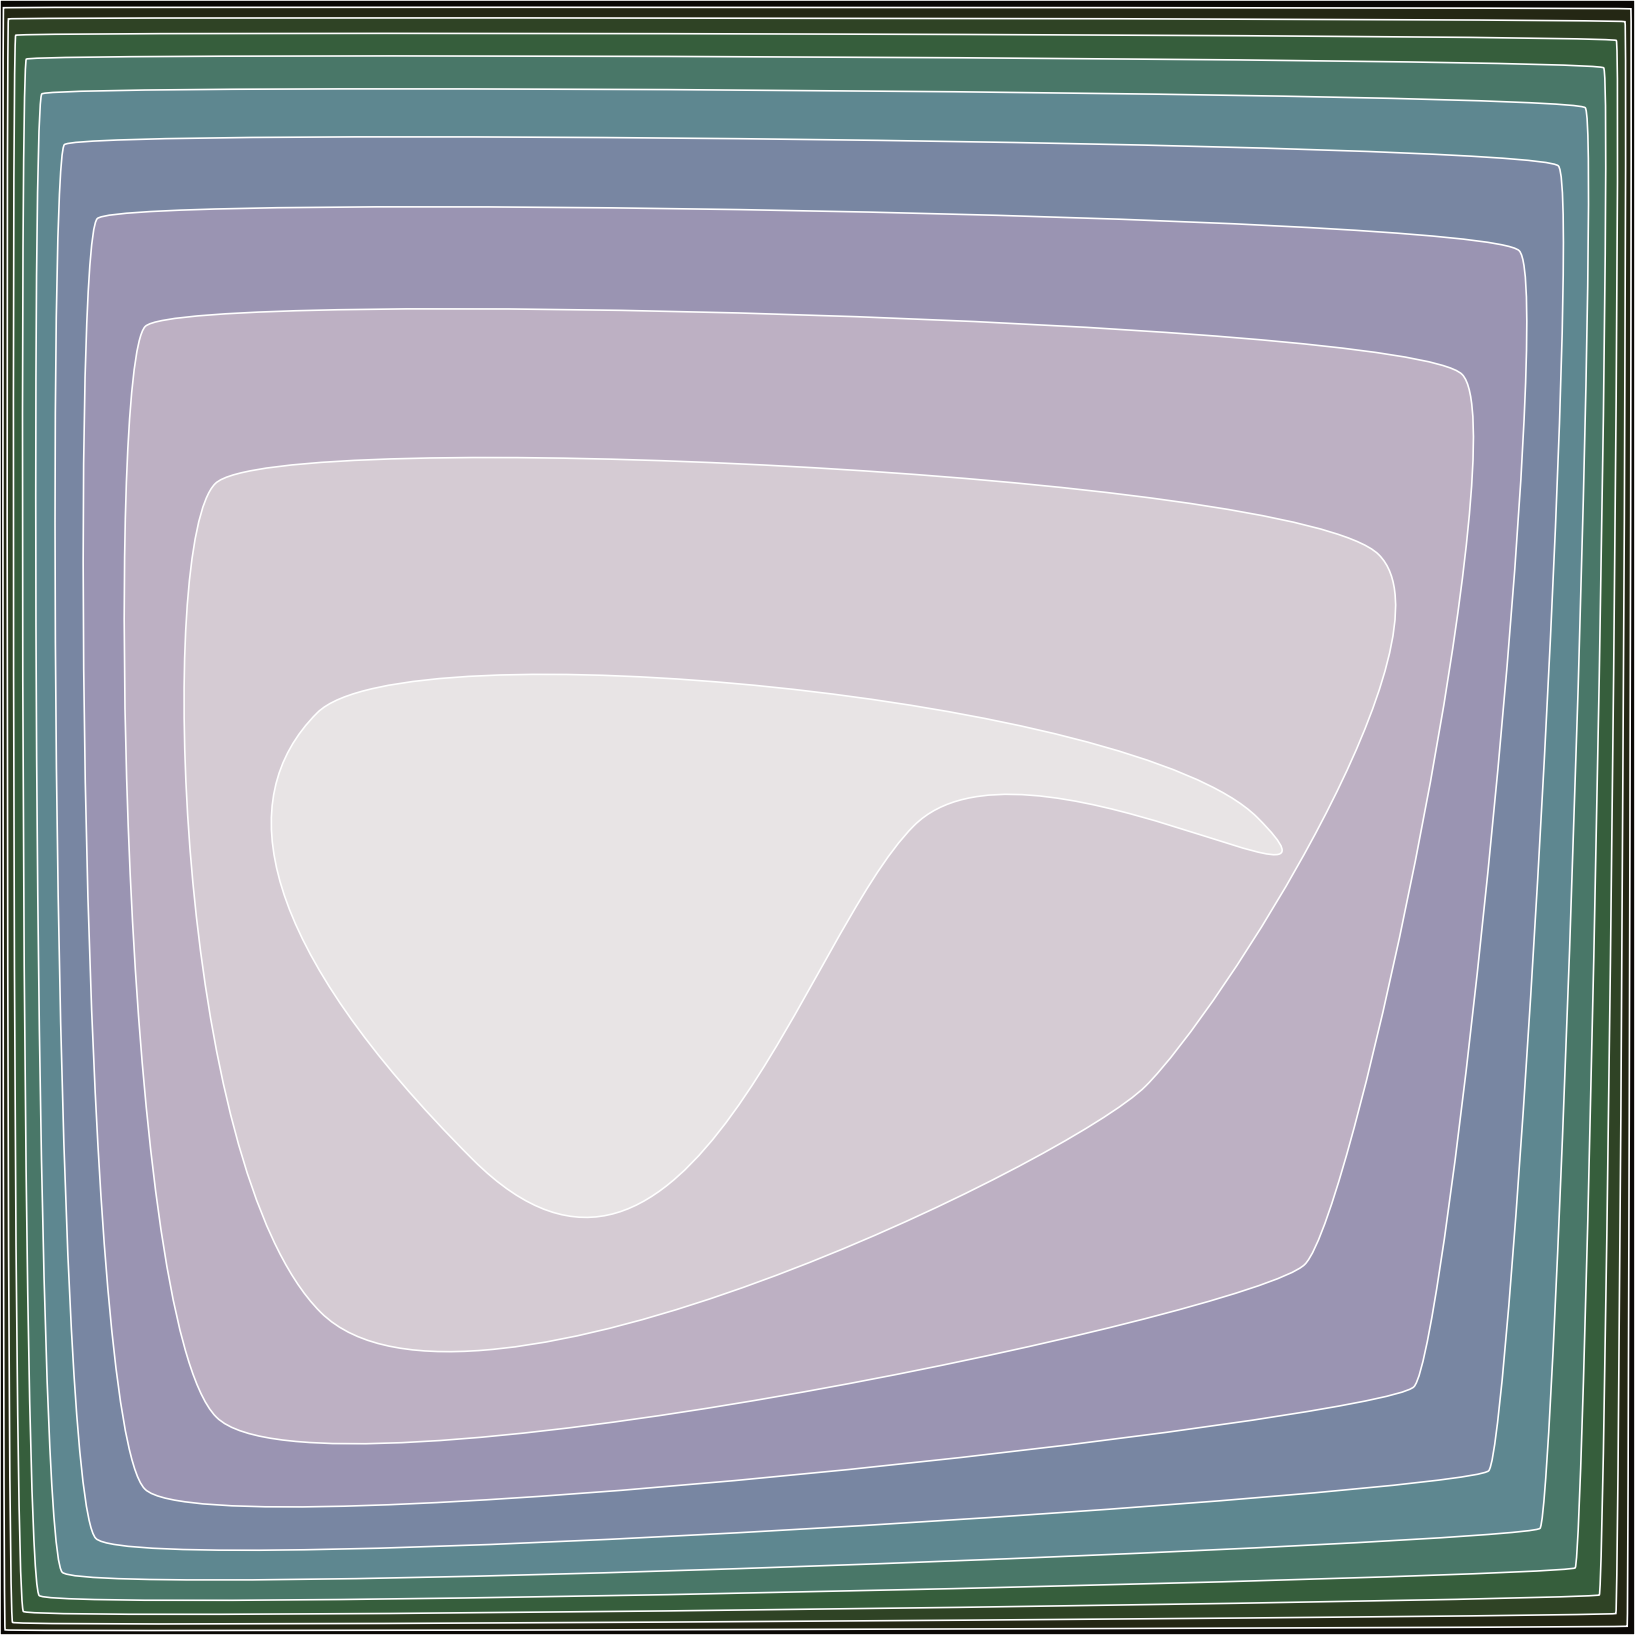

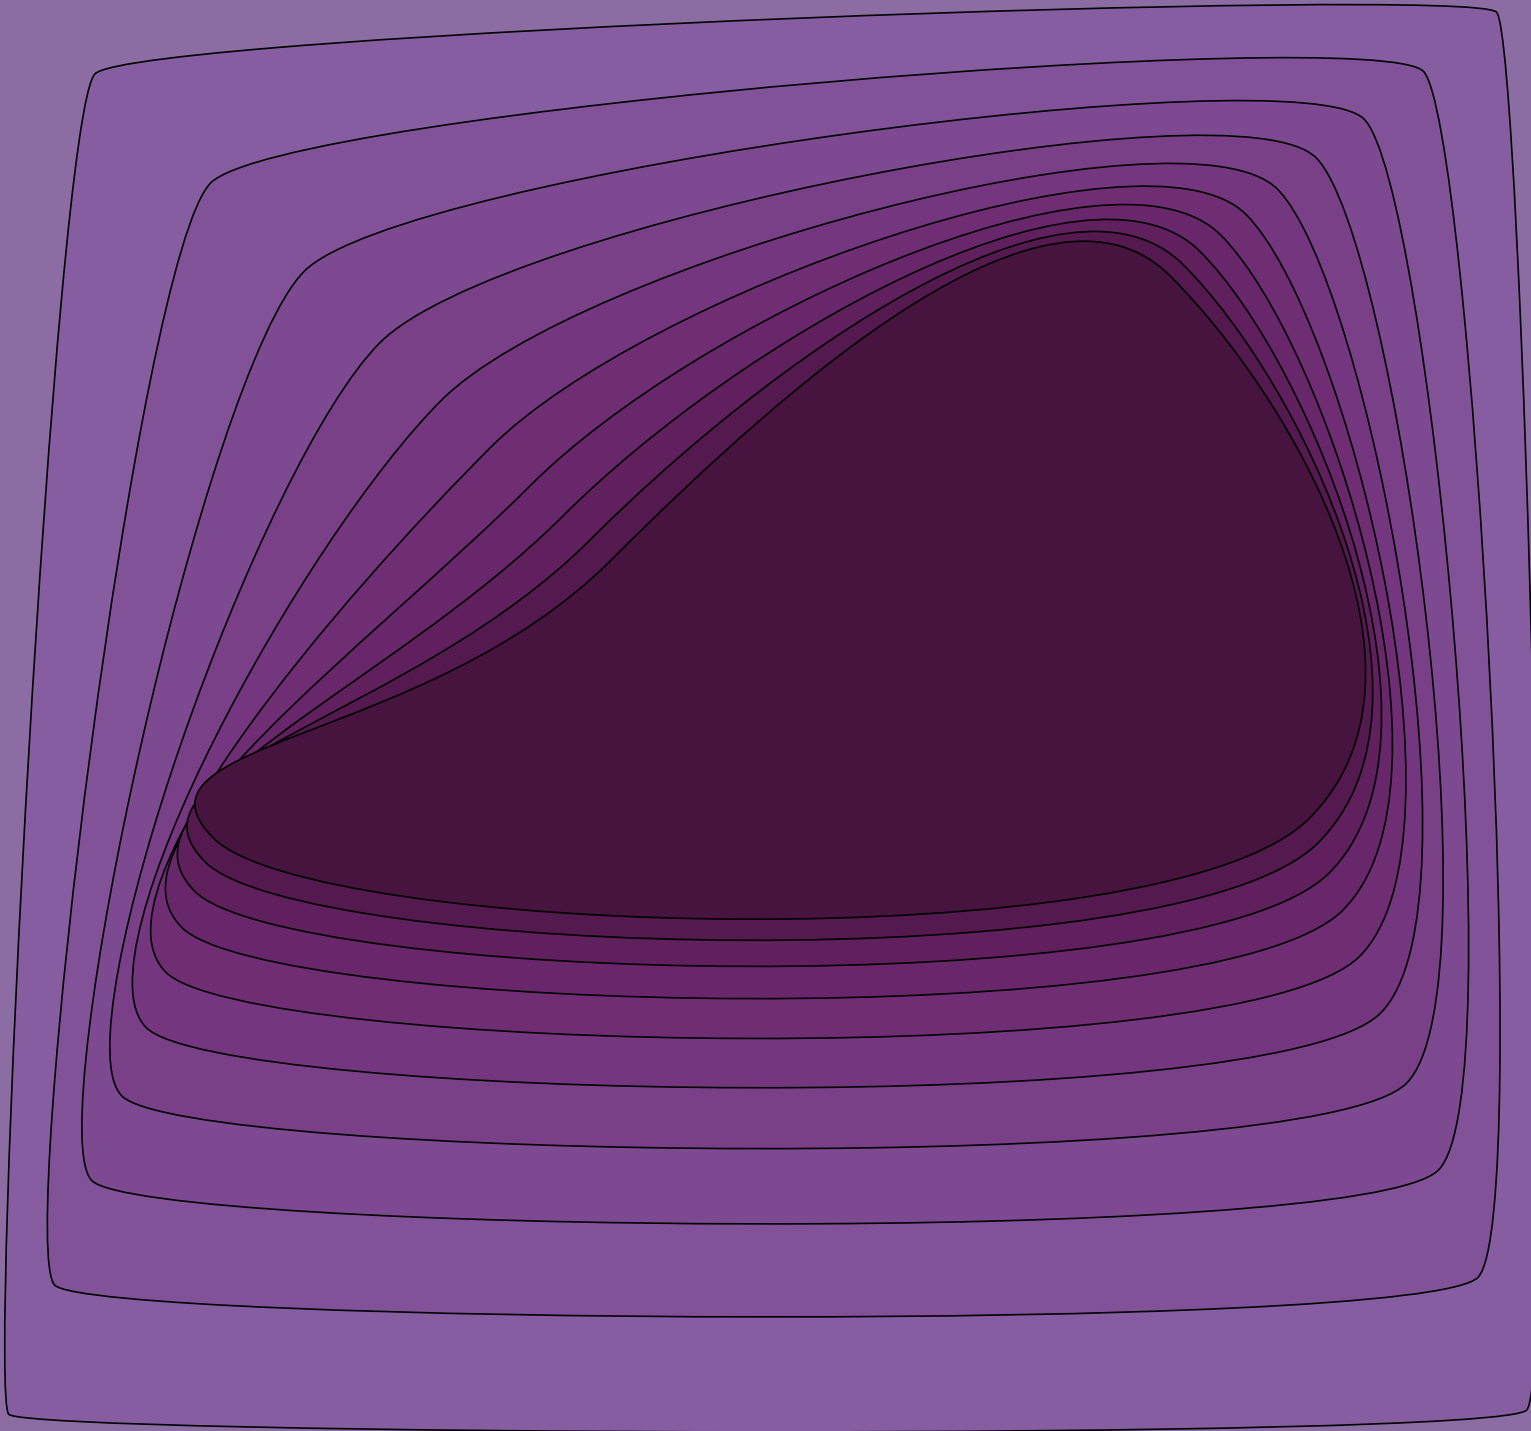

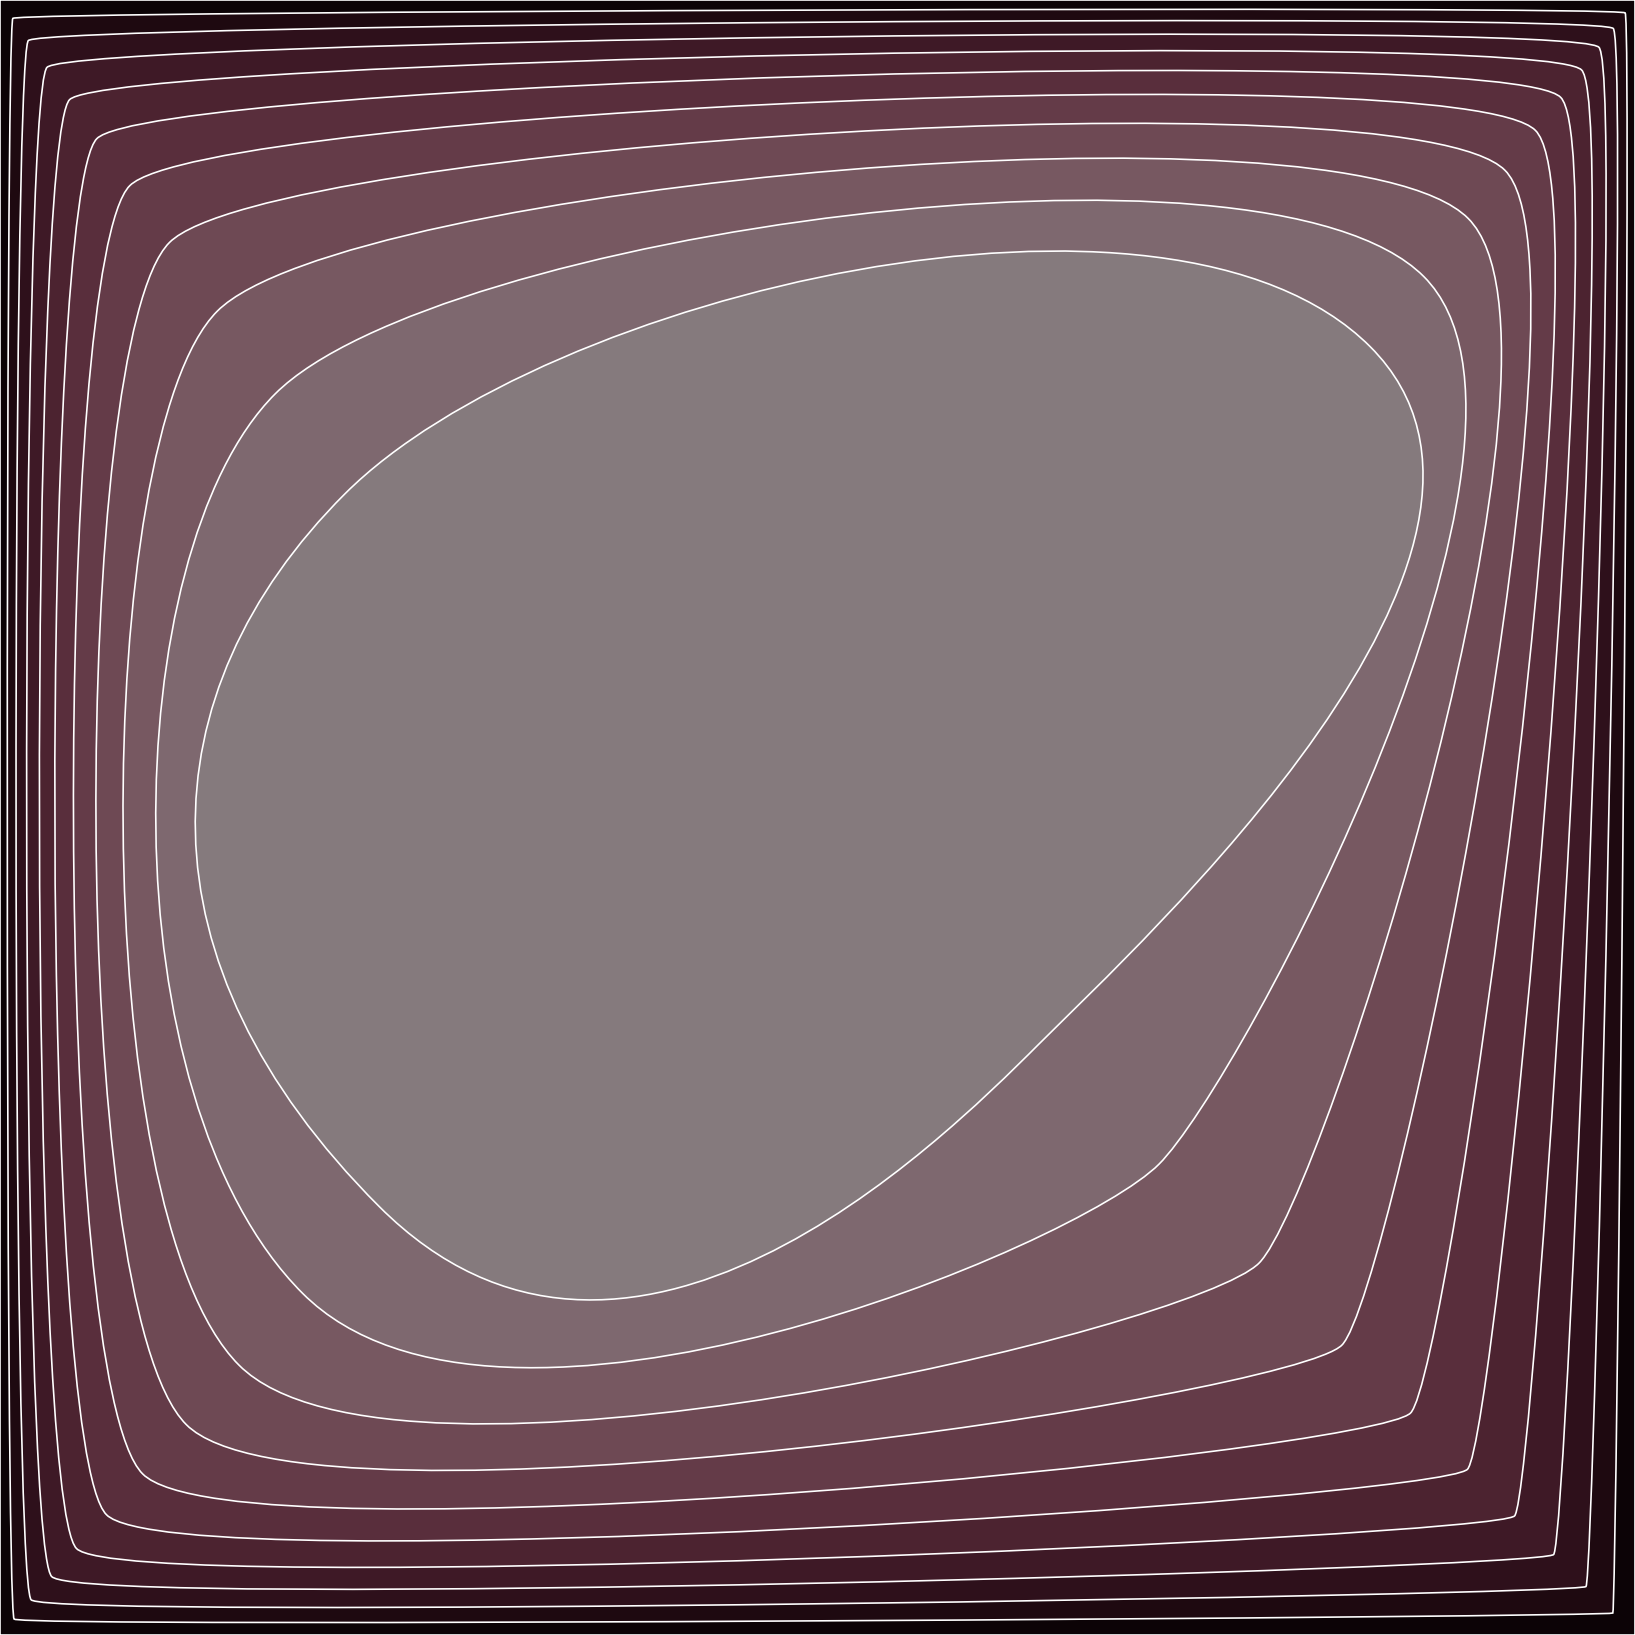

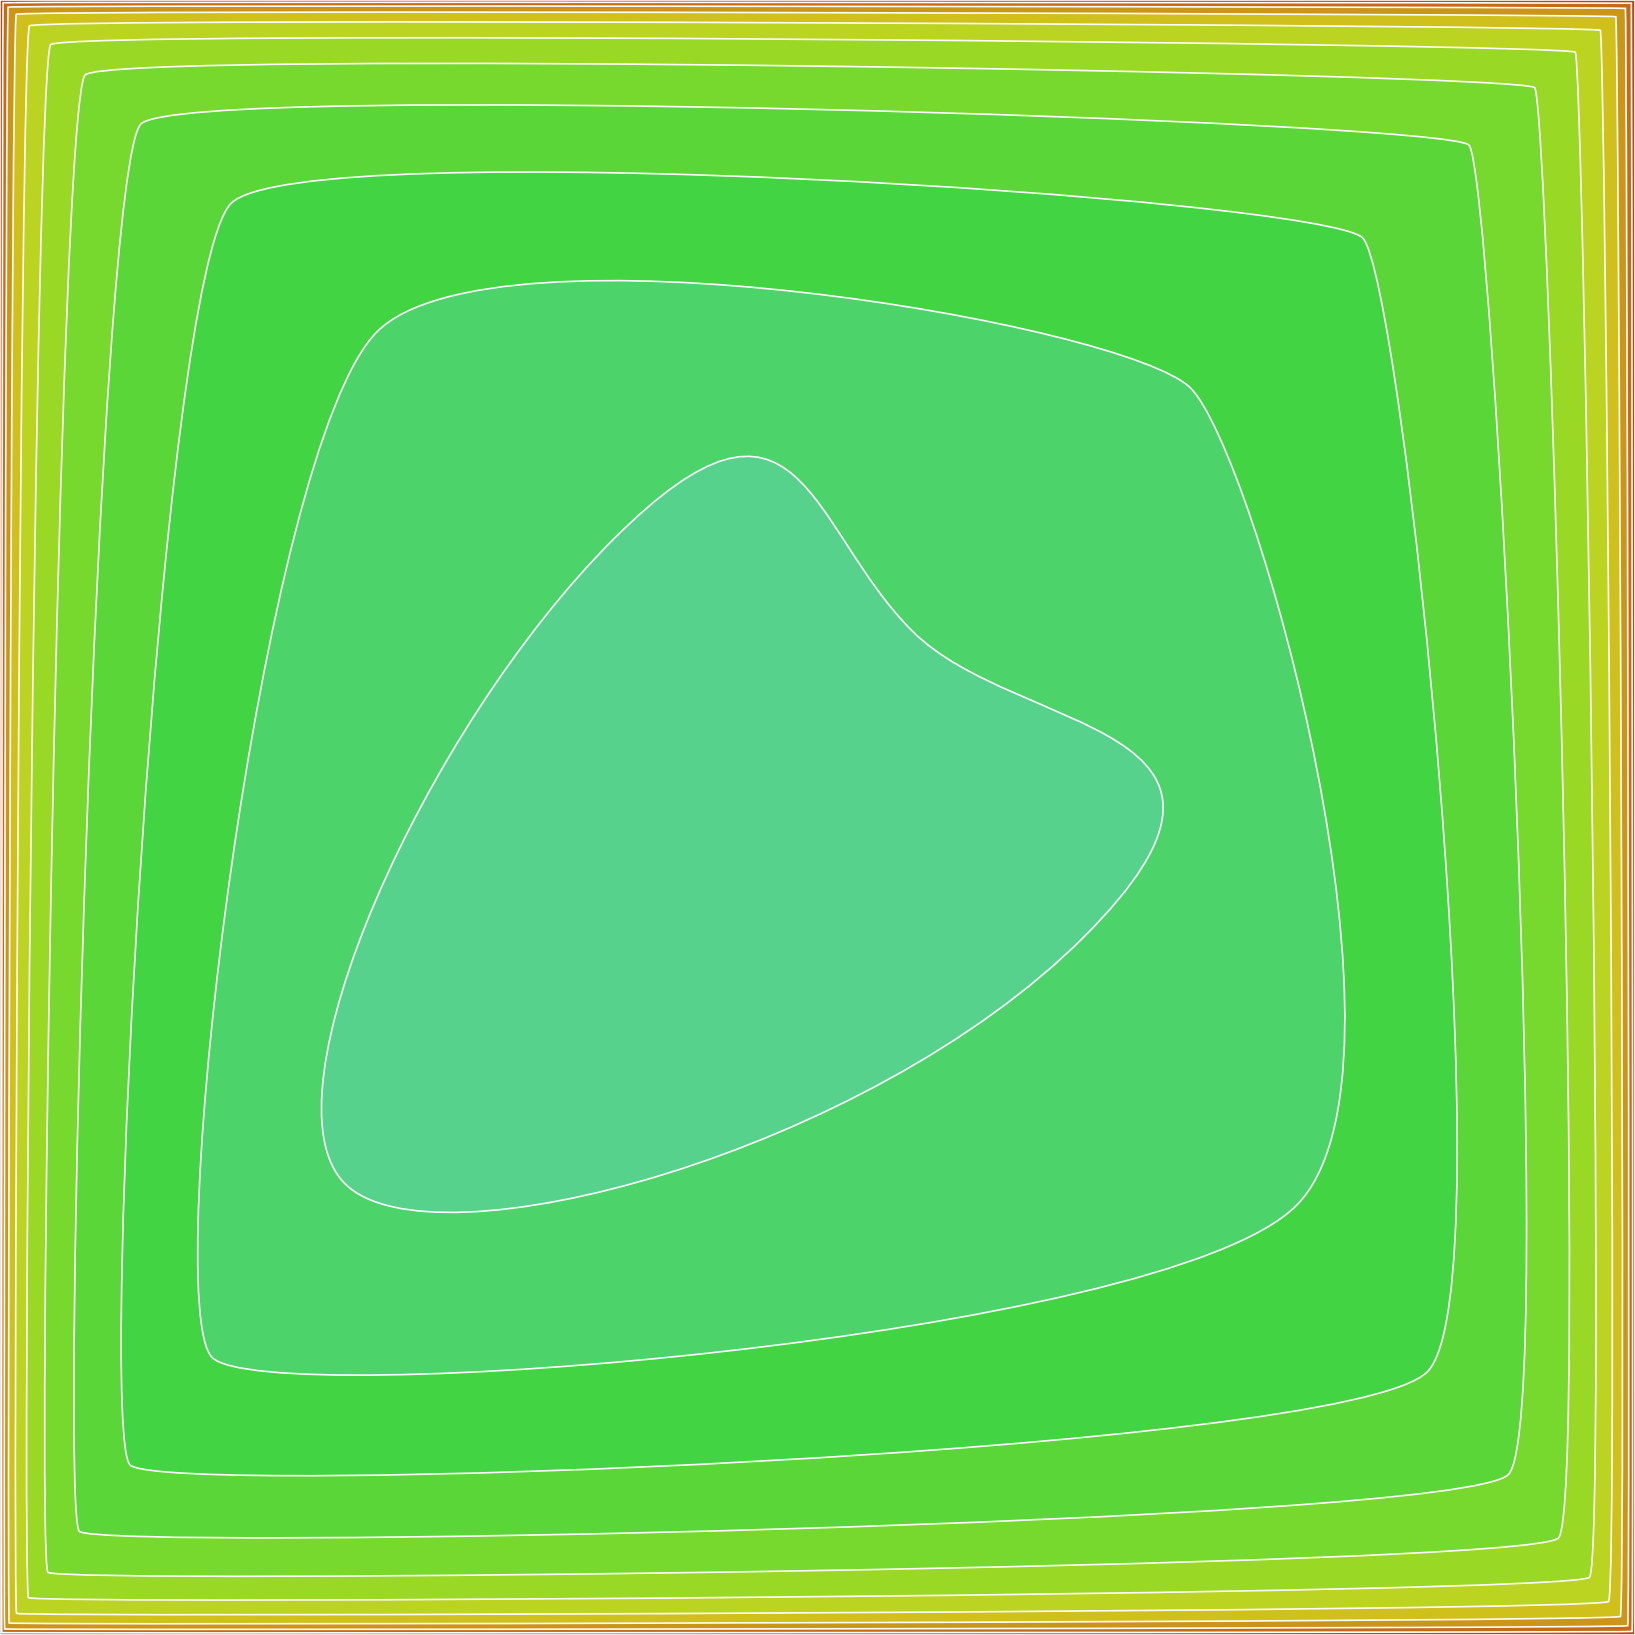

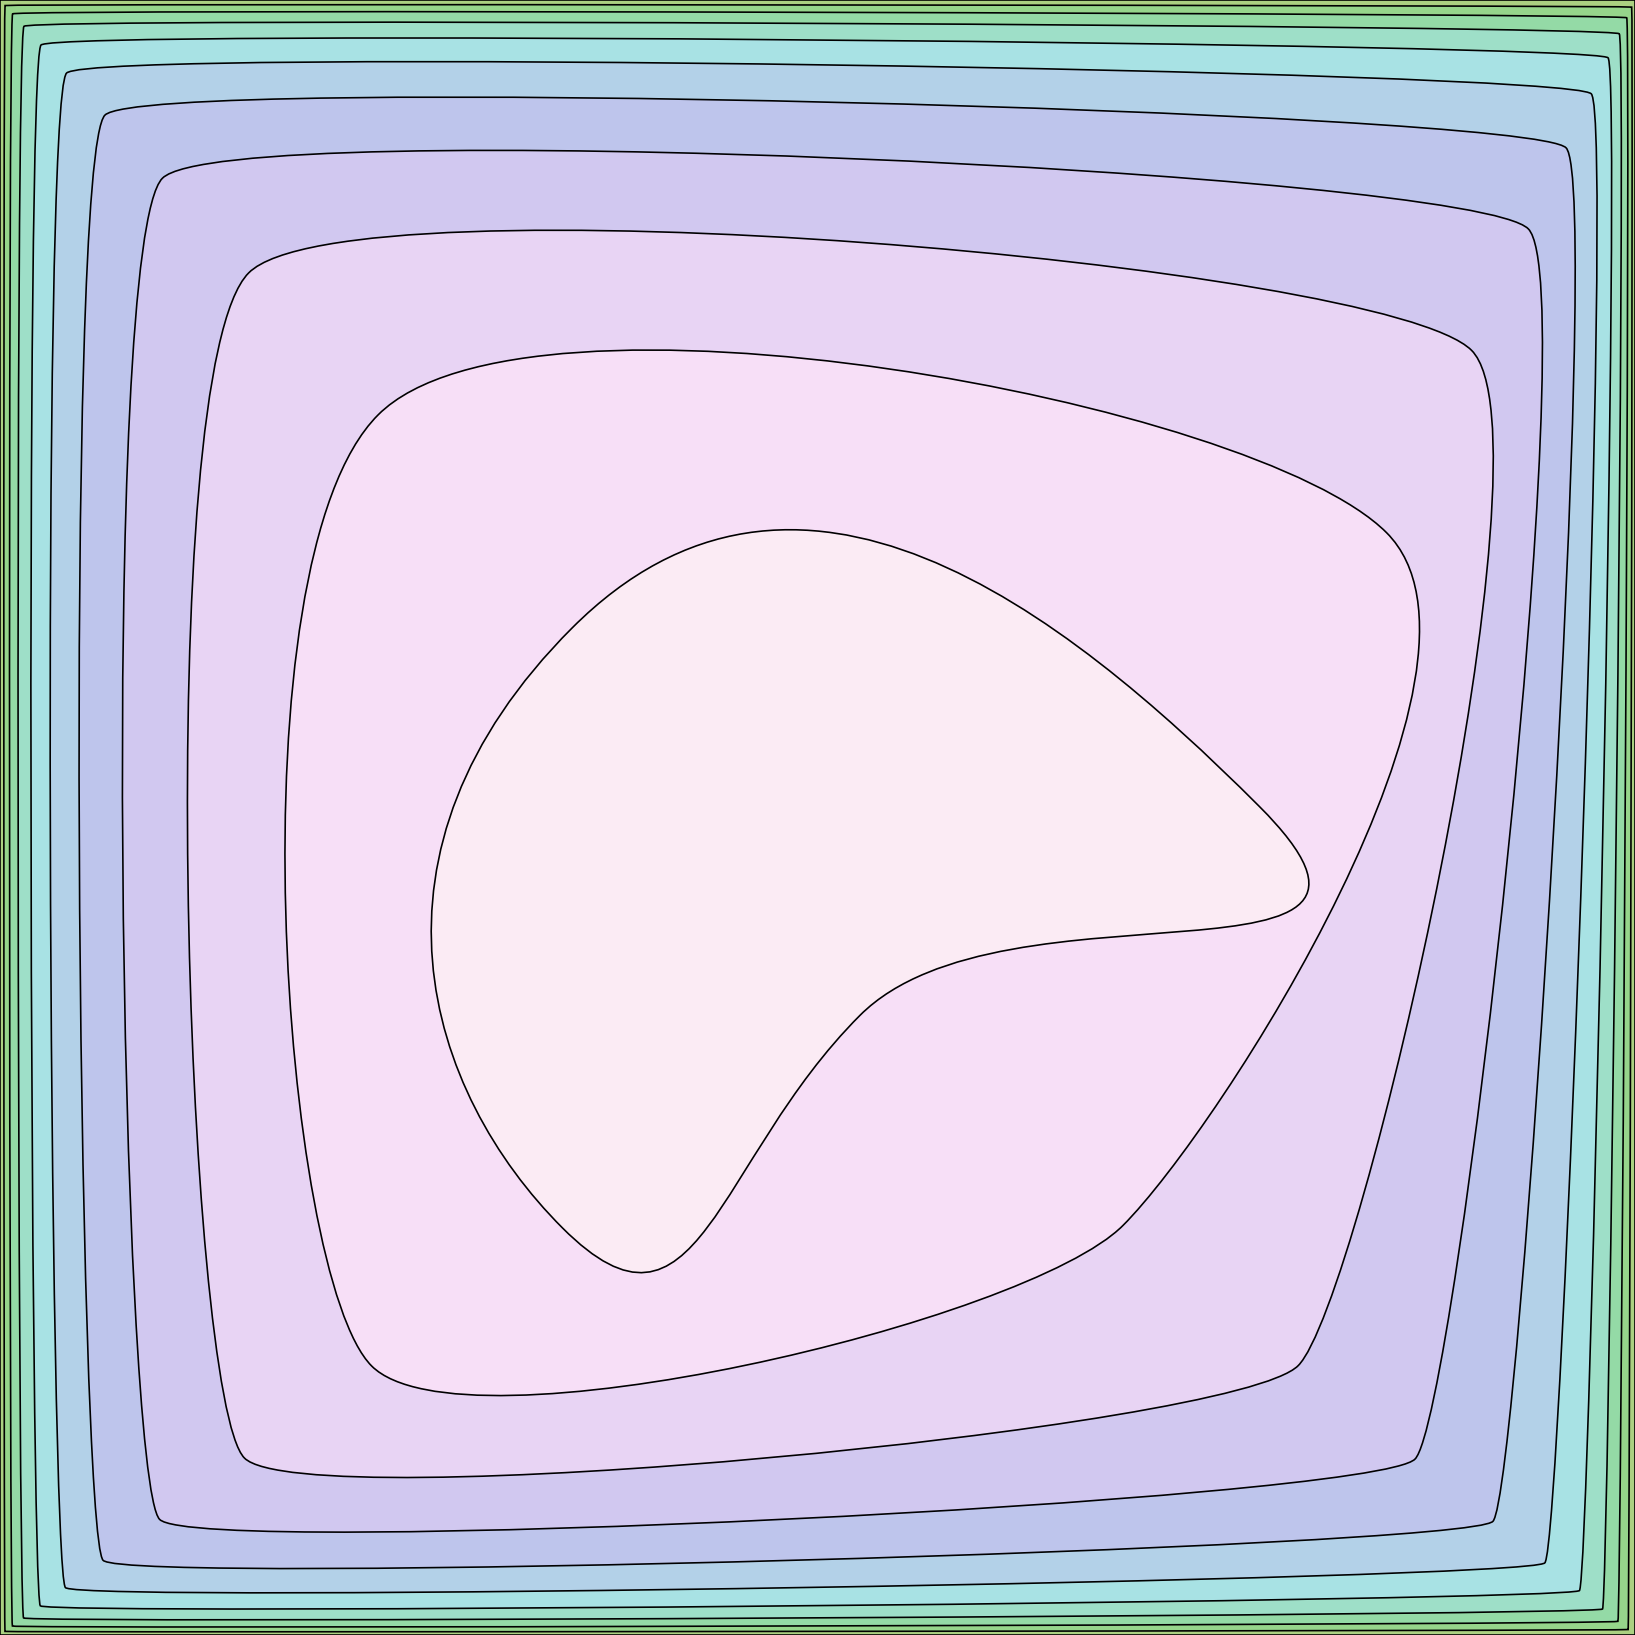

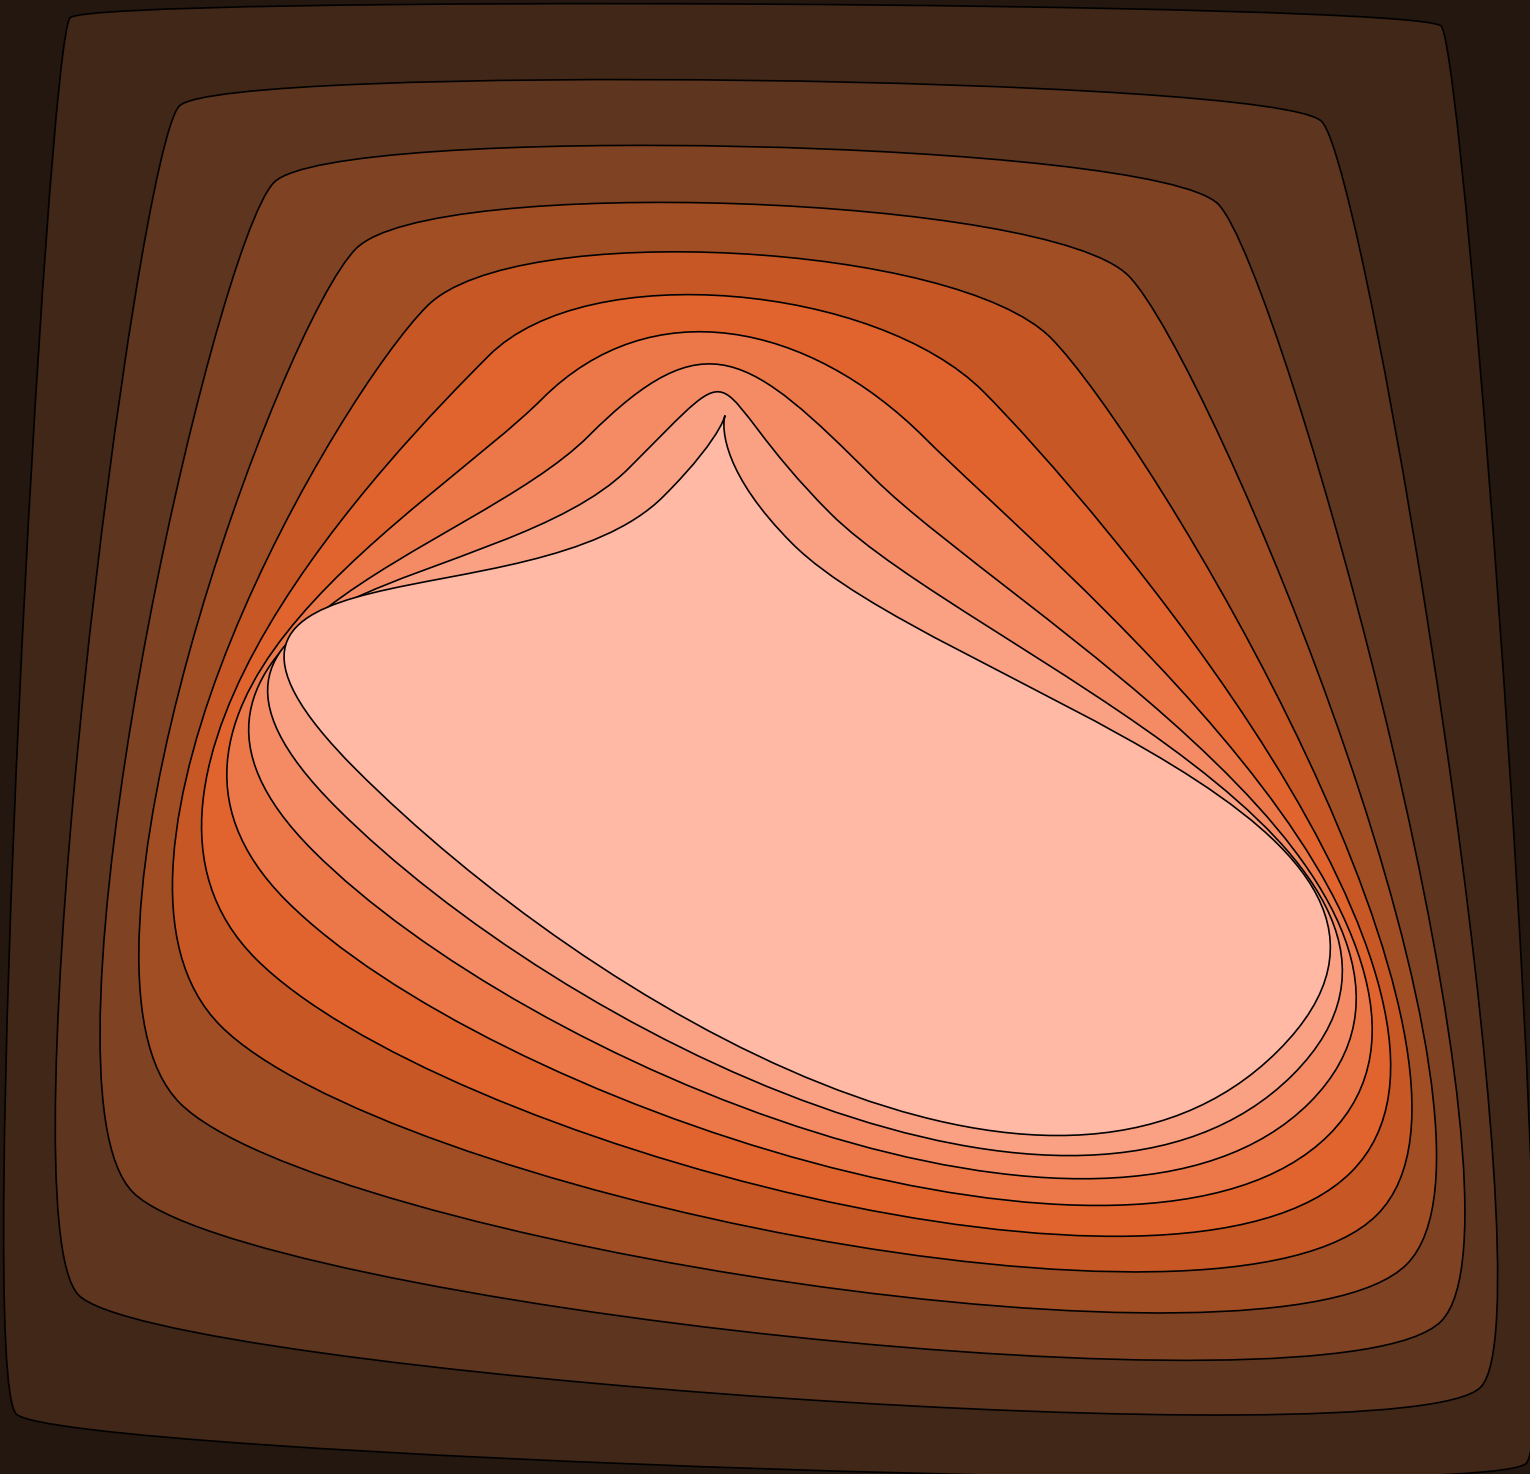

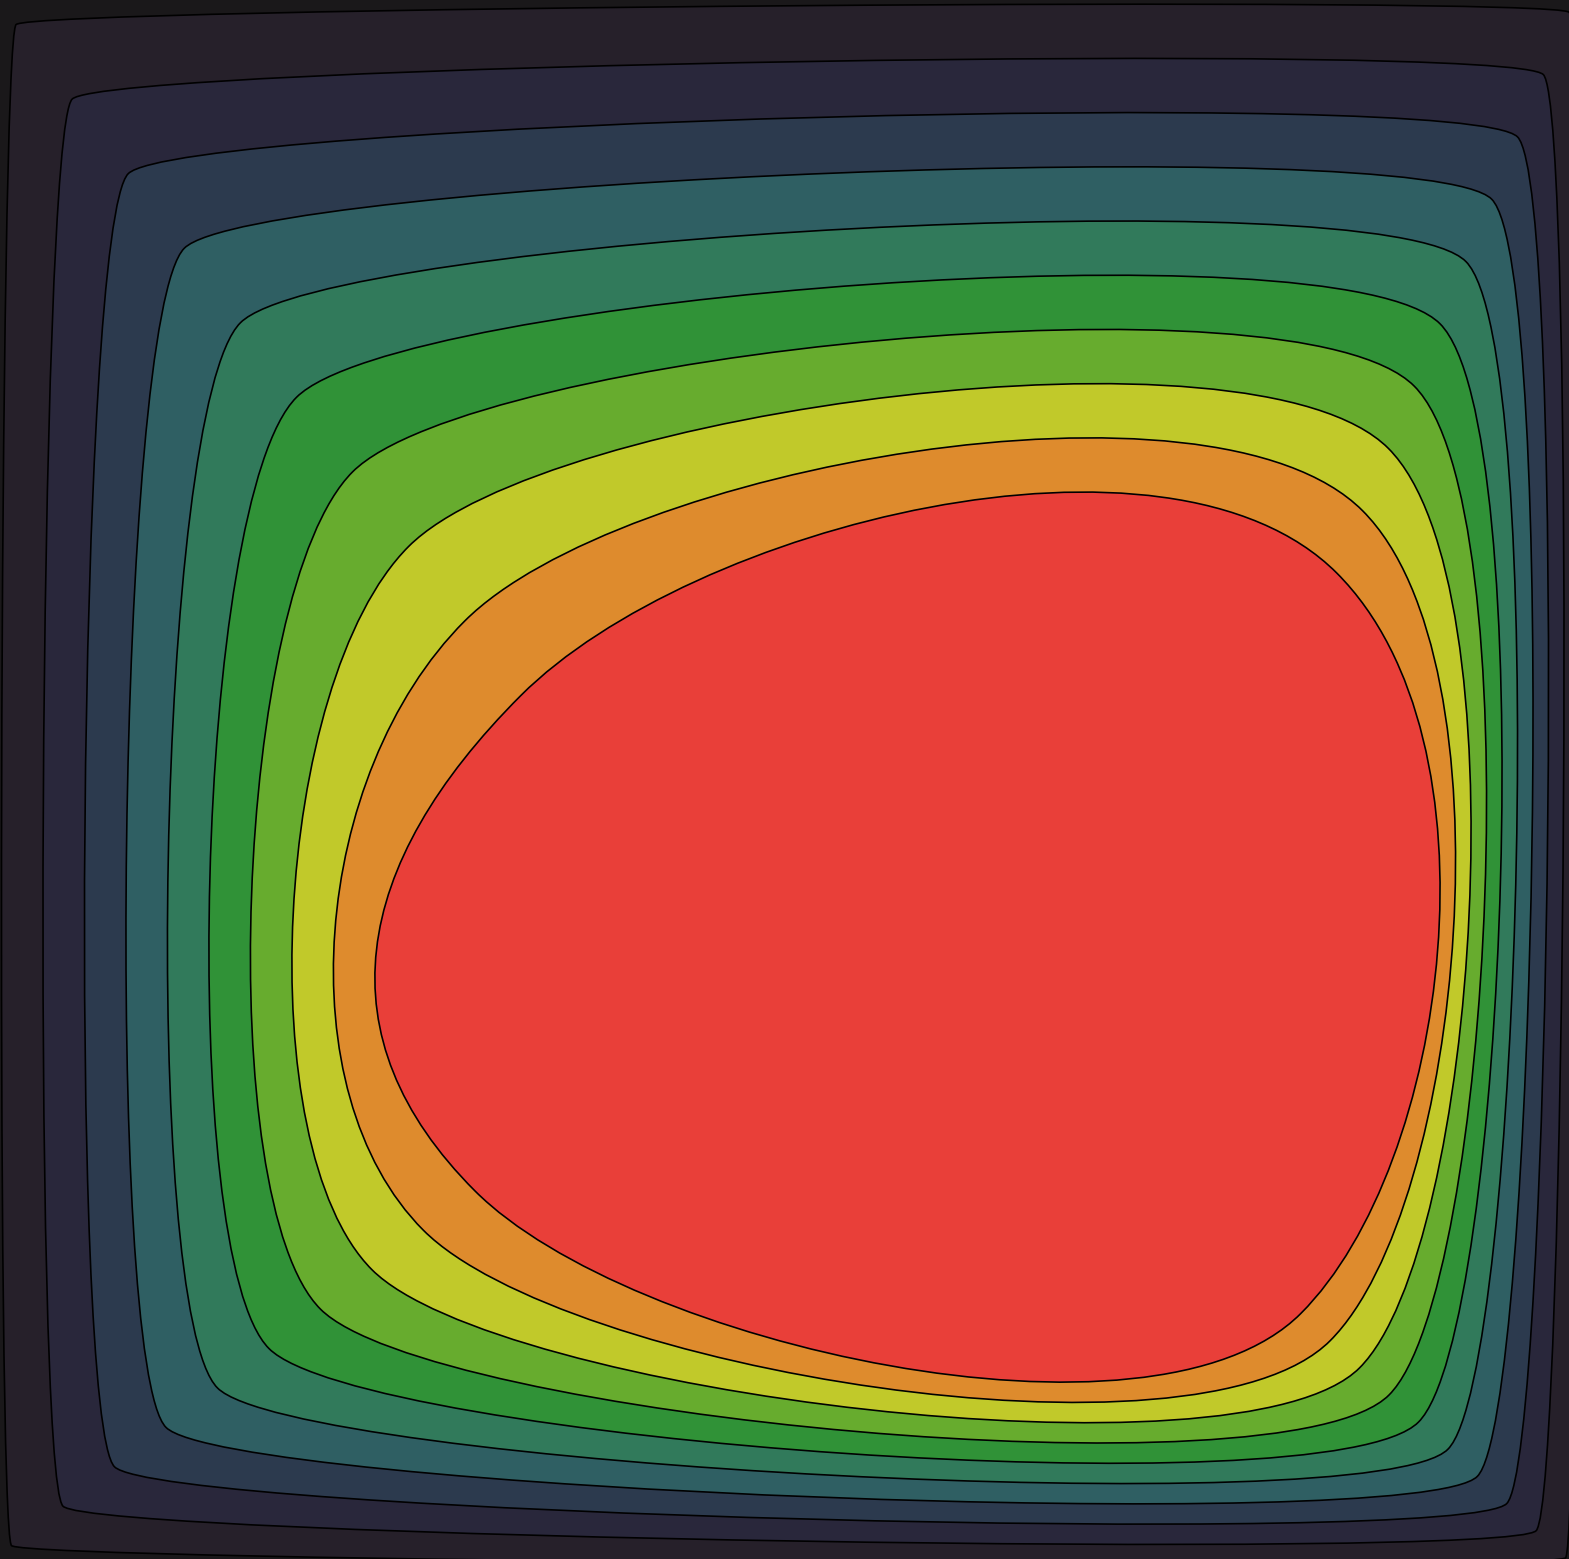

Every day my webserver generates a new book, filled with blobs of a random colour that turn into rectangles in ten steps. The blobs might have a border, and this border, if it exists, is either black or white. The ten steps follow a certain ratio. This ratio is one of the twelve so called excellent orthogons: The Quadrat, the Hemidiagon, the Trion, the Quadriagon, the Biauron, the Penton, the Diagon, the Bipenton, the Hemiolion, the Auron, the Hecton, and the Doppelquadrat.

Created for Vasilis van Gemert — and you — by his webserver.
